Dear Cattlemen,

Welcome to the 2022 edition of the Solid Gold Limousin Sale held in conjunction with the Canadian Western Agribition in Regina, Saskatchewan.

The Canadian Western Agribition has long been a premier showcase for the Limousin breed and this edition promises to uphold that proud tradition.

An impressive collection of astute Limousin producers have assembled a varied and noteworthy cross section of Limousin genetics consisting of both proven and new age blood. From proven donors, to fancy open heifers, to budding herd sire prospects, to designer matings, this offering is one for the ages. Simply put, the contributors have pulled out all of the stops to bring you one of the best Solid Gold sale offerings in recent memory.

Of special note, we would like to thank the sponsors who have given of their time and resources to help insure this event is one that will keep the Limousin breed in the prominent position it currently holds not only in Saskatchewan, but throughout Canada.

If you are unable to attend we ask that you join us online through DLMS where internet bidding will be available.

We hope to see you November 30 in the International Business Center at 6:30 p.m. for what is shaping up to be a grand event. Should you have any questions prior to the sale, please do not hesitate to contact us. We are here to help and look forward to working with each and every one of you.

Sincerely,

Kiley McKinna
(402)350-3447

TERMS:

Cattle sell under the standard terms and conditions of their respective breed associations.

EPDS

EPDs often change from the time the catalog is printed until the registration papers are transferred. EPDs dated 10/25/22.

ANNOUNCEMENTS

Announcements at the sale by the owners, auctioneers or sale management will take precedence over statements in this catalog.

TRUCKING

Reliable truckers will be available or contacted to assist in making arrangements for shipping.

SETTLEMENT

Terms are cash or check. Purchasers must make settlement with Sale Management prior to taking possession of purchased animals. Any arrangements to the contrary between buyers and sellers are at the seller's risk and are without liability to the sale management.

TRANSFERS

Once sale settlement is dispersed, it is the responsibility of seller to transfer purchases to buyer.

WARNING

All persons who attend the sale do so at their own risk. Neither the owners, sale management nor anyone else associated with the sale assumes liability, legal or otherwise, for accidents or loss of property.

AI'd 3/26/22 to B-Bar/VLE Fugitive 8J ET. Safe.

What a special lot to lead the 2022 Solid Gold Limousin Sale! Greenwood Pld Birch combines a notable pedigree, proven resume and eye-catching phenotype. This donor is consigned by the prestigious Greenwood Limousin. Greenwood Pld Birch is sired by the popular AI sire CJSL Windfall 9072W, whose influence has been seen across North America in multiple progressive breeding programs. Her dam is the storied HSF Tinkerbell, the popular Carrousel's Nasdaq daughter out of the well-known NP Vidalia 164H. Few donor females ever reach the elevated status of this female. On paper, Greenwood Pld Birch presents above-average growth and maternal traits. From the ground up this female is big-footed, stout in her bone work with added angularity to her skeletal design. She is genuine in her muscle shape and dimension with a practical build. Don't miss this female—we think she has a bright future. Selling full interest and full possession.

Retaining the right to 1 successful flush at seller's expense and buyer's convenience.

This high-quality heifer is smooth and elegant in her design, tremendous on her feet and legs with ample muscle. The added dimension she offers is impressive when coupled with her flawless structure and attractive angles. She is a daughter of SSTO Guns N Roses 9408G. He is the son of TASF Crown Royal 960C and Riverstone Charmed 50C. RPY Paynes Kendal 49K is out of RPY Paynes Ruby 75Y who has done a great job. She is a maternal sib to RPY Paynes Balboa who is currently working in the Circle T herd. Her maternal grandmother is the only Limousin female to ever win Grand Champion honors at the Legends of the Fall all breed competition. *Retaining the right to 1 successful flush at seller's expense and buyer's convenience.*

This female is ultra-complete and wicked good. Royal Kolly RBGL 205K is flawless in her lines, bold through her center body, and correct in her angles. This female has a superior look and quality about her, coupled with a phenomenal build and structural soundness. She handles herself elegantly with a confident stride and maximum skeletal flexibility. Her sire was the high seller at the 2019 RWF 50th Limousin Anniversary Sale. She was raised by a beautifully patterned 2-year-old female, who was the first natural calf for the 2019 National Champion Boss Lake Ms Molly 812F. This makes 005H a full sibling to Royal Jester RBGL 103J, the 2021 North America record high-selling bull. The opportunity to flush her dam sells as Lot 13.

This fancy female will stop you dead in your tracks. She is long and level in her spine, extended and clean through her front one-third and huge middled. She is as sound as you can make one and absolutely gorgeous on the profile. Her sire is one of the most competitive sire groups in the show cattle industry. The list of Lim-Flex champions sired by "Style" would be too long to fit on one page. Her donor dam is a EXLR Total Impact 054T daughter best known for her Supreme victory at the 2018 Farmfair International show. A maternal sister, PYN 62F, was appraised at \$31,000. This lot has all the pieces to compete nationally. We are confident this female will have a bright show career and an even brighter career in production!

This herd sire prospect is an absolute eye-catcher. Stout-featured, long-bodied, wide-based and impressive when set into motion. He is sired by the proven LFLC Checking Account 701C, who transmits structural soundness, conformation and breed-leading growth. His dam is a beautiful patterned LFLC Denver 857D daughter that we purchased from J. Yorga Farms. On paper, Martens KOBE 6K ranks in the top 10% for weaning weight, top 20% for yearling weight and top 15% for ribeye area. This combination of presence and numbers projects him to be the type of herd bull that produces well-balanced, stout calves year in and year out.

Retaining 20 units of semen for in-herd use.

Well-balanced is the term that best describes this young herd sire prospect. He is stout-featured, long-bodied, wide-based and impressive when in motion. Big-time performance and carcass merit are found in this eye-catching stud. His GE-EPD profile leads the breed for growth, scrotal, docility, carcass weight and ribeye area. He is sired by B Bar Bentley, who has proven to transmit growth and complete phenotypes. His donor dam, B Bar Starburst 19D, is a beautiful female that is rooted in the "Starburst" lineage. Visually Martens Kaiser 8K is deep-bodied and stout. This combination of presence and numbers project him to be the type of herd bull that produces value-added calves.

Gold Rush is dead. While there will be limited semen used in the future, this is your opportunity to take advantage of his last natural calf crop. His performance EPDs are in the top 1% of the business, combined with a Milk number of 29. On the dam side, there are heifers out of past donor cows, mothers from the heart of our ET program and a full sib to JYF Fancy 816F. The Gold Rush heifer calves were in demand at the 2021 Piece of the Pie sale, selling to Minor Limousin, Stewart Limousin, and Short Grass Limousin. JYF Jazzy 322J went on to be the junior calf champion at Agribition. The calves are on the ground now and will be weaned in March. Selection to be made prior to June 1.

PICK OF THE 2021 FALL & 2022 SPRING BORN HEIFERS

Contributor: Trefz Limousin, Wetonka, SD

Here is your opportunity to purchase your pick of the 2021 fall & 2022 spring open females from one of America's leading programs for nearly 40 years. Trefz Limousin annually hosts the "Where Muscle Still Matters" Bull Sale the second Saturday in February at the ranch. This appropriately named event is a source for Limousin cattle enthusiasts to purchase Limousin genetics that have explosive muscle and natural thickness of high percentage and purity. A few notable progeny that have seemed from this reputable program is the \$51,000 TREF Hardcore 204H and the \$40,000 TREF Junk Yard Dog 177J just to name a couple. No program would be complete without all-star mother cows and the Trefz program is loaded with them. Don't pass the chance to take your pick of these calf crops numbering more than 65 head!

Sires of the heifers include: Anchor B Gold Rush 48G; TOMV Diesel 619D; TREF EZ Street 107E; TREF Grandslam 111G; TREF Hardcore 204H and TREF Zeus 232Z.

Selection to be made no later than January 10, 2023.

Turn your attention to this exciting right to IVF flush a leading female. Royal Holly RBGL 005H is a full sibling to Royal Jester RBGL 103J, the \$64,000 2021 North America record high selling bull. This unique herd sire was admired for his stand-out phenotype and structural soundness—Royal Holly RBGL 005H shares those same good pieces. From the ground up she is big-footed, stout in her bone work with added angularity. She is a daughter of the 2019 National Champion, Boss Lake Ms. Molly 812F who has captured the attention of many astute cattlemen on both sides of the border due to her unique combination of athleticism, bone, power and mass, while maintaining an ultra-feminine look. Her sire, Hunt Credentials 37C, effectively transmits structural soundness, perfect foot conformation, scrotal circumference and breed leading marbling. This female's first natural calf sells as Lot 3 in this sale. Her progeny will be phenotypically elite and highly marketable.

Selling a minimum of six embryos with a maximum of 10. Anything above is split between buyer and seller. Buyer pays flush expenses.

We believe this red purebred female that we selected from Canada is truly special. This female is sired by the popular purebred A.I. sire LFLC Bank Account 701B. Her powerful dam is the daughter of the widely popular Cottage Lake Border Agent. Boss Lake Ms Molly 814F had an extremely successful Canadian show ring carrier for Boss Lake Genetics. She was extremely competitive in the Limousin division and claimed multiple supreme victories. Boss Lake Ms Molly 068H was campaigned by the Hennessy family of North Dakota. She attracted the attention of many when she competed in the 2021 National Junior Show. We think highly of this young donor and feel the potential in these designer matings is endless.

Copper Top 18C is a cow that has been a stand out since birth. This Derby daughter has been admired by many for her thickness, capacity, hair and overall mass. Her dam, THE 25Y, has produced for us time and time again and has provided many quality offspring that continue to make their mark in our herd, showing the value of a predictable cow family. THE 18C passes on her docility, thickness, and performance to her offspring, making the mating possibilities endless. This can be seen with her two calves in this year's show string. THE 18C is bred for a mid January calf and will be ready to flush in the spring of 2023. Don't miss out on this exciting opportunity!

An intriguing opportunity to flush Pinnacle's Honor Roll 72H. This female was a sale feature and top seller at Pinnacle View Limousin's 30th Anniversary Production Sale. She caught our eye because of her unrivaled amount of substance with genuine body shape and dimension and flawless structural build. She is the daughter of the popular B Bar/Hawkeye Sting 47F, who transmits muscle expression and center capacity. Her dam is a young, up-and-coming female in the Pinnacle View program. We are offering the right to flush this female to four different A.I. sires for progeny capable of highlighting a variety of programs.

Here is the \$90,000 top-selling donor at the Conley Cattle Fall Production sale. This female created a lot of buzz, with her flawless lines and natural shape and dimension. These matings are a special Lim-Flex sale attraction. She is a daughter of E&B Confederate 507 back to Conley S Sis Sandy 4350 who sold for one-half interest at \$25,000 through the 2019 Conley Cattle Fall Production Sale. Conley Cattle recently exhibited the Grand Champion Pen of Three Bulls at the 2022 Cattlemen's Congress—Conley Sandy 7350 was the dam of two of those members—Conley Cornerstone and Conley Constitution, who were features in the 2022 Conley Bull Sale. Here is a powerful Angus donor female that offers unlimited genetic potential and has the ability to produce competitive Lim-Flex show heifers. Opportunity abounds for this unique consignment.

Selling a minimum of six embryos with a maximum of 10. Anything above is split between buyer and seller. Buyer pays flush expenses.

Yrlg. Frame: 6.2; SC: 38 cm.; UFat: 0.21; UREA: 16.36; UIMF: 1.8

Truly a sale feature, Wulfs John Wayne H915J intrigued B Bar Cattle, Andrew Ranches and Andrew Ranching as a unique breeding piece. Admire John Wayne for his athleticism. Structurally, he is flawless. From the ground up, he is massive footed with perfect toe conformation. When set in motion he covers his tracks effortlessly, taking an extended stride. His silhouette will catch your eye with his dimension, muscle expression, capacity and growth. His actual performance is truly impressive, weighing heavy at weaning and yearling, measuring a large scrotal circumference and scanning exceptionally well. He is sired by Wulfs Command K136C, a top selling bull in a previous Wulf Cattle Opportunity sale going to Pinnacle View Limousin then being named Reserve National Champion in 2017. His dam is a beautiful pattered Wulfs Warbonnet 6254W daughter. What's more, he is homozygous polled. Wulfs John Wayne H915J will have Domestic and CSS Semen collected by sale day for immediate use or exportation. Don't miss out on your chance to own the genetics behind this remarkable purebred. We look forward to seeing the impact he has on the entire breed.

SOLID GOLD LIMOUSIN SALE • NOVEMBER 30, 2022

The History of **HIGHLAND STOCK FARMS**

Highland Stock Farms was established in 1932 by Charles Matthews who raised Angus cattle and Percheron horses. Charles' son Donald C. Matthews was the second-generation of the Matthews family to take Highland Stock Farms into the future of Angus and Limousin cattle. He held executive positions in numerous cattle organizations. He was elected to the first board of the Canadian Limousin Association (CLA) that was formed in 1970. He became President of the CLA in 1981. He and his wife Jean were awarded the Canadian Limousin Association Award of Distinction in 1984. Don served as President of the Canadian Angus and Alberta Angus Associations and was twice President of the Alberta Cattle Breeders (Calgary Bull Sale). His leadership in the cattle industry led him to be recognized with inductions into the Alberta and Canadian Agriculture Hall of Fame, the "Distinguished Cattleman Award" by the Alberta Cattle Commission and being named "Stockman of the Year" by the *Record Stockman* Magazine at the National Western Stock Show. He also served as President of the Calgary Stampede in 1964 and 1965. Jean passed away in 1994 and Don passed away in 1996.

The Limousin breed was first introduced to Highland in 1970 when Don's son Rob (the third generation) started artificially inseminating Angus cows to Limousin bulls. Rob had been watching exotic breeds do well and decided the Limousin breed would work the best with their Angus cows. Also in 1970, an import permit was acquired "Futee" in September. Later on, Don went to France to select some of the first Limousin for other Canadian breeders and more for Highland.

December 1969 marked the introduction of the International Cattleman's Expo in Las Vegas. The Canadian Joint Beef Breeds Association of the day sent a display of cattle to the trade show. As a young cattleman, Rob was asked to join the group as a herdsman. Prince Pompadour, the first Limousin bull imported to North America was penned across from the Canadian display as the inaugural American introductions to the Limousin breed.

Highland was among the first to choose embryo transfer to capitalize on new genetics. In 1973, the first of many ET calves were born at Highland. The first Limousin shown by Highland Stock Farms was a Limousin steer at the 1973 Calgary Bull Sale Steer Show, he was Reserve Grand Champion overall.

Over the years, Rob has committed countless volunteer hours on numerous boards. He and his father Don are the only father and son to serve as Canadian Limousin Association Presidents and the second father and son to be Presidents of the Calgary Stampede. Rob also served on the boards of the Canadian Beef Breeds Council, the Alberta Cattle Breeders and was President of the Alberta Angus Association. He too also received

the "Stockman of the Year" award. Rob has judged Limousin cattle from British Columbia to Ontario, in seven U.S. states and was the judge of the Interbreed Show at the Royal Highland Show in Scotland. In 2002, Rob was chairman of the ILC Show and Sale held in Calgary in conjunction with the Calgary Stampede.

In 1980, Rob purchased a ranch in Absarokee, Montana, known as Highland Valley Ranch. For 24 years it was the venue for the Highland Bull Sale. And, it is where Rob met his wife, Marci. Highland Valley Ranch was sold in 2004 due to the BSE issues and the inability to move cattle across the border. The Highland Bull Sale venue was then at Highwood Auction Mart until it closed. Now the sale is located at the ranch near Bragg Creek, Alta. Highland has sold Limousin cattle and genetics across Canada, USA, Mexico, England, Scotland, Ireland, Argentina, Chile, Brazil, China, Russia, South Africa and Australia.

In 1983, Rob and Marci became a team, taking over the operation of Highland Stock Farms and purchasing Highland from Don and Jean in 1990. Rob and Marci were awarded the Canadian Limousin Association Award of Distinction in 2008. To this day, Marci runs the office which includes all accounting and cattle registrations.

Today, Highland Stock Farms is in a transition with the 4th and 5th generations. Rob and Marci's daughter, Amanda, along with her sons, Holt and Revington, are taking an active role in the day-to-day operations. Rob and Marci are extremely proud that Amanda is the third generation of Highland to be elected to the Canadian Limousin Association Board of Directors. She was also on the first board of the Canadian Junior Limousin Association. Her son Holt, at four years old, showed his first Limousin female this past spring at the Chinook Junior Show held in Claresholm, Alta. Both Holt and Revington are keen cow help and love being part of the team at Highland.

The future goals for Highland Stock Farms are to eventually become a fully homozygous polled herd by test or pedigree—they are more than 80% there. They are currently looking to grow their herd and are always on the lookout for the next strong herd sires that will fit their future goals.

Believing in the Limousin breed's strong quality, terminal traits and longevity of females has led to the success of the Highland Stock Farms program, implementing their slogan "they have made their way by the way they are made"—breeding Angus for 87 years and Limousin for 49 years!

Editors Note: This article was adapted from "They Have Made Their Way by the Way They are Made - Highland Stock Farms," by Tessa Verbeek, 2019, *Limousin Voice*, Vol 15 Number 1, p. 53-59. Reprinted with permission.
