PCC EVENING TINGE 226 8001

- This exciting young show and donor prospect is among the best Travis and Beth have raised.
- Lot 1 offers impressive visual quality, while being backed by the genetic power and consistency of the Evening Tinge cow family. Evening Tinge 430J is super feminine, high-volumed, stout made and sound. Her body type reads of brood cow utility, as she is deep, bold hearted and robust in her upper rib shape. This, in combination with her extraordinary width and power, suggests she is sure to generate results in the show ring and profit as a show and performance donor once in production.
- The dam of lot 1, Evening Tinge 430E, is the \$151,000 highest-valued female in the Pembroke donor arsenal after one-half interest in her sold to Sullivan Farms for \$75,500 in the 2017 Pembroke Cattle Co. Fall Production Sale. A flush on Evening Tinge 430E sold for \$12,000 in the 2020 Pembroke Cattle Co. Fall Production Sale where her dam, Evening Tinge 226 8001, sold for \$14,000 as an 8-year-old cow after first being valued at \$60,000 when ½ interest was selected in the 2017 PCC Production Sale by Mark and Connie Randol for \$30,000. The Evening Tinge line has been the highest income generating Angus cow family at PCC, so take advantage of this opportunity to own the first natural daughter of its most valuable descendant to date.
