FEMALES | BULLS | OPEN HEIFERS | EMBRYOS | SEMEN

**Selling Over  
3,000 HEAD**

**JOE & GALYNN HOYE**  
Villisca, IA 50864

Welcome to the JDH Wagyu Big Event Sale. My wife (Galynn) and I would like to thank you for helping us make this sale a memorable event. We are excited, but yet somewhat saddened to be able to offer you in its entirety the complete and total dispersal of JDH Wagyu. We are over 24 years into our Wagyu business venture and it is now time to make some life changes as we experience the circle of life moments. We have decided to step away from the cattle business and put our main focus on our children, grandchildren and remain consistent with our faith.

We, along with our very able team members, have done all we can to create the finest and very best Wagyu product that we could. In this “The Big Event” Sale you will have the opportunity to select from all segments of our program. There are the elite genetics, the production cow calf pairs, fall bred females, spring bred, open heifers, herd sire prospects, commercial females bred for an F1 Wagyu calf, semen and embryos. All of our inventory will sell in its entirety. In this event we are hoping to bring all segments of the breed together to one event that showcases everything that is good in Wagyu. Diversity has been my goal in the breeding of these sale animals. Particular attention was paid to the inbreeding coefficients specific to the ABCD breeding method in most cases.

We welcome anyone’s inquiry in regards to the sale and we are more than excited to show you what the JDH Wagyu program has created over the years. Come to the farm and take a look at our program prior to the sale if you wish. We will showcase the sale offering via a video platform on Superior and Liveauctions.tv.

If there is anything that anyone in the JDH program or any member of the Wagyu365 team can do, then please feel free to call any of us.

Sincerely,

Joe and Galynn Hoye, JDH Wagyu

The Joe & Galynn Hoye Family

CELEBRATING ALL THINGS  
GOOD IN WAGYU!

JDH Wagyu Inc.  
**THE BIG EVENT SALE**

**3 DAY LIVE ONLINE AUCTION**  
**COMPLETE & TOTAL DISPERSAL ONLINE SALE**

---

**SALE EVENT SCHEDULE**

**SALE DAY 1**

**SATURDAY, APRIL 20TH 9:00 A.M. C.S.T.**

Registered Spring Bred Females	Fullblood & Purebred
Registered Fall Bred Females	Fullblood & Purebred
Registered (18-month old) Open Heifers	Fullblood & Purebred
Elite embryo inventory	

**SALE DAY 2**

**SUNDAY, APRIL 21ST 9:00 A.M. C.S.T.**

Registered Spring & Fall Bred Females	Fullblood & Purebred
Fall bred Recipients	
Registered Spring Yearling Opens	Fullblood & Purebred
Elite Embryo Inventory	Fullblood & Purebred

**SALE DAY 3**

**MONDAY, APRIL 22ND 9:00 A.M. C.S.T.**

Registered Bulls (Herd Sire, 2-year-olds, 18-month old & Yearling)	
Registered Spring Bred Females	Fullblood & Purebred
Unregistered High% Wagyu Females	
Commercial Spring Bred Females	
Commercial Fall Bred Females	
Registered 2023 Fall Born Opens & Bulls	
Semen	Fullblood & Purebred

# CONVENIENCE BUYING

---

## JDH WAGYU INC. WANTS TO MAKE YOUR BUYING EXPERIENCE ENJOYABLE AND CONVENIENT

### 1. CALL US IN ADVANCE

This old-school way is still alive and well at JDH Wagyu Inc. Everyone on the Wagyu 365 Team is here to help you. When your schedule or travel plans make it impossible to join us, please just take a quick moment and give us a call at 254.697.4401, or call any of the folks listed on page 6. We are all here to help you. We can visit about the cattle that interest you and, if you'd like, we can even offer an opinion. In other words, please share with us what you would like to do and we will arrange it per your instructions. It is simple, easy, convenient and fun, and satisfaction is guaranteed. Plus, you may have made a forever friend.

### 2. REAL-TIME PHONE BIDS

Not quite as old-school as calling us in advance of sale day but still a tried and true method of buying sale cattle, particularly if you don't have reliable high-speed internet. Call any of your friendly Wagyu 365 contacts on page 12. Also, you may call Superior Productions at 800.422.2117.

### 3. ONLINE BIDS

Technology does have its advantages and it's pretty cool. We aim to be on the cutting edge of all technology, allowing us to better serve you. If you have high-speed internet, may we suggest the online bidding platform of Superior Productions, which you can find at [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com).

### 4. LARGE SELECTION

The JDH Wagyu Complete and Total Dispersal will be one of the largest offerings of Wagyu bulls in the United States this year, if not the largest. This means high-quality wagyu genetics will be available in volume at every price range.

# BUYING FROM HOME

## TURN IN BIDS OVER THE PHONE

This is Superior's traditional method of buying cattle and is the suggested process for anyone who does not have consistent, high-speed internet. You must register an account online and request a buyer's number for the JDH Wagyu Inc. auction at [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com) or [LivestockAuctions.tv](http://LivestockAuctions.tv). Once you request a buyer number for the JDH Wagyu Inc. auction you will be provided the call-in bid line phone number. Once you are registered for the auction please call at least 2 lots ahead of the lot you are looking to purchase. A Superior Livestock representative will be with you on the phone and assist you in placing bids.

## ONLINE BIDDING

Buyers now have the option to bid online at [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com) or [LiveAuctions.tv](http://LiveAuctions.tv). Click-To-Bid has been replaced by Superior's new bidding platform, [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com). If you have not registered at [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com) or [LiveAuctions.tv](http://LiveAuctions.tv) you will need to create an account and then request a buyer number. Buyer numbers will be given immediately on either platform upon correct registration AND your buyer number request. Also, [LiveAuctions.tv](http://LiveAuctions.tv) is a division of Superior Livestock and login credentials will work for both platforms. You may also watch a tutorial of how to register and bid online at [Bid.SuperiorLivestock.com/how-it-works](http://Bid.SuperiorLivestock.com/how-it-works).

## VIEWING THE AUCTION

The auction will be broadcast on line at [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com) and [LiveAuctions.tv](http://LiveAuctions.tv). You do not need an account on either platform just to watch the auction. You can also go to the homepage of [SuperiorLivestock.com](http://SuperiorLivestock.com) and click "Watch the Auction" to view it on YouTube.

## AUCTIONEERS

**RYAN DORRAN**  
403.507.6483

**EDDIE BIRKS**  
270.991.6398

**CHISUM PETERSON**  
605.730.4214

We have made preparations to bid and buy livestock through Superior's new bidding platform, [Bid.SuperiorLivestock.com](http://Bid.SuperiorLivestock.com), for those unable to attend in person on sale day. Please note that all the lots in the sale will also be available for viewing online prior to sale day at: [BID.SUPERIORLIVESTOCK.COM](http://BID.SUPERIORLIVESTOCK.COM)

**IF YOU NEED ASSISTANCE WITH REGISTRATION OR WITH EITHER BIDDING PLATFORM, PLEASE CALL SUPERIOR AT (800) 422-2117.**

# SALE TERMS

---

## SALE ORDER & SUPPLEMENTAL INFORMATION

Sale order is catalog order! Any additional information or corrections to the printed sale catalog will be available online at Bid.SuperiorLivestock.com and LiveAuctions.tv.

## ANNOUNCEMENTS

Any announcements from the sale block will take precedence over printed material.

## INSURANCE

Insurance will be available through Grassroots Genetics. To insure your purchase contact Claire at 765.404.8458.

## TRUCKING

Please notify Randy Lathrop, 847.910.4673 if you need assistance with trucking.

## DESCRIPTIONS & FOOTNOTES

The W365 team has compiled the footnotes in this catalog to the best of their ability. Any printed or announced information is to be the best of the knowledge of the Wagyu365 team and JDH Wagyu Inc.

## HEALTH PAPERS

All live cattle sold will be accompanied by an appropriate health paper for shipment. Additional health testing may be required from some locations. A veterinarian will be able to write any additional health work needed on any purchases.

## REGISTRATIONS & TRANSFERS

As soon as the cattle are paid for, the cattle sold will be transferred (registrations) to the new owners through the offices of the American Wagyu Association within a reasonable time and the fee is paid for by the seller.

## GENETIC CONDITIONS

Log onto wagyu.org and go to the animal search to see any available results of the genetic testing on the lot selling.

## GUARANTEES OF CATTLE SELLING

This is a final and total dispersal sale. All the cattle registered thru the American Wagyu Association have a Fullblood or Purebred number and have been DNA verified. JDH Wagyu Inc. recommends each buyer run the cattle DNA again and verify results before using any sire and/or female in transplant. JDH Wagyu Inc. has done the best job possible to represent the cattle to the Buyer, however, the lots are not selling with a guarantee. There is also no guarantee in the breeding info that is presented. JDH Wagyu Inc. will tell the buyer what bulls they think are bred to what cows. When the cows calve, the buyer can send in the DNA to those sires, but JDH Wagyu Inc. cannot guarantee results.

Any of the bulls that are old enough will have been "SEMEN" and "TRICH" tested. The younger bulls have not been tested. There are no guarantees on any of the bulls. JDH Wagyu Inc. recommends an independent test be performed before the buyer turns out the bull.

R&R Marketing Company Auction will be conducted under Randall O. Ratliff, DBA R & R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond # 7901027402 (U.S. Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers & Stockyards Program)

# FOR ALL ONLINE BUYERS

## BUYER PARTICIPATION AGREEMENT AND AUCTION TERMS

### ALL SALES ARE FINAL

This is a complete and total dispersal auction, and ALL SALES ARE FINAL. All lots must be paid for within 72 hours following the conclusion of the JDH Inc. Complete & Total Dispersal Sale and all cattle must be picked up and/or delivered by Monday, April 29, 2024. All buyers are welcome to pay by check overnight via UPS or FedEx to Superior Livestock or wire transfer. Wiring instructions and address for overnight checks are listed below. NO cattle or genetic materials will be released until payment is received.

### WINNING BIDDER

If you are a winning bidder, please follow these closeout steps:

- 1.) You will receive a buyer invoice via email from Superior Livestock (please check your spam).
- 2.) Once the invoice is received, please overnight a check via UPS or FedEx or wire transfer payment to Superior. If you overnight a check, be sure to keep a copy of the tracking number. Also, note that the addresses are NOT the same for overnighting the check as wiring the money.
- 3.) Payment options:

CHECK PAYMENT – Overnight checks to:  
Superior Livestock Auction  
3320 E Interstate 20, Hudson Oaks, TX 76087

WIRE TRANSFER – Wire to:  
Bank of Colorado  
301 Clayton Street, Brush, CO 80723  
Routing Number: 107002448  
Credit to: Superior Livestock Auction,  
Oklahoma City, OK  
Account Number: 4110169270

- 4.) Once your payment has been processed, you will be contacted by Superior to confirm. Buyers are responsible for any cost pertaining to transportation of the live cattle or shipping of genetic material. If you need assistance with trucking, Randy Lathrop, Lathrop Trucking, Inc., 847.910.4673. Each animal will be verified to the buyer and must have a “paid” invoice. Health papers will be provided by sale management company for load-out.
- 5.) No live cattle are allowed to leave the said location(s) with a new buyer/owner unless payment has cleared. All cattle must be off all properties by Wednesday, May 1, 2024.

Contact Phone Number for all invoice and payment questions: Superior Productions 800.431.4452

**THIS IS A LARGE SCALE EVENT. PLEASE BE PATIENT DURING THE CLOSE OUT PROCESS AFTER THE SALE.**

# GENETIC ANALYSIS & EBVs

---

## AUSTRALIAN WAGYU GENETIC ANALYSIS

### AUSTRALIAN WAGYU GENETIC ANALYSIS

Wagyu BREEDPLAN is the genetic evaluation program implemented by the Australian Wagyu Association, which uses Best Linear Unbiased Prediction (BLUP) technology to produce Estimated Breeding Values (EBVs) of performance and pedigree recorded cattle for a range of economically important production traits (e.g. weight, carcass, fertility). More than 600 scientific publications have been produced describing BREEDPLAN and its implementation for driving genetic progress across cattle breeds.

Wagyu BREEDPLAN includes pedigree, performance and genomic information from the Australian Wagyu Association's database, which is the largest globally available Japanese Black database, to evaluate the genetic merit of animals.

The Wagyu BREEDPLAN analysis provides the most thorough and accurate assessment of fullblood Wagyu genetics available outside Japan. The analysis includes over 250,000 registered Wagyu animals with 170,000 dams and 24,000 sires. In addition, there are 59,000 animals with birth weights, 64,000 with weaning (200-Day) weights and 48,000 with 400-Day weights. Carcass data includes 29,000 carcass weights, 19,000 carcass EMAs and a total of 27,500 carcass AUS Meat marble scores, camera marbling percent and camera fineness index measures.

## ESTIMATED BREEDING VALUES (EBVs)

An animal's breeding value is its genetic merit, half of which will be passed on to its progeny. While we will never know the exact breeding value, it is possible to make good estimates based on the performance of the animal and its progeny. These are called Estimated Breeding Values (EBVs) and are therefore the best estimate of an animal's genetic merit. EBVs are expressed as the difference between an individual animal's genetics and a historical genetic level (i.e. group of animals) within the Wagyu BREEDPLAN genetic evaluation and are reported in the units in which the measurements are taken.

Estimated Breeding Values for an animal may change as additional performance data or genotype information is provided for that animal or animals within that animal's pedigree. It is not unusual for EBVs to change, particularly where the EBVs are low accuracy (<50%). For hard to measure, or traits that can only be measured late in life, such as carcass and meat quality traits, EBVs provide the best estimate of an individual's genetic merit early in life to help inform management decisions.

Submission of performance data can have a large bearing on the estimate of an animal's genetic merit over its life and this will impact the genetic merit of the animal's progeny. As the accuracy of an EBV improves over time (along with more data and genotype information), EBV values will be more constant.

**SCAN ME FOR JDH EBVS**

Scan the QR code to visit the Australian Wagyu Association sales hub, and  
CLICK ON THE JDH Dispersal Sale to view all EBVs for lots registered with the AuWA.

# MAYURA L0010 ET

## PROGENY — LOTS 1 - 14

### THE MAYURA BRED WORLD SUPER SIRE

MAYURA L0010, simply known as L10 is a Mayura bred World Super Sire. His progeny have dominated public sales in the US for several years with an L10 daughter selling for \$100,000 and two L10 sons selling for over \$150,000 in 2022. L10 progeny are at the top of every major sale. He is a leader in the BREEDPLAN Selection Indexes for Wagyu Sires. L10 is the son of Mayura Itoshigenami Junior 0139, who has the title of The King of Australian Wagyu Sires. L10's pedigree combines the genetics of JNR with TF151 Itozurudoi, Kanadagene 100, and the Aizakura maternal line. The Aizakuras are a leading maternal line from Takeda that has produced proven sires Macquarie Wagyu C1176, TF Itohana 2, Blackmore Aizatzurudoi Y398, and Blackmore Dai Ichi Kikuzakura H017! L10 is a very well-balanced sire that combines growth, maternal, and carcass trait improvements into one complete package.

# WORLD K'S SHIGESHIGETANI

## PROGENY — LOTS 16 - 22

### IMPROVING CARCASS TRAITS

World K's Shigeshigetani (FB2907) is a proven sire for improving carcass traits. He produces large ribeyes and has excellent marbling. His dam is the legendary Suzutani and his sire is Haruki II. Shigeshigetani carries the Kumanami strain, which is famous for its strong marbling genes. World K reported on 3,800 F1 Shigeshigetani sired carcasses that 90% graded 3 full grades above USDA prime. The remaining 10% graded Prime to Prime +, and these impressive results remain consistent a decade later. World K's Shigeshigetani tends to produce tall, long, thick cattle with pleasant dispositions.

## PROGENY — LOTS 23 - 24

### BUILT FOR GROWTH

TF148 Itoshigenami (FB3682) was sired by Shigeshigenami, and his dam was Fukuyuke. His sire was born from a double crossing of Shigekanenami on both sides to enhance marbling. Itoshigenami is 75% Tajima, with a little Shimane and Kedaka in his blood as well. His average carcass weight is 970 pounds, and his average beef marbling score is 8.6 out of 9 on the Australian marbling scale. Itoshigenami consistently sires calves that grow well and have great marbling and dispositions, just like their sire.

# WORLD K'S HARUKI 2

## PROGENY — LOT 25

### RARE GENETICS

World K's Haruki 2 (FB1614) is a balanced bull: 56% Tajima, 13% Itozakura, 19% Shimane, and 6% Kedaka. He's a half-brother to Michifuku, who was sired by the same bull (Monjiro 11550). His dam is Sakura 2 J741638. Because of his well-rounded genetics, Haruki 2 was bred to one of the greatest Wagyu heifers, Suzutani. This resulted in Shigeshigetani, who transmits excellent ribeye and marbling ability. Haruki 2 calves grow into well-balanced cattle with great dispositions. His daughters have more milk than those from other bulls. Semen can be difficult to locate.

# WORLD K'S YASUFUKU JR

## PROGENY — LOT 26

### HIGH RATINGS IN RIBEYE & MARBLING

World K's Yasufuku JR is the son of Yasufuku J930, who sired three of the top marbling bulls in Japan and sired one champion and is the grandsire of two more champions in the 9th Zenkoku All-Japan Wagyu Competition (“Wagyu Olympics”). Yasufuku JR's dam is Kaneko 5. Yasufuku JR has produced many calves, and this particular sire has been a major contributor to the Japanese Black Wagyu breed. Yasufuku JR is a highly proven sire that transmits large ribeyes and excellent marbling.

# WORLD K'S SANJIROU

## PROGENY — LOT 27 - 28

### PRIME +++ ON THE USDA SCALE

Sanjirou is another amazing son of the incredible dam Suzutani, who was imported directly from Japan. His is sired by the great Michifuku and consistently produces huge ribeyes, excellent marbling, tender meat quality, and high yield to his offspring. World K tested this bull in Australia, and the results were Prime +++ on the USDA scale. Sanjirou calves are thick and attractive, with great dispositions. All the major breeders have used this bull in their herds to breed females, and this sire has many sons that have made a mark on the Wagyu breed. Embryo production only.

# KITATERUYASUDOI J2810

## PROGENY – LOT 29

### MARBLING AND FRAME

ETJ003 Kitateruyasu Doi J2810 (FB686) is sired by Terunaga Doi (FB685), and his dam is Yoshimi 3 (FB684). Both his paternal grandsire and maternal greatgrandsire are Kikuteru Doi. Kitateruyasu Doi also traces back to Yasumi Doi J1028 and Yasutani Doi J472. Kitateruyasu Doi is one of the three foundation bulls imported by Westholme Wagyu, which were some of the most highly acclaimed Wagyu to be imported from Japan. This bull is an outstanding marbling sire with nice frame size. He also transmits low birthweights.

# HIRASHIGETAYASU J2351

## PROGENY — LOT 30 - 31

### GROWTH AND BALANCE

ETJ001 Hirashigetayasu J2351 (FB670) has Kedaka, Fujiyoshi, and Tajima in his pedigree. He was sired by Dai 20 Hirashige J287, and his dam is Dai 5 Yuruhime. Hirashigetayasu's progeny have outstanding growth and maternal traits. Most of his calves are easy for cows to birth, even though they're a bit larger than the average Wagyu calves. This bull produces offspring with excellent growth and a balanced frame and temperament overall. Hirashigetayasu's progeny consistently grade on the high end.

# TF ITOMICH 1/2

## PROGENY — LOTS 34 - 35

### VOLUME, LENGTH AND RIB

TF36 Itomichi 1/2 (FB2126) is sired by Itomichi and grandsired by Shimane's most famous bull, Dai 7 Itozakura. This bull's dam is Dai 2 Kintou. Itomichi 1/2 is mostly Shimane, with some Tajima and Kedaka genetics. This bull's estimated weight is over 2,000 lbs. Itomichi 1/2 has been used to increase mature size and growth rate in calves without reducing marbling. The calves he sires have good volume, length, and springs of rib. Itomichi 1/2 will produce some of the largest full-framed Wagyu you can get, and you won't have to compromise maternal ability or meat quality in his calves.

# UKB DIA 6 KITASEKI

## PROGENY — LOT 36

### OUTCROSS GENETICS

UKB Dia 6 Kitaseki 36M (FB6204) has his growth and maternal characteristics from dam Kitasekihiro (Tottori/Kedara line) and his weight from the Itozakura line. His sire, Dai 6 Seizan, is an Itozakura/Tajima cross for improved marbling growth. Kitaseki is an outcross to prevent inbreeding. This large bull has great length, a strong loin, and is well balanced in his feet and legs. He's also free from all recessive genetic disorders. Kitaseki's calves are large and thick, with pleasant dispositions. His daughters have plenty of milk and maternal characteristics. Kitaseki's calves have received a World K Australian BMS score of 8-10 (Prime + to Prime ++ in the United States). Semen is a rare find on this bull!

# LMR DAISUKE 2470Z

## PROGENY — LOTS 37 - 40

### TRAIT LEADING GENETICS

Superior for Eye Muscle Area EBV and Marble Score EPD with an excellent Gestation Length EBV along with Birth Weight EBV that is better than breed average. Four of the first eight carcasses that have been harvested by 2470Z graded 40% IMF and higher. In the 2019 LMCC Sire Performance Study for marbling, 2470Z ranked Number 3 with an average of 36.77% IMF from all eight harvest progeny. His sire, Kitaguni Jr, is a trait leader for Marble Score EBV and Birth Weight EBV. His maternal grand-sire, WKS Sanjiro, is a trait leader for Eye Muscle Area EBV that has also produced high grading steers. The dam of LMR Daisuke 2470Z was produced by a daughter of WKS Takazakura whose paternal line reads like a 'Who's Who' of Tajima breeding as he is sired by Takai J1412 who is a son of Yasufuku J930 descending from JVP Chisahime 662.

# LMR KITAGUNI 1441Y

## PROGENY — LOTS 41 - 47

### CARCASS WINNING GENETICS

LMR Kitaguni 1441Y is an example of the carcass-winning genetic marriage of WKS Kitaguni Jr and WKS Yasufuku Jr. 1441Y's first harvested offspring, 4247B, delivered one of the highest marbled carcasses (52% IMF) Lone Mountain has ever produced. His second offspring, 4249B, measured 39.72% IMF. Both were 31-month-old heifers. This is an example of the exemplary mating marrying the abundance of marbling of Kitaguni 7/8 with the marbling fineness of Yasufuku Jr. Kenichi Ono opines that Kitaguni 7/8 was one of the three greatest Wagyu in all of Japan and considers Yasufuku Jr's sire, Yasufuku J930, to be the very best of Tajima breeding. LMR Kitaguni 1441Y promises to be another breakout marbling success. He is also promising as a heifer bull with his low Birth Weight EBV.

# LMR YOJIMBO

## PROGENY — LOTS 48 - 49

### AWARD WINNING GENETICS

The sire of LMR Yojimbo, Fukutsuru 068, was for many years the NUMBER 1 Marbling Sire in the US Wagyu Sire Summary, and the sire of his dam, Yasufuku J930, appeared in the pedigrees of all three winners and three runners-up in the 2001 All-Japan Wagyu Competition in Zenkyo and Kenichi Ono's influential Elite Wagyu of Japan listed Yasufuku J930 as the NUMBER 1 Wagyu sire of Japan. The dam of Yojimbo, BR Ms Yasufuku 0609, has produced 21 calves and in the LMR sire summary, her sire, WKS Yasufuku Jr. ranks as the Number 2 sire of dams behind only Kitaguni Jr for IMF% with an average of 34.24% IMF based on 67 carcass images and ranks NUMBER 1 for Marbling Fineness at 32.65. Yojimbo's own carcass progeny have consistently performed well and his first 24 offspring are headlined by LMR Yojimbo 8155U at 40.20% IMF and LMR Ms Yojimbo 4311B at 41.92% IMF.

# LMR RMW ITOMORITAKA

## PROGENY — LOTS 50 -51

### GROWTH AND MATERNAL TRAITS

He has been widely used and proven in the USA as an ideal source of growth and maternal traits. The late Eldon Clawson loved this bull and praised his conformation and structure. He has a tremendous ability to produce progeny with outstanding phenotype.

# GENESIS

## PROGENY — LOTS 52 - 54

### GROWTH AND PHENOTYPE GENETICS

Genesis is a tremendous growth sire that stamps his progeny with excellent phenotype. This is true to form from his pedigree. Genesis' sire is Itomoritaka, who transmits growth and milk to his offspring. The maternal grandsire of Genesis is JVP Kikuyasu 400 who was a very large Tajima bloodline bull weighing in at 2000 lbs. Expect growth and phenotype with his offspring.

# BAR R ITOMORITAKA 42Z

## PROGENY — LOTS 57 - 58

### HIGH MILK EBV

The sire of 42Z (Itomoritaka ETJ 002) had the highest milk EBV in the Australian Breed Plan, and although he is a CHS carrier 42Z is free of this disorder. The bottom side of the pedigree is very high in marbling genetics. Bar R Itomoritaka 42Z is very thick over the loin and is very correct in his structural conformation. This bull should add milk to his daughters and thickness to his sons. Expect his progeny to have beautiful phenotype and very good meat qualities.

# BAR R NAKAGISHIRO 56T

## PROGENY — LOT 66

### PHENOTYPE, SIZE AND STRUCTURE

Bar R Nakagishiro 56T has a SCD / Tenderness score of AA/8. He shows the growth of his dam, Nakagishi 5. World K imported the Nakagishi 5 cow in their last importation. Nakagishi 5 has four recorded offspring and 56T is the only bull from this cow. This outcross bull will give growth to his offspring. Bar R Nakagishiro 56T has gained a lot of attention due to his extreme phenotypic style, size, and structural correctness.

## PROGENY – LOT 67

### POWERHOUSE BLOOD

282T provides a great way to gain superior bloodlines on the topside of your calves by crossing one of the most successful families in the breed (Suzutani) with TF151. CHR Itozuru Doi 282T is a standout son of the mating combining Itozuru Doi TF151 and the famous Suzutani daughter Suzutaka 2. His full sibling is Stonyrun ID151 Ichiro 1, himself a successful AI sire. Also, this same mating produced the famous Suzito 3 Cow, one of the highest priced females to ever sell at public auction in the breed. Powerhouse blood available here!

# MFC SHIGESHIGETANI 2-12

## PROGENY — LOTS 68 - 69

### HIGH MARBLING

MFC SHIGESHIGETANI 2-12 comes from Michael Goodall's Muddy Flats program where animals were evaluated on their carcass production. 2-12 is a son of SHIGESHIGETANI, who carries very powerful genetics. 2-12's pedigree has Yasumi Doi, YasuTanidoi bloodlines as well as the Kumanami strain, known for high marbling.

## PROGENY – LOT 198

### ELITE GROWTH TRAITS

SCD VA, Igenity Tenderness 6. Elite for all growth traits in the Australian system at every stage of life in addition to Carcass Weight, this bull is also elite for Scrotal Size EBV to add fertility to his male progeny. Lone Mountain has recorded an average carcass weight of 988 lbs on Toshiro progeny to rank him as the NUMBER 1 Sire in their extensive data collection project, ranking Toshiro ahead of Itoshigefuji TF147 and as the Number 4 Sire for Eye Muscle Area, only slightly behind WKS Shigeshigetani in their 2019 LMCC Sire Performance Study. WKS Reiko, the dam of Toshiro was among the first foundation animals brought into the US in 1994 and she was sired by Kitaguni 7/8 who was listed as the Number 3 Sire by Kenichi Ono in Elite Wagyu in Japan and was named the winner of the 2002 All-Japan Carcass Contest in addition to siring Kitaguni Jr. The presence of Kitaguni 7/8 in the maternal side of Toshiro's pedigree accounts for his marbling ability reflected in the pictured carcass image that shows both a high level of uniform of marbling flecks and fineness throughout the ribeye area with an outstanding 43.90% IMF from one of his progeny, LMR Toshiro 9236W. Toshiro progeny were in big demand at a recent Mayura sale!

# WORLD K'S MICHIFUKU

## PROGENY — LOTS 455 - 466

### RIBEYE AND MARBLING

World K's Michifuku (FB 1615) is a highly proven, reliable sire for making huge ribeyes and great marbling. His sire is Monjiro 11550, and his dam is Michiko J655635. Michifuku's sire produced a carcass that sold for \$21,000 at the 2007 All-Japan Wagyu Competition (Zenkoku). Some believe that Michifuku is the most influential bull that ever left Japan. Michifuku calves are thick with outstanding marbling, and the Wagyu cattle have pleasant dispositions. Most major herds in the U.S. and Australia have used this bull heavily. Michifuku has kept the Wagyu breed progressing with his terrific carcass traits.

# TJ 284B ET

## PROGENY — LOT 601

### A DIRECT MORIFUJI SON

TJ 284B ET is a ultra-rare direct son of Morifuji from the legendary TF Kinu 1 cow! Morifuji is a 100% Tajima bull, keeping this pedigree 100% Tajima. There are very few 100% Tajima animals remaining outside of Japan and this is a chance to own one yourself. Morifuji is sired by YASUYUKIDOI 875, a Yasumi Doi son out of a Kikuteru Doi dam. This pedigree should inspire confidence in his elite carcass traits abilities with both Yasumi Doi and Kikuteru Doi being breed legends in Japan. This bull is one of ONLY FIVE Morifuji progeny registered with the American Wagyu Association. The dam of TJ 284B is not to be overlooked! She is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudo strain to have been exported from Japan.

## PROGENY — LOTS 638 - 687

### HE HAS IT ALL

Bar R Tazsuru 753E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. In the last half year Robbins Island has processed more than 230 Bar R 52Y progeny resulting in an amazing average of 8.5 for Marbling and 1047 lbs. for Carcass Weight. That is proven carcass and growth performance! The dam of Tazsuru 753E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. Tazsuru 753E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

## MYM ARUBIAL UNITED P0342 ET

### PROGENY — LOTS 695 - 696

#### 400+ SRI

Arubial United is currently taking the Wagyu breed by storm! At 400+ SRI, he represents a massive move forward in Wagyu genetics by transmitting massive growth combined with very good carcass traits. His progeny are dominating the Breedplan Index rankings. United brings new genetics to US breeders through his sire, Sumo F126, and his maternal grandsire, Macquarie Y408.

# MYM ARUBIAL BOND Q007 ET

## PROGENY — LOTS 697 - 698

### TRAIT LEADER

Arubial Bond Q007 is an outstanding son of Mayura Itoshigenami JNR 0139 – whose genomically enhanced EBVs, with 382 progeny analyzed, are equal to and in some cases exceed his sire: MS EBV +3.5 and EMA EBV +12.1 – both trait leading in the breed (plus a BW EBV -3.0). BOND ranks in the Top 3% for the Indexes (SRI, FTI & FIT): \$274, \$237, and \$249. BOND has higher carcass EBVs than both his sire, A0139 and his half sib, Mayura L0010.

# MYM ARUBIAL ANTICIPATED Q0014 ET

## PROGENY – LOTS 699 - 701

### TOP 1% EMA

MYM Arubial Anticipated Q0014 is a maternal brother to BOND 007. He excels with top 1% EMA, top 2% Marbling and top 4% Marbling Fineness EBVs. All indexes in top 1% of the breed! He is Only one of two Wagyu sires that are in the top 5% for GL, EMA and Marbling and he does it so easily. Anticipated is an ideal sire for beef on beef plus a great beef on dairy option because of his early calving and hybrid growth with great carcass traits.

## PROGENY — LOT 702

### MASSIVE GENOMIC NUMBERS

This is a son of the breed leading sire Mayura Itoshigenami JNR. Itoshigenami JNR semen is currently not available on the market. 6 straws sold in the 2020 Mayura Sale to high of \$68,000 per straw! Mayura Itoshigenami JNR carries elite high reliability EBVs because of his superior carcass data. In the Mayura Station herd he has averaged a 9.05 MS, 448 kg (986 lbs. ) HCW, and 109.0 cm<sup>2</sup> (16.9 in 2) EMA on an astounding 805 carcass harvested at just 26 months. This makes Tyddewi N4431 a unique combination of elite Mayura Station and Westholme bloodlines. Through his dam Westholme J0147, he receives growth and carcass traits from the top Westholme lines of Yoshifuji 8 and Yamafuji. These are two high Shimane influenced (through Dai 7 Itozakura) Westholme foundation cows. The combination of the growth of these Westholme lines with the carcass traits of Itoshigenami JNR produces the massive genomic figures of +2.4 for MS, +5.2 for EMA, MF +.40,+35 for Carcass Wt, and +\$269 Self Replacing Index.

# BAR R POLLED ZURUTANI D64

## PROGENY — LOTS 826 - 828

### LOW BIRTH WEIGHT

Bar R Polled Zurutani D64 is a homozygous polled son of Bar R 52Y, and is becoming the most popular polled bull in the Wagyu industry. Bar R 52Y has sired many record-breaking polled bulls in Australia, and Bar R Polled Zurutani D64 is another son making his mark. This bull ranks exceptionally across the board. He ads growth, lower birth weight, excellent maternal traits, and phenomenal carcass qualities.

## MYM ARUBIAL UNITED P0342 ET

### SIRE OF LOTS 871 - 1000

#### 400+ SRI

Arubial United is currently taking the Wagyu breed by storm! At 400+ SRI, he represents a massive move forward in Wagyu genetics by transmitting massive growth combined with very good carcass traits. His progeny are dominating the Breedplan Index rankings. United brings new genetics to US breeders through his sire, Sumo F126, and his maternal grandsire, Macquarie Y408.

# MAYURA L0010

## SIRE OF LOTS 1001 - 1060

### BREEDPLAN LEADER

Mayura L0010, simply known as L10 is a Mayura bred World Super Sire. His progeny have dominated public sales in the US for several years with an L10 daughter selling for \$100,000 and two L10 sons selling for over \$150,000 in 2022. L10 progeny are at the top of every major sale. He is a leader in the BREEDPLAN Selection Indexes for Wagyu Sires. L10 is the son of Mayura Itoshigenami Junior 0139, who has the title of The King of Australian Wagyu Sires. L10's pedigree combines the genetics of JNR with TF151 Itozurudoi, Kanadagene 100, and the Aizakura maternal line. The Aizakuras are a leading maternal line from Takeda that has produced proven sires Macquarie Wagyu C1176, TF Itohana 2, Blackmore Aizatzurudoi Y398, and Blackmore Dai Ichi Kikuzakura H017! L10 is a very well-balanced sire that combines growth, maternal, and carcass trait improvements into one complete package.

# SMO SUMO CATTLE CO MICHIFUKU F154

SIRE OF LOTS 1061 - 1071

## MARBLE AND CARCASS WEIGHT TRAIT LEADER

Sumo Michifuku F154 has proven himself as an industry trait leader across both Marble Score and Carcass Weight EBV's. F154 boasts a 90% accuracy in Marble Score EBV (+2.3), and a top 1% Marble Fineness of +0.50. He is not only sought after but one of the best bulls available with none of the five genetic diseases and is free untested for IARS! He is 67% Tajima and 23% Itozakura and 4% Shimane. This sire has consistently produced profitable carcass results averaging: Marble Score 8.3 and Carcass Weight of 449kg over 34 analyzed carcasses.

# WORLD K'S MICHIFUKU

## SIRE OF LOTS 1072 - 1076

### MARBLE AND CARCASS WEIGHT TRAIT LEADER

World K's Michifuku (FB 1615) is a highly proven, reliable sire for making huge ribeyes and great marbling. His sire is Monjiro 11550, and his dam is Michiko J655635. Michifuku's sire produced a carcass that sold for \$21,000 at the 2007 All-Japan Wagyu Competition (Zenkoku). Some believe that Michifuku is the most influential bull that ever left Japan. Michifuku calves are thick with outstanding marbling, and the Wagyu cattle have pleasant dispositions. Most major herds in the U.S. and Australia have used this bull heavily. Michifuku has kept the Wagyu breed progressing with his terrific carcass traits.

## BAR R NAKAGISHIRO 56T

PROGENY — LOTS 1077 - 1078

### STYLE, SIZE AND STRUCTURE

Bar R Nakagishiro 56T has a SCD / Tenderness score of AA/8. He shows the growth of his dam, Nakagishi 5. World K imported the Nakagishi 5 cow in their last importation. Nakagishi 5 has four recorded offspring and 56T is the only bull from this cow. This outcross bull will give growth to his offspring. Bar R Nakagishiro 56T has gained a lot of attention due to his extreme phenotypic style, size, and structural correctness.

# TF 813 KIMITOFUKU

## PROGENY — LOT 1079 - 1080

### 32.91% IMF AVERAGE

TF 813 Kimitofuku is a popular Itoshigenami son working well in many programs in the United State, including the Joseph Decuis herd, Marble Ranch, and Lone Mountain Ranch. According to the most recent published data from Lone Mountain Ranch, TF 813 is averaging 32.91% IMF on nine carcasses in their program. This ranks 9th in the herd and slightly ahead of breed greats, Kitaguni Jr, Yasufuku Jr, and 003.

# GENESIS

## PROGENY — LOTS 1082 - 1088

### GROWTH AND MILK

Genesis is a tremendous growth sire that stamps his progeny with excellent phenotype. This is true to form from his pedigree. Genesis' sire is Itomoritaka, who transmits growth and milk to his offspring. The maternal grandsire of Genesis is JVP Kikuyasu 400 who was a very large Tajima bloodline bull weighing in at 2000 lbs. Expect growth and phenotype with his offspring.

## PROGENY — LOT 1094

### DOUBLE BRED OKUTANI

EFCC Hoshi Maru is a double bred Okutani with the awesome Okutani cow appearing on the paternal and maternal sides of his pedigree. His sire is the well-known Michifuku son, Shidoosha. His balanced breeding should allow Hoshi Maru to pass great genetics on to his progeny. The progeny here will provide a nice genetic base to breed from moving forward to future generations!

# MAYURA L0010 ET

## PROGENY — LOTS 1095 -1105

### WORLD SUPER SIRE

MAYURA L0010, simply known as L10 is a Mayura bred World Super Sire. His progeny have dominated public sales in the US for several years with an L10 daughter selling for \$100,000 and two L10 sons selling for over \$150,000 in 2022. L10 progeny are at the top of every major sale. He is a leader in the BREEDPLAN Selection Indexes for Wagyu Sires. L10 is the son of Mayura Itoshigenami Junior 0139, who has the title of The King of Australian Wagyu Sires. L10's pedigree combines the genetics of JNR with TF151 Itozurudo, Kanadagene 100, and the Aizakura maternal line. The Aizakuras are a leading maternal line from Takeda that has produced proven sires Macquarie Wagyu C1176, TF Itohana 2, Blackmore Aizatzurudo Y398, and Blackmore Dai Ichi Kikuzakura H017! L10 is a very well-balanced sire that combines growth, maternal, and carcass trait improvements into one complete package.

### RARE GENETICS

TF 151 Itozuru Doi, who many consider the greatest all-round bull of the original import sires. You cannot find his semen anymore! He has been highly proven in world renowned herds such as Blackmore Wagyu and Mayura Station. TF151 Itozuru Doi is a legend in the breed and rightfully earned through his extremely balanced performance of transmitting a highly profitable blend of marbling, rib eyes, carcass weights, and growth. 151 is the rare sire who does everything right! His vintage genetics are still in extremely high demand in America and Australia.

# WORLD K'S SHIGESHIGETANI

## PROGENY — LOTS 1108 - 1110

### CARCASS TRAITS IMPROVER

World K's Shigeshigetani (FB2907) is a proven sire for improving carcass traits. He produces large ribeyes and has excellent marbling. His dam is the legendary Suzutani and his sire is Haruki II. Shigeshigetani carries the Kumanami strain, which is famous for its strong marbling genes. World K reported on 3,800 F1 Shigeshigetani sired carcasses that 90% graded 3 full grades above USDA prime. The remaining 10% graded Prime to Prime +, and these impressive results remain consistent a decade later. World K's Shigeshigetani tends to produce tall, long, thick cattle with pleasant dispositions.

## PROGENY — LOT 1111

### HUGE RIBEYES & GREAT MARBLING

World K's Michifuku (FB 1615) is a highly proven, reliable sire for making huge ribeyes and great marbling. His sire is Monjiro 11550, and his dam is Michiko J655635. Michifuku's sire produced a carcass that sold for \$21,000 at the 2007 All-Japan Wagyu Competition (Zenkoku). Some believe that Michifuku is the most influential bull that ever left Japan. Michifuku calves are thick with outstanding marbling, and the Wagyu cattle have pleasant dispositions. Most major herds in the U.S. and Australia have used this bull heavily. Michifuku has kept the Wagyu breed progressing with his terrific carcass traits.

# WORLD K'S KITAGUNI JR

## PROGENY — LOT 1112

### THE MARBLING SPECIALIST

World K's Kitaguni JR (FB2422) is the son of Kitaguni 7-8, whose name is highly esteemed in Japanese pedigrees. He is also the grandson of Dai 7 Itozakura, and his dam is Nakayuki J13943. Kitaguni JR is a Fujiyoshi and Shimane bull. When breeders cross this bull on Tajima heifers, they'll see calves with increased frame size and enhanced growth. Kitaguni Jr has put up fantastic results — the marbling specialist! — averaging 34.23% IMF on 94 carcasses in recent years.

# WORLD K'S HARUKI 2

## PROGENY — LOT 1113

### BULL WITH BALANCE

World K's Haruki 2 (FB1614) is a balanced bull: 56% Tajima, 13% Itozakura, 19% Shimane, and 6% Kedaka. He's a half-brother to Michifuku, who was sired by the same bull (Monjiro 11550). His dam is Sakura 2 J741638. Because of his well-rounded genetics, Haruki 2 was bred to one of the greatest Wagyu heifers, Suzutani. This resulted in Shigeshigetani, who transmits excellent ribeye and marbling ability. Haruki 2 calves grow into well-balanced cattle with great dispositions. His daughters have more milk than those from other bulls.

## PROGENY — LOTS 1114 - 1116

### GROWTH AND BALANCE FRAME

ETJ001 Hirashigetayasu J2351 (FB670) has Kedaka, Fujiyoshi, and Tajima in his pedigree. He was sired by Dai 20 Hirashige J287, and his dam is Dai 5 Yuruhime. Hirashigetayasu's progeny have outstanding growth and maternal traits. Most of his calves are easy for cows to birth, even though they're a bit larger than the average Wagyu calves. This bull produces offspring with excellent growth and a balanced frame and temperament overall. Hirashigetayasu's progeny consistently grade on the high end.

# ITOMORITAKA J2703

## PROGENY — LOT 1117

### BULL WITH BALANCE

ETJ002 Itomoritaka J2703 (FB681) is yet another strong, sizable Japanese Black Wagyu. In addition to his size, this bull has great potential for marbling and for producing premium calves. Itomoritaka was sired by Itohirashige (FB680), and his dam was Dai 6 Oefujii J565554-Kuro Koh (FB679). Itomoritaka, also known as “Rocky,” has the highest milk EBV in the Australian Breed Plan (also high in the United States). This means that any daughters he sires will have the best possible milk production once they’re dams.

## PROGENY — LOTS 1118 - 1120

### SUPERIOR EYE MUSCLE REA

Superior for Eye Muscle Area EBV and Marble Score EPD with an excellent Gestation Length EBV along with Birth Weight EBV that is better than breed average. Four of the first eight carcasses that have been harvested by 2470Z graded 40% IMF and higher. In the 2019 LMCC Sire Performance Study for marbling, 2470Z ranked Number 3 with an average of 36.77% IMF from all eight harvest progeny. His sire, Kitaguni Jr, is a trait leader for Marble Score EBV and Birth Weight EBV. His maternal grandsire, WKS Sanjiro, is a trait leader for Eye Muscle Area EBV that has also produced high grading steers. The dam of LMR Daisuke 2470Z was produced by a daughter of WKS Takazakura whose paternal line reads like a 'Who's Who' of Tajima breeding as he is sired by Takaei J1412 who is a son of Yasufuku J930 descending from JVP Chisahime 662.

# LMR KITAGUNI 1441Y

## PROGENY — LOTS 1121 - 1126

### CARCASS-WINNING GENETICS

LMR Kitaguni 1441Y is an example of the carcass-winning genetic marriage of WKS Kitaguni Jr and WKS Yasufuku Jr. 1441Y's first harvested offspring, 4247B, delivered one of the highest marbled carcasses (52% IMF) Lone Mountain has ever produced. His second offspring, 4249B, measured 39.72% IMF. Both were 31-month-old heifers. This is an example of the exemplary mating marrying the abundance of marbling of Kitaguni 7/8 with the marbling fineness of Yasufuku Jr. Kenichi Ono opines that Kitaguni 7/8 was one of the three greatest Wagyu in all of Japan and considers Yasufuku Jr's sire, Yasufuku J930, to be the very best of Tajima breeding. LMR Kitaguni 1441Y promises to be another breakout marbling success. He is also promising as a heifer bull with his low Birth Weight EBV.

PROGENY — LOTS 1130 - 1138

## HIGH MARBLING GENETICS

MFC SHIGESHIGETANI 2-12 comes from Michael Goodall's Muddy Flats program where animals were evaluated on their carcass production. 2-12 is a son of SHIGESHIGETANI, who carries very powerful genetics. 2-12's pedigree has Yasumi Doi, YasuTanidoi bloodlines as well as the Kumanami strain, known for high marbling.

## PROGENY — LOT 1140

### MATERNAL TRAITS

The highest percentage Shimane bloodline bull outside of Japan, is excellent for producing breeding females with exceptional milking ability and maternal traits. Offspring have a deep chest cavity and a good top line with consistency. The carcasses have good marbling and a very large eye muscle area. These genetics are rare!

# BARV KOUSYUN 808F ET

## PROGENY – LOT 1162

### GREAT LENGTH, SIZE & ATTITUDE

With Kouysun as his sire (bringing in the great 930 blood) and the great cow MFC Hisako 3-17 dam, 808F (or as hes known on the farm as Kage) comes by way of the Kanetani maternal family. Kanetani herself is a daughter of Tanishige , who sired two Cows you may be familiar with ( Suzutani and Rikitani ) 808F is in our opinion a exceptional animal with great length, size (10-28-2020 - 1540 lbs) along with a great attitude. His calves are weigh on average 65lbs at birth.

# JDH WAGYU IS OVER 24 YEARS IN THE MAKING!!

JDH, Inc. was created in 1985 as an original farming company where they began breeding cattle in 1990.

With the influence of Wagyu genetics to the operation in 1999 and then a feedlot featuring Wagyu cattle started in year 2000. For over 30 years Joe and his wife Galynn and their family along with a strong list of employees grew their operation to the largest herd of Registered Wagyu in the United States to date.

# KIKUTERUSHIGE

## PROGENY — LOT 1179

### LINE BRED GENETICS

This bull produces excellent carcasses. Offspring are slow maturing, tall, narrow and frail, temperament should be monitored closely. TF150 is a line bred Kikuterudo bull.

## BUYING FROM HOME

We have made preparations to bid and buy livestock through Superior's new bidding platform, Bid.SuperiorLivestock.com, for those unable to attend in person on sale day. Please note that all the lots in the sale will also be available for viewing online prior to sale day at: [BID.SUPERIORLIVESTOCK.COM](http://BID.SUPERIORLIVESTOCK.COM)

IF YOU NEED ASSISTANCE WITH REGISTRATION OR WITH EITHER BIDDING PLATFORM, PLEASE CALL SUPERIOR AT (800) 422-2117.

# JDH TOSHIRO 1/3 17F AI

## PROGENY — LOTS 1182 - 1183

### ELITE ADG

The phenotype of this bull is fantastic, he has a perfectly straight top line and is long, deep, and balanced throughout. He stands on an ideal set of feet and legs and to top it all off has one of the best ADG in the JDH herd. He is sired by the growth specialist LMR Toshiro 1/3 and backed by TF 151, two crosses of Sanjiro, and the World K's Nakagishi cow on the maternal side. His great-grandam, Bar R 57T sold for \$15,000 in the 2016 Bar R Production Sale.

# WORLD K'S SANJIROU

## PROGENY — LOTS 1182 - 1183

### PRIME +++ ON THE USDA SCALE

Sanjirou is another amazing son of the incredible dam Suzutani, who was imported directly from Japan. His is sired by the great Michifuku and consistently produces huge ribeyes, excellent marbling, tender meat quality, and high yield to his offspring. World K tested this bull in Australia, and the results were Prime +++ on the USDA scale. Sanjirou calves are thick and attractive, with great dispositions. All the major breeders have used this bull in their herds to breed females, and this sire has many sons that have made a mark on the Wagyu breed. Embryo production only.

# LMR TOSHIRO 1/3

## PROGENY — LOT 1229

### ELITE EBVS

SCD VA, Igenity Tenderness 6. Elite for all growth traits in the Australian system at every stage of life in addition to Carcass Weight, this bull is also elite for Scrotal Size EBV to add fertility to his male progeny. Lone Mountain has recorded an average carcass weight of 988 lbs on Toshiro progeny to rank him as the NUMBER 1 Sire in their extensive data collection project, ranking Toshiro ahead of Itoshigefuji TF147 and as the Number 4 Sire for Eye Muscle Area, only slightly behind WKS Shigeshigetani in their 2019 LMCC Sire Performance Study. WKS Reiko, the dam of Toshiro was among the first foundation animals brought into the US in 1994 and she was sired by Kitaguni 7/8 who was listed as the Number 3 Sire by Kenichi Ono in Elite Wagyu in Japan and was named the winner of the 2002 All-Japan Carcass Contest in addition to siring Kitaguni Jr. The presence of Kitaguni 7/8 in the maternal side of Toshiro's pedigree accounts for his marbling ability reflected in the pictured carcass image that shows both a high level of uniform of marbling flecks and fineness throughout the ribeye area with an outstanding 43.90% IMF from one of his progeny, LMR Toshiro 9236W. Toshiro progeny were in big demand at a recent Mayura sale!

# BARV TAZSURU 753E ET

## PROGENY — LOT 1277

### HOMOZYGOUS POLLED GENETICS

Bar R Tazsuru 753E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. In the last half year Robbins Island has processed more than 230 Bar R 52Y progeny resulting in an amazing average of 8.5 for Marbling and 1047 lbs. for Carcass Weight. That is proven carcass and growth performance! The dam of Tazsuru 753E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. Tazsuru 753E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

# WORLD K'S YASUFUKU JR

## PROGENY — LOTS 1271 - 1273

### LARGE RIBEYES AND EXCELLENT MARBLING

World K's Yasufuku JR is the son of Yasufuku J930, who sired three of the top marbling bulls in Japan and sired one champion and is the grandsire of two more champions in the 9th Zenkoku All-Japan Wagyu Competition ("Wagyu Olympics"). Yasufuku JR's dam is Kaneko 5. Yasufuku JR has produced many calves, and this particular sire has been a major contributor to the Japanese Black Wagyu breed. Yasufuku JR is a highly proven sire that transmits large ribeyes and excellent marbling.

# TF ITOMICHI 1/2

## PROGENY — LOT 1311

### GROWTH RATE PEDIGREE

TF36 Itomichi 1/2 (FB2126) is sired by Itomichi and grandsired by Shimane's most famous bull, Dai 7 Itozakura This bull's dam is Dai 2 Kintou. Itomichi 1/2 is mostly Shimane, with some Tajima and Kedaka genetics. This bull's estimated weight is over 2,000 lbs. Itomichi 1/2 has been used to increase mature size and growth rate in calves without reducing marbling. The calves he sires have good volume, length, and springs of rib. Itomichi 1/2 will produce some of the largest full-framed Wagyu you can get, and you won't have to compromise maternal ability or meat quality in his calves.

# ITOSHIGENAMI

## PROGENY — LOT 1390

### HIGH MARBLING GENETICS

TF148 Itoshigenami (FB3682) was sired by Shigeshigenami, and his dam was Fukuyuke. His sire was born from a double crossing of Shigekanenami on both sides to enhance marbling. Itoshigenami is 75% Tajima, with a little Shimane and Kedaka in his blood as well. His average carcass weight is 970 pounds, and his average beef marbling score is 8.6 out of 9 on the Australian marbling scale. Itoshigenami consistently sires calves that grow well and have great marbling and dispositions, just like their sire.

# BARV TAZ 5U 754E ET

## PROGENY — LOT 1417 - 1432

### A NEW EAR OF POLLED WAGYU GENETICS

BARV TAZ 5U 754E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. In the last half year Robbins Island has processed more than 230 Bar R 52Y progeny resulting in an amazing average of 8.5 for Marbling and 1047 lbs. for Carcass Weight. That is proven carcass and growth performance! The dam of BARV TAZ 5U 754E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. BARV TAZ 5U 754E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

PROGENY — LOTS 1510 - 1529

## HOMOZYGOUS POLLED

Bar R Polled Zurutani D64 a homozygous polled son of Bar R 52Y. D64 is fast becoming the most popular young bull in the Wagyu breed! These double bred 52Y embryos have a 22% coefficient of inbreeding meaning that 22% of the genes are homozygous, resulting in very consistent carcass traits from their offspring. This bull ranks exceptional across the board, adding growth, improved birth weight, excellent maternal traits, and phenomenal carcass qualities.

## MAYURA L0010

SIRE OF LOTS 1618 - 1629

### BREEDPLAN LEADER

MAYURA L0010, simply known as L10 is a Mayura bred World Super Sire. His progeny have dominated public sales in the US for several years with an L10 daughter selling for \$100,000 and two L10 sons selling for over \$150,000 in 2022. L10 progeny are at the top of every major sale. He is a leader in the BREEDPLAN Selection Indexes for Wagyu Sires. L10 is the son of Mayura Itoshigenami Junior 0139, who has the title of The King of Australian Wagyu Sires. L10's pedigree combines the genetics of JNR with TF151 Itozurudo, Kanadagene 100, and the Aizakura maternal line. The Aizakuras are a leading maternal line from Takeda that has produced proven sires Macquarie Wagyu C1176, TF Itohana 2, Blackmore Aizatzurudo Y398, and Blackmore Dai Ichi Kikuzakura H017! L10 is a very well-balanced sire that combines growth, maternal, and carcass trait improvements into one complete package.

# MYM ARUBIAL BOND Q007 ET

SIRE OF LOTS 1630 - 1650

## BREEDPLAN LEADER

Arubial Bond Q007 is an outstanding son of Mayura Itoshigenami JNR 0139 – whose genomically enhanced EBVs, with 382 progeny analyzed, are equal to and in some cases exceed his sire: MS EBV +3.5 and EMA EBV +12.1 – both trait leading in the breed (plus a BW EBV -3.0). BOND ranks in the Top 3% for the Indexes (SRI, FTI & FIT): \$274, \$237, and \$249. BOND has higher carcass EBVs than both his sire, A0139 and his half sib, Mayura L0010.

# MYM ARUBIAL UNITED P0342 ET

## SIRE OF LOTS 1651 - 1690

### 400- SRI

Arubial United is currently taking the Wagyu breed by storm! At 400+ SRI, he represents a massive move forward in Wagyu genetics by transmitting massive growth combined with very good carcass traits. His progeny are dominating the Breedplan Index rankings. United brings new genetics to US breeders through his sire, Sumo F126, and his maternal grandsire, Macquarie Y408.

SIRE OF LOTS 1766 - 1804

## HOMOZYGOUS POLLED

Bar R Tazsuru 753E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. In the last half year Robbins Island has processed more than 230 Bar R 52Y progeny resulting in an amazing average of 8.5 for Marbling and 1047 lbs. for Carcass Weight. That is proven carcass and growth performance! The dam of Tazsuru 753E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. Tazsuru 753E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

## WORLD K'S SHIGESHIGETANI

SIRE OF LOTS 1814 - 1858

### LARGE RIBEYE & EXCELLENT MARBLING

World K's Shigeshigetani (FB2907) is a proven sire for improving carcass traits. He produces large ribeyes and has excellent marbling. His dam is the legendary Suzutani and his sire is Haruki II. Shigeshigetani carries the Kumanami strain, which is famous for its strong marbling genes. World K reported on 3,800 F1 Shigeshigetani sired carcasses that 90% graded 3 full grades above USDA prime. The remaining 10% graded Prime to Prime +, and these impressive results remain consistent a decade later. World K's Shigeshigetani tends to produce tall, long, thick cattle with pleasant dispositions.

**IF YOU NEED ASSISTANCE WITH REGISTRATION OR WITH EITHER BIDDING PLATFORM, PLEASE CALL SUPERIOR AT (800) 422-2117.**

We have made preparations to bid and buy livestock through Superior's new bidding platform, Bid.SuperiorLivestock.com, for those unable to attend in person on sale day. Please note that all the lots in the sale will also be available for viewing online prior to sale day at:  
**BID.SUPERIORLIVESTOCK.COM**

# MYM ARUBIAL BOND Q007 ET

## SIRE OF LOTS 1859 - 2018

### HIGH CARCASS EBVS

Arubial Bond Q007 is an outstanding son of Mayura Itoshigenami JNR 0139 – whose genomically enhanced EBVs, with 382 progeny analyzed, are equal to and in some cases exceed his sire: MS EBV +3.5 and EMA EBV +12.1 – both trait leading in the breed (plus a BW EBV -3.0). BOND ranks in the Top 3% for the Indexes (SRI, FTI & F1T): \$274, \$237, and \$249. BOND has higher carcass EBVs than both his sire, A0139 and his half sib, Mayura L0010.

# TYDDEWI N4431 ET

SIRE OF LOTS 2019 - 2028

## LARGE RIBEYE & EXCELLENT MARBLING

This is a son of the breed leading sire Mayura Itoshigenami JNR. Itoshigenami JNR semen is currently not available on the market. 6 straws sold in the 2020 Mayura Sale to high of \$68,000 per straw! Mayura Itoshigenami JNR carries elite high reliability EBVs because of his superior carcass data. In the Mayura Station herd he has averaged a 9.05 MS, 448 kg (986 lbs. ) HCW, and 109.0 cm<sup>2</sup> (16.9 in 2) EMA on an astounding 805 carcass harvested at just 26 months. This makes Tyddewi N4431 a unique combination of elite Mayura Station and Westholme bloodlines. Through his dam Westholme J0147, he receives growth and carcass traits from the top Westholme lines of Yoshifuji 8 and Yamafuji. These are two high Shimane influenced (through Dai 7 Itozakura) Westholme foundation cows. The combination of the growth of these Westholme lines with the carcass traits of Itoshigenami JNR produces the massive genomic figures of +2.4 for MS, +5.2 for EMA, MF +.40,+35 for Carcass Wt, and +\$269 Self Replacing Index.

# MYM ARUBIAL ANTICIPATED Q0014 ET

SIRE OF LOTS 2029 - 2044

## ALL EBV INDEXES IN TOP 1% OF THE BREED

MYM Arubial Anticipated Q0014 is a maternal brother to BOND 007. He excels with top 1% EMA, top 2% Marbling and top 4% Marbling Fineness EBVs. All indexes in top 1% of the breed! He is Only one of two Wagyu sires that are in the top 5% for GL, EMA and Marbling and he does it so easily. Anticipated is an ideal sire for beef on beef plus a great beef on dairy option because of his early calving and hybrid growth with great carcass traits.

# SMO SUMO CATTLE ITOSHIGENAMI Q85 ET

## SIRE OF LOTS 2045 - 2046

### THE VERY BEST OF MATERNAL PEDIGREES

Sumo Itoshigenami Q85 is a major addition to the famous Sumo Wagyu's top sire line up. This outstanding son of the famous Coates Itoshigenami G113 sire is free of all recessive genetic conditions and delivers Wagyu breeders the perfect balance in both high marble score and carcass weight performance traits. Achieving a rare top 3% genomic ranking on all four Wagyu Breeder indexes. G113 is a proven performer recording an Avg M/S 8.5 and Avg C/W 513kg over 50 analyzed carcasses and has passed on this high predictability to his son. Q85's maternal pedigree celebrates three of the very best and most consistent marbling sires of the Wagyu breed: TF148 Itoshigenami, Shikikan and Sumo Michifuku F154. Sumo F154, who sires the dam: J206, has consistently produced outstanding carcass results Averaging: M/S 8.6 and C/W: 462kg over 21 analyzed carcasses. Q85's pedigree also highlights how effectively a precision line breeding of foundation sire TF Terutani 40/1 can balance a pedigree across Growth, Carcass Weight, Marbling and Milk and is the reason he is considered one of the best all round sires!

# LMR KITAGUNI 1441Y

SIRE OF LOTS 2047 - 2049

## LOW BIRTH WEIGHT EBV

LMR Kitaguni 1441Y is an example of the carcass-winning genetic marriage of WKS Kitaguni Jr and WKS Yasufuku Jr. 1441Y's first harvested offspring, 4247B, delivered one of the highest marbled carcasses (52% IMF) Lone Mountain has ever produced. His second offspring, 4249B, measured 39.72% IMF. Both were 31-month-old heifers. This is an example of the exemplary mating marrying the abundance of marbling of Kitaguni 7/8 with the marbling fineness of Yasufuku Jr. Kenichi Ono opines that Kitaguni 7/8 was one of the three greatest Wagyu in all of Japan and considers Yasufuku Jr's sire, Yasufuku J930, to be the very best of Tajima breeding. LMR Kitaguni 1441Y promises to be another breakout marbling success. He is also promising as a heifer bull with his low Birth Weight EBV.

# BARV KOUSYUN 808F ET

SIRE OF LOTS 2050 - 2062

## LOW BIRTH WEIGHT

With Kouysun as his sire (bringing in the great 930 blood) and the great cow MFC Hisako 3-17 dam, 808F (or as hes known on the farm as Kage) comes by way of the Kanetani maternal family. Kanetani herself is a daughter of Tanishige, who sired two cows you may be familiar with ( Suzutani and Rikitani ) 808F is in our opinion a exceptional animal with great length, size (10-28-2020 - 1540 lbs) along with a great attitude. His calves are weigh on average 65 lbs at birth.

# LMR DAISUKE 2470Z

SIRE OF LOTS 2063 - 2071

## SUPERIO EYE MUSCLE AREA EBV

Superior for Eye Muscle Area EBV and Marble Score EPD with an excellent Gestation Length EBV along with Birth Weight EBV that is better than breed average. Four of the first eight carcasses that have been harvested by 2470Z graded 40% IMF and higher. In the 2019 LMCC Sire Performance Study for marbling, 2470Z ranked Number 3 with an average of 36.77% IMF from all eight harvest progeny. His sire, Kitaguni Jr, is a trait leader for Marble Score EBV and Birth Weight EBV. His maternal grandsire, WKS Sanjiro, is a trait leader for Eye Muscle Area EBV that has also produced high grading steers. The dam of LMR Daisuke 2470Z was produced by a daughter of WKS Takazakura whose paternal line reads like a 'Who's Who' of Tajima breeding as he is sired by Takaei J1412 who is a son of Yasufuku J930 descending from JVP Chisahime 662.

# RAB WAGYU BEEF COMPANY SANJIRO 5

## SIRE OF LOTS 2072 - 2075

### ELITE GENETICS

RAB WAGYU BEEF COMPANY SANJIRO 5 ET brings together a record selling female in the US and a top marbling bull in the US. The dam of this sire is the great MFC Hisako who stems from even more royalty found in her direct dam, Hisako who is sired by "068" MFC Hisako sold for \$46,000 in 2018 and since her progeny has topped auctions when sold. The paternal grandsire, Sanjiro 3, is the full brother to WK Sanjiro but has topped him as a marbling sire in the US.

# MAYURA L0010 ET

SIRE OF LOTS 2083 - 2084

## WORLD SUPER SIRE

MAYURA L0010, simply known as L10 is a Mayura bred World Super Sire. His progeny have dominated public sales in the US for several years with an L10 daughter selling for \$100,000 and two L10 sons selling for over \$150,000 in 2022. L10 progeny are at the top of every major sale. He is a leader in the BREEDPLAN Selection Indexes for Wagyu Sires. L10 is the son of Mayura Itoshigenami Junior 0139, who has the title of The King of Australian Wagyu Sires. L10's pedigree combines the genetics of JNR with TF151 Itozurudoi, Kanadagene 100, and the Aizakura maternal line. The Aizakuras are a leading maternal line from Takeda that has produced proven sires Macquarie Wagyu C1176, TF Itohana 2, Blackmore Aizaturudoi Y398, and Blackmore Dai Ichi Kikuzakura H017! L10 is a very well-balanced sire that combines growth, maternal, and carcass trait improvements into one complete package.

# BARV TAZSURU 753E ET

SIRE OF LOTS 2089 - 2091

## HOMOZYGOUS POLLED WITH PHENOTYPE

Bar R Tazsuru 753E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. In the last half year Robbins Island has processed more than 230 Bar R 52Y progeny resulting in an amazing average of 8.5 for Marbling and 1047 lbs. for Carcass Weight. That is proven carcass and growth performance! The dam of Tazsuru 753E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. Tazsuru 753E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

## JDH WAGYU IS OVER 24 YEARS IN THE MAKING!!

JDH, Inc. was created in 1985 as an original farming company where they began breeding cattle in 1990.

With the influence of Wagyu genetics to the operation in 1999 and then a feedlot featuring Wagyu cattle started in year 2000. For over 30 years Joe and his wife Galynn and their family along with a strong list of employees grew their operation to the largest herd of Registered Wagyu in the United States to date.

## PROGENY — LOTS 2100 - 2101

### TRAIT LEADER

Arubial Bond Q007 is an outstanding son of Mayura Itoshigenami JNR 0139 – whose genomically enhanced EBVs, with 382 progeny analyzed, are equal to and in some cases exceed his sire: MS EBV +3.5 and EMA EBV +12.1 – both trait leading in the breed (plus a BW EBV -3.0). BOND ranks in the Top 3% for the Indexes (SRI, FTI & FIT): \$274, \$237, and \$249. BOND has higher carcass EBVs than both his sire, A0139 and his half sib, Mayura L0010.

## PROGENY — LOTS 2102 - 2103

### 400+ SRI

Arubial United is currently taking the Wagyu breed by storm! At 400+ SRI, he represents a massive move forward in Wagyu genetics by transmitting massive growth combined with very good carcass traits. His progeny are dominating the Breedplan Index rankings. United brings new genetics to US breeders through his sire, Sumo F126, and his maternal grandsire, Macquarie Y408.

PROGENY — LOTS 2104 - 2105

## TOP 1% EMA

MYM Arubial Anticipated Q0014 is a maternal brother to BOND 007. He excels with top 1% EMA, top 2% Marbling and top 4% Marbling Fineness EBVs. All indexes in top 1% of the breed! He is Only one of two Wagyu sires that are in the top 5% for GL, EMA and Marbling and he does it so easily. Anticipated is an ideal sire for beef on beef plus a great beef on dairy option because of his early calving and hybrid growth with great carcass traits.

## PROGENY — LOT 2106 - 2109

### MASSIVE GENOMIC NUMBERS

This is a son of the breed leading sire Mayura Itoshigenami JNR. Itoshigenami JNR semen is currently not available on the market. 6 straws sold in the 2020 Mayura Sale to high of \$68,000 per straw! Mayura Itoshigenami JNR carries elite high reliability EBVs because of his superior carcass data. In the Mayura Station herd he has averaged a 9.05 MS, 448 kg (986 lbs. ) HCW, and 109.0 cm2 (16.9 in 2) EMA on an astounding 805 carcass harvested at just 26 months. This makes Tyddewi N4431 a unique combination of elite Mayura Station and Westholme bloodlines. Through his dam Westholme J0147, he receives growth and carcass traits from the top Westholme lines of Yoshifuji 8 and Yamafuji. These are two high Shimane influenced (through Dai 7 Itozakura) Westholme foundation cows. The combination of the growth of these Westholme lines with the carcass traits of Itoshigenami JNR produces the massive genomic figures of +2.4 for MS, +5.2 for EMA, MF +.40,+35 for Carcass Wt, and +\$269 Self Replacing Index.

## PROGENY — LOT 2140

### HIGH MARBLING GENETICS

Kousyun YH11 (FB19540) is one of two sons of Yasufuku 930 (FB576) in the United States; his half-brother is Yasufuku JR. Kousyun was DNA-verified to match sire Yasufuku J930 and dam Okuito 9 in Australia. Yasufuku J930 is the sire of the three highest marbling sires in Japan: Yasufuku 165-9, Fukusakae, and Yasuhira. In the 9th Zenkoku ("Wagyu Olympics," which occur every five years), Yasufuku J930 bloodlines dominated the contest, siring one champion and grandsiring two others. This bull produces excellent carcasses with very fine marbling!

We have made preparations to bid and buy livestock through Superior's new bidding platform, Bid.SuperiorLivestock.com, for those unable to attend in person on sale day. Please note that all the lots in the sale will also be available for viewing online prior to sale day at: [BID.SUPERIORLIVESTOCK.COM](http://BID.SUPERIORLIVESTOCK.COM)

# KITATERUYASUDOI J2810

## PROGENY — LOTS 2162

### LOW BIRTHWEIGHTS

ETJ003 Kitateruyasu Doi J2810 (FB686) is sired by Terunaga Doi (FB685), and his dam is Yoshimi 3 (FB684). Both his paternal grandsire and maternal greatgrandsire are Kikuteru Doi. Kitateruyasu Doi also traces back to Yasumi Doi J1028 and Yasutani Doi J472. Kitateruyasu Doi is one of the three foundation bulls imported by Westholme Wagyu, which were some of the most highly acclaimed Wagyu to be imported from Japan. This bull is an outstanding marbling sire with nice frame size. He also transmits low birthweights.

## PROGENY — LOTS 2172 - 2173

### TOP US GENETICS

RAB WAGYU BEEF COMPANY SANJIRO 5 ET brings together a record selling female in the US and a top marbling bull in the US. The dam of this sire is the great MFC Hisako who stems from even more royalty found in her direct dam, Hisako who is sired by “068” MFC Hisako sold for \$46,000 in 2018 and since her progeny has topped auctions when sold. The paternal grandsire, Sanjiro 3, is the full brother to WK Sanjiro but has topped him as a marbling sire in the US.

**BID.SUPERIORLIVESTOCK.COM**

# TJ MR KINU 4 351B

## PROGENY — LOT 2203

### RARE GENETICS

WOW, a rare direct son of the 1970's Akaushi import JUDO! Judo is hard to find with semen selling for \$2,000/straw or higher when it rarely sells. He is an outcross to most of the 1990s imports and thus is a useful tool for Akaushi breeders to manage inbreeding. Judo is known to have good marbling, ideal for retaining carcass traits in his progeny.

The maternal side of this bull is a fantastic stacking of elite Akaushi sires. His sire stack reads Judo x Kalanga Red Star x Tamamaru x Judo x JVP Kunisakae. His dam holds the UKB prefix and is a great example of breeding from Bruce Hemmings's program. Kalanga Red Star produces elite marbling and is an ideal mating to Tamamaru who excels in growth and conformation. The maternal line of this bull is the rare JVP Kunisakae cow family. This has been one of the premier Akaushi line having produced bulls such as the \$250,000 JC Rueshaw 92 and more!

## LMR DAISUKE 2470Z

### PROGENY – LOT 2204

#### TRAIT LEADING GENETICS

Superior for Eye Muscle Area EBV and Marble Score EPD with an excellent Gestation Length EBV along with Birth Weight EBV that is better than breed average. Four of the first eight carcasses that have been harvested by 2470Z graded 40% IMF and higher. In the 2019 LMCC Sire Performance Study for marbling, 2470Z ranked Number 3 with an average of 36.77% IMF from all eight harvest progeny. His sire, Kitaguni Jr, is a trait leader for Marble Score EBV and Birth Weight EBV. His maternal grand-sire, WKS Sanjiro, is a trait leader for Eye Muscle Area EBV that has also produced high grading steers. The dam of LMR Daisuke 2470Z was produced by a daughter of WKS Takazakura whose paternal line reads like a 'Who's Who' of Tajima breeding as he is sired by Takaci J1412 who is a son of Yasufuku J930 descending from JVP Chisahime 662.

# LMR KITAGUNI 1441Y

## PROGENY — LOT 2205

### CARCASS WINNING GENETICS

LMR Kitaguni 1441Y is an example of the carcass-winning genetic marriage of WKS Kitaguni Jr and WKS Yasufuku Jr. 1441Y's first harvested offspring, 4247B, delivered one of the highest marbled carcasses (52% IMF) Lone Mountain has ever produced. His second offspring, 4249B, measured 39.72% IMF. Both were 31-month-old heifers. This is an example of the exemplary mating marrying the abundance of marbling of Kitaguni 7/8 with the marbling fineness of Yasufuku Jr. Kenichi Ono opines that Kitaguni 7/8 was one of the three greatest Wagyu in all of Japan and considers Yasufuku Jr's sire, Yasufuku J930, to be the very best of Tajima breeding. LMR Kitaguni 1441Y promises to be another breakout marbling success. He is also promising as a heifer bull with his low Birth Weight EBV.

## PROGENY — LOT 2311

### CARCASS PRODUCING MATERNAL LINES

37F sports a pedigree that unites two of the elite carcass producing maternal lines of the breed! Suzutani is represented on the sire side, while the maternal side is built on the internationally successful Chisahime line. His sire, 59T, is a graduate of the Bar R sire program and as his name indicates, is a double bred Suzutani. That locks in Rib Eye size and Marbling. His maternal side shows some growth up close through Hirashigetayasu and Kikuhana, and then goes back to highly proven, carcass trait leading sires Sanjiro and Kitaguni Jr. 37F has a pedigree that spells great carcass performance.

## PROGENY — LOTS 2312 - 2313

### TOP IN THE THE HERD FOR ADG

The phenotype of this bull is fantastic, he has a perfectly straight top line and is long, deep, and balanced throughout. This lot stands of an ideal set of feet and legs and to top it all off has one of the best ADG in the JDH herd. He is sired by the growth specialist LMR Toshiro 1/3 and backed by TF 151, two crosses of Sanjirou, and the World K's Nakagishi cow on the maternal side. His great grandam, Bar R 57T sold for \$15,000 in the 2016 Bar R Production Sale.

# BARV KOUSYUN 808F ET

## PROGENY — LOT 2338

### CARCASS PRODUCING MATERNAL LINES

With Kouysun as his sire (bringing in the great 930 blood) and the great cow MFC Hisako 3-17 dam, 808F (or as hes known on the farm as Kage) comes by way of the Kanetani maternal family. Kanetani herself is a daughter of Tanishige, who sired two cows you may be familiar with (Suzutani and Rikitani) 808F is in our opinion a exceptional animal with great length, size (10-28-2020 - 1540 lbs) along with a great attitude. His calves are weigh on average 65lbs at birth.

## PROGENY – LOTS 2343 - 2347

### LOW BIRTH WEIGHT

Bar R Polled Zurutani D64 is a homozygous polled son of Bar R 52Y, and is becoming the most popular polled bull in the Wagyu industry. Bar R 52Y has sired many record-breaking polled bulls in Australia, and Bar R Polled Zurutani D64 is another son making his mark. This bull ranks exceptionally across the board. He ads growth, lower birth weight, excellent maternal traits, and phenomenal carcass qualities.

JDH WAGYU IS  
**OVER 24 YEARS**  
IN THE MAKING!!

JDH, Inc. was created in 1985 as an original farming company where they began breeding cattle in 1990.

With the influence of Wagyu genetics to the operation in 1999 and then a feedlot featuring Wagyu cattle started in year 2000. For over 30 years Joe and his wife Galynn and their family along with a strong list of employees grew their operation to the largest herd of Registered Wagyu in the United States to date.

# BARV TAZSURU 753E ET

PROGENY – LOTS 2353 - 2494

## HOMOZYGOUS POLLED GENETICS

Bar R Tazsuru 753E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. In the last half year Robbins Island has processed more than 230 Bar R 52Y progeny resulting in an amazing average of 8.5 for Marbling and 1047 lbs. for Carcass Weight. That is proven carcass and growth performance! The dam of Tazsuru 753E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. Tazsuru 753E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

# MATURE FULLBLOOD BULLS

## ITOZURU DOI

### PROGENY — LOTS 2598 - 2599

#### RARE GENETICS

TF 151 Itozuru Doi, who many consider the greatest all-round bull of the original import sires. You cannot find his semen anymore! He has been highly proven in world renowned herds such as Blackmore Wagyu and Mayura Station. TF151 Itozuru Doi is a legend in the breed and rightfully earned through his extremely balanced performance of transmitting a highly profitable blend of marbling, rib eyes, carcass weights, and growth. 151 is the rare sire who does everything right! His vintage genetics are still in extremely high demand in America and Australia.

# MAYURA L0010 ET

## PROGENY — LOTS 2601 - 2609

### WORLD SUPER SIRE

MAYURA L0010, simply known as L10 is a Mayura bred World Super Sire. His progeny have dominated public sales in the US for several years with an L10 daughter selling for \$100,000 and two L10 sons selling for over \$150,000 in 2022. L10 progeny are at the top of every major sale. He is a leader in the BREEDPLAN Selection Indexes for Wagyu Sires. L10 is the son of Mayura Itoshigenami Junior 0139, who has the title of The King of Australian Wagyu Sires. L10's pedigree combines the genetics of JNR with TF151 Itozurudoi, Kanadagene 100, and the Aizakura maternal line. The Aizakuras are a leading maternal line from Takeda that has produced proven sires Macquarie Wagyu C1176, TF Itohana 2, Blackmore Aizatzurudoi Y398, and Blackmore Dai Ichi Kikuzakura H017! L10 is a very well-balanced sire that combines growth, maternal, and carcass trait improvements into one complete package.

# WORLD K'S YASUFUKU JR

## PROGENY — LOT 2610

### LARGE RIBEYES AND EXCELLENT MARBLING

World K's Yasufuku JR is the son of Yasufuku J930, who sired three of the top marbling bulls in Japan and sired one champion and is the grandsire of two more champions in the 9th Zenkoku All-Japan Wagyu Competition (“Wagyu Olympics”). Yasufuku JR’s dam is Kaneko 5. Yasufuku JR has produced many calves, and this particular sire has been a major contributor to the Japanese Black Wagyu breed. Yasufuku JR is a highly proven sire that transmits large ribeyes and excellent marbling.

### PROGENY — LOT 2612 - 2613

#### ELITE EBVS

SCD VA, Igenity Tenderness 6. Elite for all growth traits in the Australian system at every stage of life in addition to Carcass Weight, this bull is also elite for Scrotal Size EBV to add fertility to his male progeny. Lone Mountain has recorded an average carcass weight of 988 lbs on Toshiro progeny to rank him as the NUMBER 1 Sire in their extensive data collection project, ranking Toshiro ahead of Itoshigefuji TF147 and as the Number 4 Sire for Eye Muscle Area, only slightly behind WKS Shigeshigetani in their 2019 LMCC Sire Performance Study. WKS Reiko, the dam of Toshiro was among the first foundation animals brought into the US in 1994 and she was sired by Kitaguni 7/8 who was listed as the Number 3 Sire by Kenichi Ono in Elite Wagyu in Japan and was named the winner of the 2002 All-Japan Carcass Contest in addition to siring Kitaguni Jr. The presence of Kitaguni 7/8 in the maternal side of Toshiro's pedigree accounts for his marbling ability reflected in the pictured carcass image that shows both a high level of uniform of marbling flecks and fineness throughout the ribeye area with an outstanding 43.90% IMF from one of his progeny, LMR Toshiro 9236W. Toshiro progeny were in big demand at a recent Mayura sale!

## PROGENY — LOT 2615

### HUGE RIBEYES & GREAT MARBLING

World K's Michifuku (FB 1615) is a highly proven, reliable sire for making huge ribeyes and great marbling. His sire is Monjiro 11550, and his dam is Michiko J655635. Michifuku's sire produced a carcass that sold for \$21,000 at the 2007 All-Japan Wagyu Competition (Zenkoku). Some believe that Michifuku is the most influential bull that ever left Japan. Michifuku calves are thick with outstanding marbling, and the Wagyu cattle have pleasant dispositions. Most major herds in the U.S. and Australia have used this bull heavily. Michifuku has kept the Wagyu breed progressing with his terrific carcass traits.

## PROGENY — LOTS 2620 - 2624

### HE HAS IT ALL

Bar R Tazsuru 753E is a phenomenal young sire to usher in the new era of Polled Wagyu genetics. He displays tremendous phenotype, is homozygous polled, and is backed by a proven pedigree of polled genetics. His sire, Bar R52Y, is highly proven by the Robbins Island and Poll Wagyu program in Australia. In the last half year Robbins Island has processed more than 230 Bar R 52Y progeny resulting in an amazing average of 8.5 for Marbling and 1047 lbs. for Carcass Weight. That is proven carcass and growth performance! The dam of Tazsuru 753E is the fantastic brood cow Bar R 5U. She sold for \$34,000 through a Bar R sale and has repeatedly proven her value as truly elite brood cow by being the dam of numerous polled AI sires, including several who have been marketed internationally. This list includes the very popular Arimura 30B, 6123, and the red bull, Bar R 4504, who is now Australian owned. As the Wagyu breed moves forward and is incorporated into mainstream beef genetics this bull is what the market will be demanding. Tazsuru 753E is the total package combining carcass traits, growth, polled, recessive-free, and tested AA for SCD. He has it all!

# BAR R POLLED ZURUTANI D64

PROGENY — LOT 2630

## HOMOZYGOUS POLLED

Bar R Polled Zurutani D64 a homozygous polled son of Bar R 52Y. D64 is fast becoming the most popular young bull in the Wagyu breed! These double bred 52Y embryos have a 22% coefficient of inbreeding meaning that 22% of the genes are homozygous, resulting in very consistent carcass traits from their offspring. This bull ranks exceptional across the board, adding growth, improved birth weight, excellent maternal traits, and phenomenal carcass qualities.
