at 1:00 pm**

**Titus County Fair Arena
1800 North Jefferson Ave.,
Mt. Pleasant, TX 75455**

Dear Fellow Limousin Enthusiasts,

I would like to welcome all of you to our second annual fall sale at Mt. Pleasant, Texas. While you evaluate these cattle I think you will agree that there is something here for all segments of the cattle industry. There will be proven donors and future donor prospects, as well as purebred and Lim-flex cattle alike. There is a stout set of bulls that will serve the commercial cattlemen as well as bulls that will make a positive impact on any Limousin breeders herd. Quality females, bred to elite herd sires, and some of the finest genetics found anywhere in the United States are what our consignors are offering. You will also find a set of functional and useful cows, breds, and open females. Additionally we are offering a group of planned mating's {frozen embryos} that any breeder would like to have in their tank. Many will be flush mates to former and current champions that we have seen win shows all across the nation. As we close I will invite you to look at a group of halter broke show prospects that will be highly competitive and garner attention by one and all, these heifers are eligible for the Four States Limousin Association 2014 "Run For The Roses" heifer futurity held at the East Texas State Fair open Limousin show in late September 2014. These heifers will be notated with a rose beside their lot number, as well as heifers that will sell in our 2014 spring futurity heifer sale in April in Madisonville, Texas. There will be a minimum payout of \$2,000.00 with \$1,000.00 paid to the champion \$500.00 to Reserve and the remainder of the purse paid evenly among the returning futurity heifers. So please join us on September 14, 2013 by phone or in person, and I think you will agree we are offering some of the finest Limousin genetics in the country. Feel free to contact any consignors about any questions that may arise.

Thank You in Advance,
Kevin Council, President

RUN for the ROSES FUTURITY

All September or younger heifers are "Run for the Roses" Futurity eligible to show at the East Texas State Fair Open Limousin Show. It will be held in September of 2014. There will be a \$2,000 purse with a \$1,000 payout to the Grand Champion Heifer and \$500 to the Reserve Grand Champion Heifer. The remainder of the money will be divided among the remaining females at show. Heifers must sell the ring to the buyer listed as the owner at the show in September. This is an open futurity for juniors and adults.

Sells open and ready for immediate transplant

391U is a big time donor for Council Family Limousin and Pinegar Limousin. This MYTTY IN Focus daughter is out of MAGS Salmetto, a big league donor. She stands on a huge foot, is soft in her pasterns and is one of the great females to be offered this fall. Rhad Baker Limousin and Stowers Limousin have invested in her daughters and they have already experienced success in the show ring with them. She has earned a - 1.8 for birth, 57 for weaning weight, 104 for yearling weight, and 29 for milking ability. She also charts a breed leading marbling EPD of .48 and MTI of 60. If your looking for a big league donor and proven Lim- Flex donor to headline your program , take note of SBLX Unna 391U.

Here is a daughter of the featured donor SBLX Unna 391U. This young embryo transplant heifer is sired by MAGS Payday, a red and polled son of Wulf's Titus from the \$20,000 half interest valued donor for Magness, MAGS Snickers. She is a daughter of BR Midland back to the famed MAGS Lady Ace. This young heifer is very complete in her profile and very well balanced. She is represents a strong and proven pedigree and one that will bring attention to any program once the investment is made.

Due approximately 11.28.13 to CFLX Roadster 153Y (resulting calf will be homozygous polled and homozygous black).

Here is one of the features of the sale and from the heart of the CFLX program. This 25% Lim-Flex female is sired by Basin Franchise and goes back to MAGS Running Wild. Running Wild is a daughter of Summitcrest High Prime back to MAGS Lady Ace. The promotion, value and prestige behind this female are off the charts. Her resulting calf will be double homozygous and we are certain really, really good.

These purebred Red Angus embryos are sired by the huge numbered Red Angus sire Feddes Big Sky R9. He is a top selling bull in the breed due to his fertility, calving ease and beautiful daughters he has left behind. He has earned a low calving ease birth number of - 4.5 with a milk of 33 and breed leading marbling number of .74. These future calves are from the premier Red Angus donor at Sugar Bush Cattle, Inc., 3R Ms Touch 21M. She is a daughter of 3R 2595 HOBO 133G, a son of Buf Crk HOBO 2595. She is extreme in her rib shape and extremely bog footed and soft in her pasterns. These future calves are going to really be something special.
