Limousin Enthusiasts,

It has been an honor for all of us at R & R Marketing Company to work closely with everyone involved at Wies Limousin Ranch. Owner Bob and Euvonne Wies have been in the registered Limousin seedstock business since its inception in 1975. They have been promoters and propagators of the Limousin breed in all those years. It is breeders such as the Wies Family that has helped promote our great breed and give back to the juniors over the last 41 years of being in the business. No matter whether you market, own, show and/or promote this breed, we owe them a deep appreciation for all they have done to make the way easier for so many of us.

Wies manager Heather Henderson has brought attention and prominence to the WLR brand over the last several years and has certainly put them in the spotlight. Wies Limousin have shown champion after champion and has brought attention to the WLR brand. The WLR genetics have worked well for their customers over the years and continue to be in much demand. This sale will offer a rare chance to acquire some of the finest the breed has to offer. It is her expertise on the mating's, selection process and her ability with her show team that she has assembled over the years that has led her to shaking the hands of some of the most prominent judges in the country.

This 41st Anniversary Sale and near dispersion of Wies Limousin comes with much reservation but is something that all parties involved have decided is the best decision at this current juncture in everyone's life. You will find in this sale a majority of the partnership cattle with the exception of only a few that mean so much that they will never leave the Ranch ... ever!

As you view the sale catalog and the offering you will quickly realize the amount of success the WLR program has had over the years. October 15 will be an opportunity to invest in genetics that have been created with much thought and deliberation. It will be your chance to select future seed stock for your operation and buy with confidence that they will work in your program. If we can be of any assistance with your travel or selection process we would be more than happy to assist.

Best regards,
Randy Ratliff
R & R Marketing Company

Bob & Euvonne Wies, 573.684.2773
Heather Henderson, Mgr, 573.220.5768
www.wieslimousin.com

Dear Friends and Limousin Enthusiast-

All of us at Wies Limousin Ranch would like to invite & welcome you to our 41st Anniversary Near Dispersal Sale on October 15, 2016.

It is evident in putting together this sale that what started as a hobby in 1975 truly turned into a passion for Bob & Euvonne. Over the years and transitions of Limousin influenced genetics, the Wies program has remained ever mindful of trying to raise good cattle. For the last 14 years the emphasis has been propagating predictable, proven cow families that not only work in the show ring but, also in the pasture. To that end, WLR has either shown or bred animals that have 27 grand or reserve grand titles nationally.

We are calling this a "near dispersal" because the WLR brand is not going anywhere. This spring we lost 200 acres of rented pasture. Because of our resources, several of our donor partnership cows & cows that should be flushed are not being utilized to their full potential. We will continue to propagate several of our proven donors & a few younger up-&-coming donors. It will be hard to see many of these mature cows sell because they have been solid producers.

We look forward to hosting you on Saturday, October 15, 2016 at the farm. If I, the sale management or sales staff can assist you with anything, please don't hesitate to call.

Best regards,
Heather Henderson

WIES LIMOUSIN

1975

41ST

ANNIVERSARY

— NEAR DISPERSAL SALE —

Hard work and success. Hot dogs and baseball. Honesty and integrity. Bob and Euvonne Wies and the Limousin breed.

Some things are just meant to go together.

Bob and Euvonne Wies of Wellsville, Missouri, have been a part of the Limousin scene in Missouri for so long it is hard to imagine one without the other.

The couple bought the original farm as an investment property in the mid '70s. Little did they know it would lead them on a 40 year odyssey filled with many wonderful memories and friends made along the way. Including being inducted into the Missouri Limousin Breeders Hall of Fame in 1998.

Both Bob and Euvonne were raised on farms in eastern Missouri, so being in the cattle business is a natural fit.

"I was a typical farm girl," Euvonne says. "We raised chickens, hogs and cattle and churned our own butter every Saturday."

Just as Bob and Euvonne have spent the better part of four decades working together in the family's construction business, the cattle and farm operate much the same way. The Wies construction business is a family affair with three generations working with the company, including Bob and Euvonne who still go to the office most days, even after nearly 50 years.

The company specializes in commercial buildings in need of drywall, structural steel, metal stud work or acoustic ceilings.

"We have employees who have been with us nearly 50 years," Euvonne says with pride.

It's evident their longevity in the construction business has carried over into their successful seedstock business, due in no small part to not only hiring, but keeping quality help.

The Wies herd started small and over time has blossomed into a herd of nearly 200 mother cows, counting both registered and recipient cows.

Approximately 75 percent of the heifers and half of the cows are AI bred each year to a healthy mixture of both proven bulls and exciting up and coming herd sire prospects. What doesn't settle to the AI date is cleaned up by a stout set of herd bulls.

Like most programs, Wies has always focused on maintaining many of the breed's inherent strengths, while trying to improve other areas such as milking ability, docility and marbling.

In addition to the natural-calving cowherd, a healthy number of ET calves are born each spring and fall out of an impressive stable of donor females.

Not including lease ground, the operation raises its own alfalfa and grass hay on approximately 600 acres that is shared with the cattle.

By the looks of the weaned spring calves and fall babies currently on the ground, the matings have worked out as planned and are resulting in an exciting set of both replacement quality heifers and stout seedstock and commercial bulls.

"We have some really good repeat customers who buy bulls and females from us and have for many years," Bob said.

The Limousin bull's ability to change a calf crop isn't lost on the principals at Wies. After all, that's what introduced them to the breed in the first place.

In 1975, after using Angus bulls on commercial cows, Bob and Euvonne purchased a three-quarters blood and a purebred Limousin bull.

"When we saw those calves the next spring we sold the whole works and bought about 40 halfblood Limousin females and started breeding up from there," Bob says. "Those Limousin-sired calves had so much more growth than what we were used to."

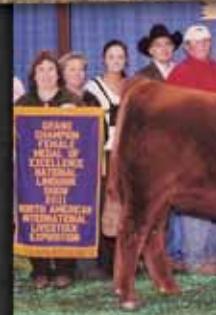

Aside from a handful of junior heifer projects, the majority of the Wies females are marketed through various consignment sales as well as their annual production sale.

In Limousin circles it should come as no surprise that Wies genetics have been well-accepted at venues across the country.

In addition to offering their genetics through a variety of marketing outlets, the Wies program can also be found promoting the breed and their program at various livestock shows including: Missouri State Fair, Southeast Summer Classic and Fort Worth Stock Show as well as the big four- the American Royal, Denver, Louisville and the National Junior Limousin Show and All-American Futurity.

Even after four decades in the registered cattle business Bob and Euvonne still enjoy rides through the pasture and trips to sales and shows. What's more, people have come to expect quality consignments and show ring contenders from Wies Limousin Ranch.

Which is the way it is supposed to be when two things are a perfect fit.

Selling full possession and half semen interest after his show career. Wies Limousin will show and campaign this young herd sire prospect at their expense and when the show career is over the new owner can take possession. We have already had interest on his semen.

Entered in the 2016 NAILE M.O.E. Open Show.

Homozygous polled and homozygous black

One of the finest sons of WLR Prada that has ever been created.

Sired by the leading son of the purebred Angus bull Dameron's First Class is OSU Class Act.

This powerhouse of a bull proudly represents what the last 41 years for the WLR program is all about. He is a true rock star in so many ways. We love him from the ground up as he is massive in his foot size and very soft in her pasterns. He is extreme in his heaviness of bone and the amount of substance that he has. We love his clean front end and the his ability to still maintain so much rib shape and volume. He is strong and level down his top line and very square and perfect out of his hip. This is a true breeding bull that we have no doubt will capture the attention of so many once they see him on sale day. He will be competitive in the show ring as he glides across the ring with the free spirit that he has. Congratulations early to the new owner and join Heather, Robert and their team as they campaign this young beef bull in the breed over the next several months.

LOT 1A - Offering 20 unit semen packages at \$1,200. Contact sale day phones for purchases prior to the sale. Semen will be collected immediately following NAILE.

2 WLR Prada Embryo Package of 5...

WLR Prada made her mark in the show ring by winning the following shows in your career ...

- 2011 North American Livestock Exposition Reserve Division
- 2012 National Western Stock Show Division Champion
- 2012 Eastern Regional Junior Show Grand Champion Female
- 2012 Heartland Regional Junior Show Division Champion

- 2014 NAILE Grand Champion Bull
- 2015 NWSS Division Champion
- National Medal of Excellence Gold Medal Bull National Limousin Sale Top-Selling Lot

RLBH Air Force One is one of the greatest show bulls in the history of the Limousin breed, and he is owned by Council Family Limousin. He was the top-selling Bull at the National Limousin Sale at the National Western Stock Show.

Her dam PBRS Audrey 346A is a new donor for Edwards Land & Cattle Co., Beulaville, NC. She was a recent purchase from P Bar S Ranch, Sand Springs, OK. She represents a mating that has worked so well with that being MAGS Yip back to a purebred Angus female.

Buy with confidence when you consider investing in the genetics of this amazing Lim-Flex female that will forever hold the title of the 2016 All American Futurity Supreme Champion Female. Use the sire of your liking and reap the rewards of what is yet to come. Owned with Edwards Land & Cattle Co., Beulaville, NC

Here is one of the finest open heifers to represent the WLR program over the last many years

She is a daughter of the famed donor WLR Ugly Betty and sired by MAGS Affiance. He is the 50% Lim-Flex sire that was used in the Wies program. He is a powerful son of the highly syndicated sire MAGS Y-Axis and from the famed donor MAGS Sugar N Spice

We admire how this young female is made from the ground up. She is solid in her stance and very prominent in her look and design. She has that substance from the ground and yet maintains that feminine front end. She maintains a tremendous amount of rib shape and volume for her age and we are confident she is going to grow into a powerful show heifer and then future donor cow

WLR Ugly Betty 432U, dam of Lot 7 and 8.

Sired by the Wies herd sire MAGS Shyllo, the leading son of JCL Lodestar 27L from MAGS Phyllo. JCL Heidi 2S is her dam and is the purebred daughter of the once national champion EF Main Stay 541M from DVFC Heidi 302K. WLR Ugly Betty represents a pedigree that has worked in the show ring and has been proven in the market place. She is without a doubt one of the finest donors to ever exist in the WLR program and is one that will forever stay there. One of her sons topped the '15 Magness Bull sale at \$25,000 selling to Liberty Ranch, Plainville, KS. Time and time again her progeny always seem to surface and have been highlights for programs across the land. Buy with confidence here with the genetics from the famed WLR Ugly Betty.

Lot 9 - Sells bred 127 days to MAGS WLR Usual Suspect. Lot 10 - Sells bred 142 days to MAGS WLR Usual Suspect

These two full siblings represent a unique and very appealing mating. These heifers are purebred, double homozygous and are known daughters of the elite WLR donor WLR Ugly Betty 432U. They are sired by the appealing purebred son MAGS Yip. The MAGS Yip have surfaced in the business and some of the finest producing females in the entire breed.

We admire the look and design of these two purebreds and only in a sale of this caliber would you have a chance to own such uniquely breed females.

BSTR Gold Digger ET is flawless in her design and her conformation. She is extremely big footed and very sound made from the ground up. We so admire her length of front end, femininity and length of body. She will forever represent one of the finest and most prominent matings ever created.

SBLX Zane 983Z. She is without a doubt one of the very best red Lim-Flex females in the entire breed. She is a daughter of the deceased MAGS Winston and now one of the breed's hottest herd sires. Her dam SBLX Underthecovers 201U is the \$25,000 half interest valued and leading donor cow for Sugar Bush Cattle Co., Inc, Allen, MI and Double B Grain Farm, McAlisterville, PA. She is a proven daughter of GAR Predestined and from ELMW Ginnie P58G. SBLX Zane is a product of one of the most progressive and prominent matings to ever come from the Sugar Bush program. Henderson Farms, Wellsville, MO campaigned this female with Edwards Land & Cattle Co. And we're very successful. This 50% Lim-Flex donor cow offers a breed leading set of EPD's with a 0.5 for birth, 101 for yearling weight, .63 for marbling and 71 for MTI.

Owned with Belle Star, Fulton, MO.

SBLX Unikorn 144U represents one of the premier matings ever created at Sugar Bush and in the entire breed. The progeny from the many times national Gold Medal dam ELMW Ginnie P58G are some of the very best the breed has to offer. Ginnie is the dam of the once national champion Carrousel's Pina Colada and the top Pinegar donor Carrousel's Peaches. Their progeny have been top sellers and show champions for P Bar S Ranch, Edwards Limousin and Pinegar Limousin. SBLX Unikorn 144U is a full sister to SBLX Underthecovers 201U, the \$50,000 valued donor. SBLX Unikorn 144U is a 50% Lim-Flex daughter of GAR Predestined and happens to be homozygous for both traits. She posts a breed leading set of EPD's with a 0.3 for birth, 10 for CEM, .55 for marbling and 65.70 for \$MTI.

Owned with Stowers Limousin, Bridgeport, TX.

Sells bred 160 days to ELCX Cabin Fever 273C

Here is one of the featured bred heifers of this 41st Anniversary sale and would be a highlight of any young bred heifers offered in the breed

We admire her moderation of frame, fleshing ability and spring of rib. She is massive in her foot size, soft in her pasterns and very fluid in her movement. Only in a sale of this situation would you be able to acquire such a female.

Sired by the highly syndicated purebred sire and once national sale top selling bull CFLX Wild Card. He is the leading son of DHVO Deuce 132R from the once valued \$40,000 donor CFLX Molly's Image.

Her dam FLLR Tango will also highlight this sale and comes with a very long list of successes since she has been in production at Wies Limousin.

Sired by TMCK Durham Wheat, a son of the national champion Limousin bull DHVO Deuce 132R. TMCK Durham Wheat is now one of the leading sires at Stowers Limousin and we are excited to see how his influence will enhance their program. When he was shown, TMCK Durham Wheat was soft in his pastern, extreme in his foot size and very fluid in his movement. He was commended for his unique look and style that he had from the side profile. Most of all, for a purebred bull, he was a freak in that he was very deep in his flank and extreme in his depth of body and capacity. He was a division winner at the 2011 Denver National Western Stock Show and was the 2012 Canadian National Champion bull.

Sells bred 150 days to ELCX Draft Day 395B

Sired by the Wies past senior herd sire WLR Yuma, a homozygous polled and homozygous black son of MAGS Wiggler from the donor that is highlighted in this sale, L7 Topsy 759T

Her dam is a leading donor in the entire breed and is owned in partnership with Heart Felt Farms, Boonsboro, MA and Edwards Land & Cattle Co., Beulaville, NC. She was named to the following titles in her successful show career ...

- MOE Gold Medal Show Heifer of the Year
- 2010 Missouri State Fair and American Royal Reserve Division
- 2010 North American and 2011 National Western Reserve Grand Champion Female
- 2011 Missouri Limousin Field Day and North American Grand Champion Female
- 2011 Missouri State Fair and American Royal Reserve Grand Champion Female
- 2012 National Western Reserve Division Champion
- 2012 Fort Worth Stock Show and Missouri State Fair Division Champion

Will calve around sale time to MAGS WLR Usual Suspect

Here is another other great MAGS Phantom Prize progeny. Her maternal sister WLR Tainted Love, was the top seller in the past Wies sale at \$15,000 for half that sold to our good friends Edwards Land & Cattle Co., Beulaville, NC and Heart Felt Farms, Gettysburg, PA. She is the 2011 Denver Reserve National Champion Female. Her half brother and son of MAGS Phantoms Prize, MAGS WLR Usual Suspect is the breed's Triple Crown Winner and a proud representative of Wies Limousin and Magness Land & Cattle. Another maternal brother is the 2012 All American Futurity grand champion bull AUTO Grand Am. He is the leading sire for Salt Creek Cattle & Genetics and Massey Limousin. To have a daughter of MAGS Phantoms Prize is desire by many in this breed since they have done so well for so many.

This purebred daughter of JCL Lodestar 27L is one of the select few daughters of MAGS Phantoms Prize that has been offered for sale. JCL Lodestar 27L is now deceased but is a noted multiple trait leading sire and one of the top marbling and maternal sires of all times

MAGS Phantoms Prize, dam of Lot 29 and 30.

Sells bred 88 days to WLR Troubadour 142B.

This proven donor female is one of the proven and prominent great ones! She is sired by the popular Angus sire MYTTY In Focus and proudly represents the young and most influential females that headlines the Wies and Small & Sons transplant program. She is made perfect with her design, profile and balance. She is massive in her foot size, bone and balance. She is full of rib shape, volume and capacity. We love the mass and capacity of this past show heifer and have proven over the years that she is amazing in production. With many successful mating's under her belt is just as exciting to realize what she has left to produce for the new owner. This is a hard one to let go of.

Owned with Small & Son, Ohio

Sells due 3.25.17 to OKSU The Profit

She is the past 2009 Missouri State Fair grand champion female and now elite donor cow for Double B Grain Farm and Wies Limousin. The Serenity cow continues to amaze us with her excellence in production. She is the LESF Asphalt daughter that is known for producing the once All American Futurity Champion female for Pinegar and Cody Heavin, Springfield, MO., AUTO Luckie. Her full sister was named the grand champion purebred female at the '13 National Junior Heifer show. Those two champions were just from the WLR Direct Hit and TYEJ DB Serenity mating. There is so much mating potential and future possibilities that any breeder can create with the influence of TYEJ DB Serenity. She is one of the most notable and respectable donors in the entire Limousin breed.

Sells bred 100 days to MAGS WLR Usual Suspect

Her future calf will be sired by the Triple Crown winning bull, MAGS WLR Usual Suspect 538U. DFLC 16S is a full sister to the dam of the 2013 National Champion Purebred Limousin female, ELCX Twilight. ELCX Twilight 114X is the purebred daughter of DHVO Deuce from DFLC 1S that dominated the Denver National Show that year. She was bred in the Edwards Land & Cattle Co. program in Beulaville, NC and is owned with Wies Limousin, Wellsville, MO. DFLC 16S is a partnership female with Edwards Land & Cattle Co. and a known daughter of the deceased and multiple trait leading sire JCL Lodestar 27L from the Edwards donor DFLC 25L. If you want to invest in a female that has predictability and a ton of notoriety bred into her then consider DFLC 16S.

Owned with Edwards Land & Cattle Co., Beulaville, NC

62% Lim-Flex, double polled and homozygous black

This brood cow ranks in the top 10% of the breed for REA with a .74, top 15% for MB with a .29 and \$MTI with a 60.95, top 25% for CW with a 31.

This brood cow is sired by WLR Thrill Seeker 350T, a son of KRVN Naskar 013N and from the big league donor MAGS Night Ambush. He is a maternal brother to the breed popular A.I. sire WLR Direct Hit.

MAGS Unbelievable is a powerful daughter of BC 7022 Raven 7965 and from the MAGS Phyllo female.

SSTO Sadie 6854S Cow Family

SSTO Sadie 6854S, dam of Lot 46 & 47.

SSTO Sadie 6854S is a daughter of the multiple trait-leading sire JCL Lodestar 27L. She is from an Angus daughter of SITZ Traveler 8180 back to a daughter of Emulation N Bar 5522. This proven donor is homozygous polled, homozygous black and has the EPD profile and the conformation that will rival with any Lim-Flex females in our great breed of cattle. SSTO Sadie 6854S has earned a 0.8 for birth, 99 for yearling weight, 24 for milk, .39 for marbling and 60 for MTI. She scanned a 11.2 for ribeye and 4.14 for marbling. Sadie is huge in her middle, very broody in her appearance and has a tremendous amount of performance that backs her proven pedigree. Her daughters sired by the All American Futurity Champion sire MAGS Xyloid are offered in this sale.

Purebred, homozygous polled and homozygous black

Sired by MAGS Shyllo, the once senior herd sire at Wies Limousin. He is one of the best things that have ever happened at Wies Limousin is the incorporation of the herd sire MAGS Shyllo. He is a double homozygous sire and son of JCL Lodestar 27L. His dam is MAGS Phyllo, a daughter of BR Midland out of a daughter of Wulf's Quarterback. This young herd sire posted an 89 pound birth weight, 785 pound adjusted weaning weight and 1,401 pound adjusted yearling weight. His calves have highlighted their sales and they are some of the finest and this female is one of his very best.

Her dam is MCBN Twilight 709T, a huge numbered and productive daughter of AUTO Dollar General 122R from the AUTO Melania 271M female.

WLR Zahra is a purebred female that is in the prime years of her production and ready to work in your program.

MAGS Shyllo, sire of Lot 50.

EF Unheard Of is a female over the years that has created much interest. She is a homozygous black and double polled daughter of MYTTY In Focus that is just amazing! She represents the premier genetics of MAGS Manuela. Manuela has made her mark in our breed as one of the truly great black purebred donors for Sugar Bush Limousin, Allen, MI. Full sisters to this heifer have topped sales and have been top purchases by some of the finest cattlemen in our breed. A full sister sold for \$25,000 for half interest and is owned by Council Family and Hayhook Ranches. Another sold for \$15,000 from Sugar Bush to Riverdale Ranch. Though she is now deceased the lineage lives on with her in this young daughter of MAGS WLR Usual Suspect 538U. He is the Triple Crown winning bull and elite red and homozygous polled son of MAGS Sasquatch.

Purebred, red and polled

Here is a daughter of KEHG Juliet 10H, the leading foundation donor for many years at Wies Limousin. She is responsible for raising some of the finest progeny in the breed. Her most famous mating is when she was mated to the purebred bull GPFF Blaque Rulon where there are a select few that have been breed highlights for the owners P Bar S Ranch and Wies Limousin.

Her daughter is by the Triple Crown winning sire MAGS WLR Usual Suspect and we think you will be pleased once you see her on sale day. This red purebred female has earned her right to be labeled a top producer at Wies Limousin over the last few years.

KEHG Juliet 10H, dam of Lot 62.

MAGS WL Usual Suspect 538U,
sire of Lot 62.
