

RUST MOUNTAIN VIEW RANCH
MERCER, ND

RMMR

12th Annual

ACE IN THE HOLE

bull sale

THURSDAY
FEB. 9. 2023
AT THE RANCH - 1PM CT

Welcome from Rust MountainView

As I have sat here and reflected back on the year and thought about it, I have come to the conclusion that the keyword for 2022 is PRAISE. I am sure most of you know that the fall of 2022 has been a tough time within my family. We lost Trista's Dad (Kyle Giffey) suddenly. From the time he was diagnosed with cancer till the time he passed away it was roughly 3 weeks. Most of you will know Kyle as he was the man that prepared all the food for our sales and was a pillar in the surrounding communities. If you needed food catered or plants to go into your garden, Kyle was your man. As I write this letter it is bitter sweet. I am excited about the impacts the bulls will leave at their new homes, but emotional about not having Kyle preparing the food and delivering it with his big smile and cowboy hat on! He was a great Dad, Grandpa, Father-In-law, Uncle, brother, and friend! We will miss him immensely!!! During this same timeframe Kaylee was in a school bus accident and the bus rolled over. She is fine now, (with a few bumps, bruises, and one scar on her leg) but definitely a very nerve-racking time for our family! I joked with the other boys that we better wrap them in bubble wrap but they didn't take me seriously. During the football season Karson blew out his knee and Kutler broke his wrist. Both those boys are recovering nicely and their physical therapist mom made sure their recovery was on point! During all of this Keaton suffered a major seizure and was taken by ambulance to the hospital. After several doctor visits, mri's, and meetings with specialists they determined he had a cavernoma on the lobe of his brain that caused the seizure and surgery was required! There are not many situations that bother me but this was extremely hard for Keaton, Trista, and I along with the rest of the family to comprehend and understand! Our 17-year-old senior son was going to have to have brain surgery! There has been lots of prayers, sleepless nights, and even long talks about how could this be happening to us. Our comfort is that we can bring everything to God through his son Jesus Christ. We are glad to report as I am writing this welcome letter that Keaton has made it through the surgery extremely well and should have no side effects going forward (other than the scar on his head that is roughly 5 inches long, that is more of a concern for Keaton than Mom and Dad 😊). I just want to thank everyone for all the prayers, texts, phone calls during this time! We are just so thankful that through these trials in our lives that we have friends, and family that are so willing to help out and go the extra mile to make sure harvest, and the rest of the kid's schedules stayed on tract. Without you all we wouldn't have been able to make it to this point. Thank you from the bottom of our hearts and PRAISE God for bringing us through these trials in 2022!!

As in the past welcome letters I like sharing about my faith and this year we will look at Psalm 63 one more time and then I will include a few paragraphs from Dr. David Jeremiah's book "When Your World Falls Apart". Let's get started with Psalm 63 verses 1-11 which say the following, 1 O God, you are my God, earnestly I seek you; my soul thirsts for you, in a dry and weary land where there is no water. 2 I have seen you in the sanctuary and beheld your power and your glory. 3 Because your love is better than life, my lips will glorify you. 4 I will praise you as long as I live, and in your name I will lift up my hands. 5 My soul will be satisfied as with the richest of foods; with singing lips my mouth will praise you. 6 On my bed I remember you; I think of you through the watches of the night. 7 Because you are my help, I sing in the shadow of your wings. 8 My soul clings to you; your right hand upholds me. 9 They who seek my life will be destroyed; they will go down to the depths of the earth. 10 They will be given over to the sword and become food for jackals. 11 But the king will rejoice in God; all who swear by God's name will praise him, while the mouths of liars will be silenced.

What is so cool about this chapter in Psalms is this is David's real life that we are reading about, and it is some of the toughest times for him after he has been anointed King of Israel, but yet he praises God in these tough times! How does he praise him in these tough times you ask? He does it by his lips, hands, memories, and intellects. In one of David's darkest hours, he Praises God with his limbs all the way to his mind. What incredible faith David has (because I know that is not the first thing I do when things are tough)! This is what David Jeremiah writes about this time in David's life and how he relates it back to our lives personally.

"David praised God. We find ourselves in deserts or dungeons. Our friends would give us all kinds of advice, but the last thing they might counsel us to do would be to praise God. When Job lay suffering with every earthly pleasure striped away, his wife advised him to "curse God and die." But such an attitude is in itself a form of death. It's spiritual suicide. Genuine praise, offered stubbornly in the face of adversity, makes no sense by any worldly calculation, That's fine. There are deeper truths that don't "make sense" on the surface of things. The great Christian mathematician Blaise Pascal once said that "the heart has its reasons which the reason does not know." God's rules fly in the face of our logic. When we begin to praise God, not in response to prosperity, but in defiance of misfortune, we align ourselves with the deepest truths of the universe, the place where God dispenses deep wisdom and spiritual maturity. We unleash His victorious power in the world of pain and suffering. We create the environment where miracles occur. And the first miracle occurs inside the mind of the afflicted. Learn to praise God regardless of your personal circumstances, and you'll see miracles occur. Your heart and mind will be renewed. Your perspective will widen panoramically. And your attitude toward God will never be the same."

If you decide you want to take advantage of this opportunity to Praise God in all circumstances, no matter where you are spiritually, please talk to one of us at RMVR. It would be a privilege of ours to help start you towards the path of peace, comfort, and Praise that our Savior Jesus Christ can provide!

With that being said I will officially invite you to our 12th Annual "Ace In The Hole" Bull Sale. Wow I can hardly believe that we are at our 12th production sale. The years have flown by and as I have looked back on the previous sales from the 1st to the 12th it is unbelievable on the strides our cattle have made! One thing that has stayed consistent and constant is that our bull

customers and friends are still the best in the business, hands down! If you are in need of a bull, or just want to show up and enjoy dinner in a positive, friendly environment, and talk with other ranchers, farmers, and business owners about the previous year please do so. One thing I can guarantee is the coffee will be hot and the food will be outstanding!

This year will mark the seventh year we will be offering Age Advantage bulls and we are extremely happy with how the process is going and will continue to offer them each and every year going forward. Don't worry if you prefer yearling bulls, we will have you covered there as well.

Calving time is an incredible time at the ranch each and every year! We get to see the potential of our new calf crop for next year's bull and female sales, along with God bringing new life onto this earth! We have had some very interesting and exciting conversations with our kids as they have grown up during this time of the year as well! Trust me my kids know where babies come from!! We have taken great time and efforts in choosing our herd sire selections (along with our trusted sales staff helping us with this process), so we can thus produce the most optimal cattle possible for you the customer in VOLUME.

Thank you for taking the time to sit down, read, and view our sale catalog. We truly do appreciate you the customer and your interest in our program. It takes many aspects in a bull sale to make it successful with the number one being the customer. Please at any time let us know how we can better assist you prior to the sale and after the sale. We VALUE your opinions and we will do our very best to try to accommodate your needs and requests to make everyone more profitable and successful!

We have really concentrated our efforts on developing our bull program with you, our buyers, in mind. We strive for consistency throughout our bull pen. We are also firm believers that if we can't use them on our commercial cows, we don't sell them. Whether we sell 15 bulls or 150 bulls it doesn't matter to us, QUALITY is king! Selection of the bulls is rigorous, with no exceptions, or excuses made for any bull! My Dad jokes about it often that if he sees the JD Gator in the bull pen driving around that we will be sorting off bulls and banding later in the day, and I have to say that he is fairly accurate with this observation! We are extremely proud of the offering we are bringing to you and are sure there is a bull in our pen that will meet or exceed your expectations! With that in mind we invite you to our home/ranch on Feb 9, 2023 at 1pm CT just north of Mercer, ND for our 12th Annual "Ace In The Hole" bull sale!

If you have any questions about the sale offering don't hesitate to call or text. Or if you are in the area, we always enjoy visitors and would love to give you a tour of the ranch. Although this year might be a short tour with all the snow we have gotten!

Thanks again for your interest in our program! May God bless you in 2023!

FULLY GUARANTEED - We stand behind our bulls. Shall a bull fail to be a satisfactory breeder, he will be replaced with another bull of equal quality or a credit will be given. No refunds.

SEMEN INTERESTS - Rust Mountain View Ranch is retaining 1/3 semen interest in all sale bulls and reserves the right to collect any bulls at their expense and the buyer's convenience.

PAYMENT - U.S. Currency only, contact Graham Blagg immediately after the sale to receive wire transfer information.

ANNOUNCEMENTS & SALE TERMS

Announcements made from the auction block during the sale take precedence over printed material in the catalog or other printed material associated with this sale. Anyone attending this sale attends at his or her own risk. Breeders and sale force will not be held responsible for any personal injury for attending this sale. We highly recommend you insure your purchase on sale day, if they stay at our ranch. All cattle sell under the Suggested Terms and Conditions of the American Simmental Association.

EPD'S - The EPD's listed are the most current numbers at the time of print. Please note the EPD's may change from the time the sale catalog is printed until registration papers are transferred.

VIDEOS - Videos on all sale cattle will be available on CCI.Live.com or RustMountainViewRanch.com

DELIVERY IN USA - \$100 discount if bulls are picked up sale day. Rust will assist in lining up the most economical delivery method possible. All trucking is the responsibility of the new owner unless otherwise prearranged prior to sale.

DELIVERY TO CANADA - If any of our Canadian customers have interest in specific bulls, Rust Mountain View Ranch will test the bulls prior to the sale at our expense so we can have delivery to Canada within the week of the sale. Rust will cover all importing expenses and delivery to the border crossing. Contact Rust or BMS for further information and to request specific bulls to be tested and paper work started prior to the sale.

Schedule of Events

WEDNESDAY, FEBRUARY 8TH

- Sale cattle available for viewing

THURSDAY FEB. 9

9:00am - Carmel Rolls and coffee served

11:30am - Complimentary lunch

1:00pm - 12TH ANNUAL "ACE IN THE HOLE" SALE

Welcome from Bohrsen

It's our pleasure to welcome you to the 12th annual "Ace In The Hole" Bull Sale from the Rust family of Rust Mountain View Ranch as well as all of us at Bohrsen Marketing Services. We are very excited to welcome you to this stout set of herd bulls featuring some of the most elite Simmental, Angus and SimAngus genetics in the entire world. The Rust family has spared no time or expense to annually source some of the most elite donors and herd bulls in North America and many of the most influential breeding pieces across several breeds have called Mercer, ND home. Their never ending quest to source cattle that are sound made, easy doing and poised for today's market and industry is truly commendable. When you choose to source your next herd bull from RMVR you can be rest assured all the guess work is taken out of any pedigree as their keen, critical eye has shaped the powerful line up of donor females represented here. Every bull with the exception of one is the result of their large Embryo Transplant program and the lone calf born off his natural mother, is out of a donor himself. An impressive peace of mind when you factor in that only the elite of the elite get flushed around RMVR and their heavy emphasis on foot, udder and structural integrity is of the utmost importance. If you seek either a Simmental, Angus, SimAngus or all of the above, your basis will be covered on February 9, 2023 at their ranch hosted in their beautiful sale facility. We highly encourage you to reach out to Josh and discuss the offering prior to sale day and to try and take time to view the bulls beforehand. If any of us at Bohrsen Marketing can be of any assistance on sale day, please feel free to reach out to us and utilize our free, order buying and consultation service.

We hope to see you sale day and look forward to discussing this exciting offering with you!

Best Regards,

The Bohrsen Marketing Team

Welcome from Innovation

Fellow Cattlemen and Cattlewomen,

It is with great pleasure to welcome you to the Rust Mountain View Ranch Annual "Ace In The Hole" Bull sale. Again, this year I am excited to work alongside Bohrsen Marketing Services in representing one of the premier multi-breed programs in North America. There is no denying the focus and diligence that Josh and the entire Rust family has when it comes to forward progression and staying true to their goal of constantly improving their product for their customer base.

A strong emphasis has been placed on the maternal aspect, with a large portion of the offering stemming from the most elite donor dams in the industry. These females represent the most proven and elite genetics in the industry. A large number of the bulls in this year's offering the result of Rust Mountain View Ranch's extensive embryos transfer program. This technology has allowed for full and half sib brothers to highlight the sale offering, in turn providing a more uniform product to choose from.

The herd bull battery that walks in Mercer, North Dakota sire many of the larger sire groups. Again, we emphasize that these herd sires stem from generations of proven lineage to add predictability and profitability to your operations bottom line. The chance to select from full and half sib brothers will provide the opportunity to capitalize on uniformity and consistency within your calf crop.

The cattle for this event are selected based on visual appraisal of quality and performance. They offer a rugged, masculine, and three-dimensional build with the athleticism that is necessary to not only survive, but rather thrive in the toughest elements. They are beef bulls that are built to last and offer pedigree that is saturated with maternal strength and consistency.

The customer comes first at Rust Mountain View Ranch, plain and simple! The Rust family stands behind their product 100% and puts strong emphasis on customer satisfaction! Consider this your invitation to join us on February 9, 2023 in Mercer, North Dakota for hospitality and the Rust Mountain View Ranch Annual "Ace In The Hole" Bull Sale. Videos of the offering will be available online at CCI.Live for your convenience. If you have any questions please feel free to contact any of the sale staff to visit about the offering.

Enjoy the offering,

Graham Blagg

Innovation AgMarketing,

Donation

We will again be donating 1.5% of the sale gross to Todd and Kamaya Singer and their ministry. By doing the donation this way everyone has an opportunity in a small way to contribute to their mission. Plus it will help me sleep better at night knowing that I am not the one deciding which bull to donate!

They work for CRU and mentor young men and women at the University of North Dakota in Grand Forks and surrounding colleges. It is a great ministry and this is just a little way that Rust Mountain View Ranch can help. I will have Todd go into more detail about his ministry.

Josh Rust

We are the Todd & Kamaya Singer Family. We currently work with Cru where we get the opportunity to work with college students in and around Grand Forks ND. We have the opportunity to mentor and challenge college students as they grow in their faith and as we share the love of Christ with them! Huge thank you to Rust Mountain View Ranch over the years as they have continued to partner with us in our ministry!

Todd and Kamaya Singer

Rust Elite 17K Simmental Bull

Homo Polled /// Homo Black /// 4047228 /// 2022/01/18 /// bw-102 ET/// adj ww-854

A truly exciting individual to lead the way in our 2023 bull sale catalog with this double bred calving ease sire that doesn't sacrifice performance. This Homo Polled and Homo Black herd bull is backed by an exciting up and coming donor that traces back to our go-to Simmental donor, 404B. The 021H donor is exciting and combines the foot and udder quality, with elite phenotype this cow family is praised for. The PrimeTime cattle have been extremely soft made and easy doing that are very high quality in both sexes. Elite 17K is a strong footed, long spined, smooth made individual with a great herd bull skull and look to him. His added hair, eye appeal and structural correctness have landed him a spot in our Denver pen for 2023!

Rust Remedy 500K Simmental Bull

Homo Polled /// Homo Black /// 4047344 /// 2022/03/07 /// bw-95 ET /// adj ww-750

In the last decade we have been fortunate to be home to so many big time, influential donors throughout the entire breed, but Flirt 014H has got us as excited and as fired up as maybe ever before! We think 014H has a large future and will be one you will hear a lot more from in the future! 500K is an intriguing individual sired by the \$530,000, 2021 Cattlemans Congress Champion, SO Remedy 7F. Remedy progeny have been highly sought after, and attractive, sound made sons like 500K make it obvious why his initial drop of sons averaged over \$20,000 last year at Hartmans. Rust Remedy 500K is a smooth built homo polled and homo black herd bull that will calve with ease!

Rust Primetime 16K Simmental Bull

Homo Polled /// Homo Black /// 4047254 /// 2022/01/18 /// bw-90 ET /// adj ww-706

Truly a big chunk of our program wrapped up here in this stud of a herd bull! 970G is one of our absolute favorite donors around here that is big time in every regard. Phenotype, genotype, pedigree and production, 970G checks all the boxes. PrimeTime has bred exceptionally well both here and at his new home north of the border at Double Bar D where they have sold some exceptional sons and daughters. We know you'll want to keep every female that 16K sires as he is loaded with maternal greatness and does not sacrifice performance and will make some big heavy duty sons to market each fall. 16K is breeding treasure that is easy to look at with his soft, loose hided look!

Homo Polled /// Homo Black /// 4047277 /// 2022/02/09 /// bw-80 ET /// adj ww-705

The 970G donor truly is special and is a mountain of a cow to lay eyes on. Huge ribbed, deep sided, stout hipped with a great udder. Every great breeding bull should be backed by a gorgeous cow and Rust Right Time 28K has one of the best. The compliment of Right Time onto 970G clicked as we suspected adding some extra extension and length in this stout, robust package.

A big time herd bull here in this big boned, smooth made, hairy individual. Cure 7K has added length of spine, stoutness and eye appeal. He was an easy selection to add to the team for our 2023 Denver pen and when you lay eyes on him, it will be evident why. Striking profile, muscular build, great shouldered, awesome skulled and backed by a donor dam! Old 49Y has been a great donor for us that annually cranks out the good ones and 49Y is one of her best efforts to date! Take a serious look here at this Homo Polled, Hetero Black herd bull!

Rust Catch Up Time 34K Simmental Bull 

Homo Polled /// Hetero Black /// 4047270 /// 2022/02/13 /// bw-90 ET /// adj ww-801

One of our favorite bulls in our 2023 offering is of course an own son of the legendary 8543U!! The old gal annually gets it done and its never a suprise when her offspring find their way to the top of their contemporary groups. 34K is packed full of eye appeal with added length and stoutness. He is proud fronted with a masculine herd bull head. We really appreciate the foot structure, bone mass and hair coat in this calf and think he has a world of breeding possibilities! He will be a member of our 2023 Denver bull pen!

Rust Lover Boy 11K Simmental Bull

Hetero Polled /// Homo Black /// 4047231 /// 2022/01/16 /// bw-98 ET /// adj ww-610

Donor dam to this trio of brothers, 8543U has been one of the highest income cows in Simmental history for some time now with a pile of high dollar herd bulls on her resume and many influential daughters that have gone on to be high income donors themselves. Its no suprise the quality of lots 10-12 as no matter how you mate 8543, you always get sound made, big backed, stout hipped progeny and this trio is no exception. Added length, frame, power and pounds found here in this mating!

Lots 14, 15, 16 & 17. Full sibs here to our feature lot 9 bull that are all very similar in type and quality. These 4 brothers are the type and kind we like to market to our sharp commercial cattleman. Big, stout, robust bulls that are soggy made and loose hided. These are the type of herd bulls to raise those heavy weight steers that crush the scale down come weaning time and will sire the replacement heifers your neighbors will be envious of! Keep every female off these bulls and reap the financial rewards from the when you market their sons! True cattlemans bulls here!

Rust Wager On Red 6K Simmental Bull 

Homo Polled /// Red /// 4047233 /// 2022/01/13 /// bw-95 ET /// adj ww- 744

A pair of full sibs off our beautiful Rusylva donor who happens to be a full sibling to the legendary 404B! These bulls are extremely exciting on paper and in the flesh! Sired by the impressive red baldy, Bet on Red, and mothered by a phenotypically stunning donor make these bulls a pair of herd bull candidates. Stout quartered, deep sided with great shoulders that transition into attractive, extended front ends. Take a serious look here! Lot 18 is in our Denver pen team and created quite the stir at the NWSS and rightfully so. We feel he is among one of the very best we have ever raised and will be using him heavily in our program going forward - he is special.

Rust Hard Right 2K Simmental Bull

Homo Polled /// Homo Black /// 4047224 /// 2022/01/05 /// bw-82 ET /// adj ww-647

An exciting set of flushmates here representing the rookie calf crop from OMF Hard Right H21, a past \$60,000 high seller from Oak Meadow Farms. Hard Right has bred true to his own style as he has created this large flush of brothers that are densely made and level from every angle. All four of these bulls possess his great phenotype with extra style and look, while keeping the fundamentals in check being big footed and sound structured. These bulls were purchased as in dam, pregnant recips from the Bruhn Dispersal, and their donor dam was one that checked alot of boxes in terms of production and superior phenotype.

Rust All American 210K Simmental Bull

Homo Polled /// Red /// 4047308 /// 2022/02/16 /// bw-132 ET /// adj ww-902

A pair of impressive red herd bulls that are big time performance orientated with huge maternal upswing! 740E was a feature high seller at \$55,000 the year she sold as part of the legendary Westcott's rookie calf crop. Backed by the famous 202Z, we knew we needed to incorporate 740E into our program. She turned into the soft sided, easy doing, huge ribbed female we knew she would with great feet and awesome udder. The mating to the powerful performance sire, All American is a great compliment to the power on the bottom side of this pedigree. Keep every female again sired by these bulls and laugh to the bank with your big steer check!

Rust Structure 215K Simmental Bull

Homo Polled /// Hetero Black /// 4047319 /// 2022/02/17 /// bw-125 ET /// adj ww-810

A really exciting herd bull candidate here being a full brother to the Rust Linda 9563G female for Canadian Donors as well as Rust Night Moves 100H, the \$25,000 high seller to Maple Lake! 215K just shouts herdbull in every regard and checks so many boxes! Great phenotype, big time donors on both sides of his pedigree, structural correctness, strong feet and proven lineage. Rust Structure 215K is worth a serious evaluation.

Rust Right Time 32K Simmental Bull

Homo Polled /// Homo Black /// 4047262 /// 2022/02/11 /// bw-95 ET /// adj ww-835

A full flush brother to our lots 1 & 2 females from last falls production sale that is mothered by our selection from Hartmans 2020 sale, Rosebud 17H. The way Right Time has mated to Rosebud so well in both sexes is commendable and we are pleased to see how he has added his added power and extension onto his progeny with Rosebud keeping her rib shape and foot quality in check on her offspring as well. 32K travels with ease on a sound set of running gear with a stout hip and broad top.

Rust Bank On It 213K Simmental Bull 

Homo Polled /// Homo Black Baldy /// 4047316 /// 2022/02/17 /// bw-109 ET /// adj ww-737

A pair of baldy ET brothers double bred 8543U! It doesn't get much more maternally stacked here with our Khloe 9155G donor mated to the attractive meat wagon, Bank On It! Both lot 38 & 39 carry that great hind leg set, big robust rib shape, and big square hip. This pair of brothers are sure to please with their sound easy doing appearance. A double shot of 8543U just solidifies the longevity in these bulls pedigree as she is still in production at just about 15 years of age.

The \$40,000 BattleCry meets the income giant 8543U here in this mating with lot 43! Negative birthweight and still hitting 100 yearling in this calving ease sire! Battle Cry is surely one of the Broker's most notable sons and the way the Broker offspring have been resurfacing the last year or two, here is a chance to tie into a grandson that is sure to pass on his great attributes. Factor in the gorgeous 8543U and we believe lot 43 has a ton to offer from a calving ease and performance perspective and most definitely in a maternal perspective!

Rust Aquifer 5K Angus Bull

20436186 /// 2022/01/08 /// bw-80 ET /// adj ww-676

A big time pedigree here in this Angus stud! Mothered by the 2018 Supreme Champion female from Agribition and sired by the exciting new Aquifer. Lot 45 is attractive through his head and neck with true herd bull presence as well as a strong emphasis on structural integrity. We really like the way 5K gets out and moved and on the stand still, its hard to draw a nicer silhouette. The maternal upside of this pedigree will be endless and we believe his sons will be extremely desirable. This dual purpose herd bull has all the bells and whistles!

Rust Forged of Fire 57K Angus Bull

20464156 /// 2022/03/15 /// bw-85 ET /// adj ww-747

Rust Forged of Fire 0412 is one of our greatest breeding accomplishments to date and is the reigning 2022 Supreme Champion Bull from Farm Fair International for KT Ranches and we see so much of that power house in this trio of brothers mothered by the stunning Chloe C815. Chloe is a marvel in the flesh and is near impossible to pick a hole in. Her production record simply speaks for itself and we believe the paper work alone garners these bulls more than a second look. When you analyze the trio of brothers, you appreciate their deep full quarter, soft easy doing middle, bold sprung rib shape and unmistakable herd bull presence and character. These bulls are strong footed, stout made, powerful individuals we are very excited about.

Rust One Nation 13K Angus Bull

20393756 /// 2022/01/16 /// bw-95 ET /// adj ww-706

A stout, robust son of One Nation off our 4223 donor. She has many high quality herd bulls on her resume including the \$50,000 Gold Coin bull at ZWT. 13K is stout hipped, wide pinned with a deep sweeping rib cage. Double bred Emblynette is truly exciting here!

Rust Triumph 202K Angus Bull

20393769 /// 202/02/12 /// bw-98 ET /// adj ww-675

4223 is an angular made Angus female with a great udder and deep fore rib. Shes certainly passed on these characteristics to these two sons, extra rib, great footed, nice boned and hairy. Our Triumph cattle are very exciting and are going to be cornerstone breeding pieces for years to come.

Rust Density 305K Angus Bull

20399138 /// 2022/01/28 /// bw-88 ET /// adj ww-688

An exciting result of some embryos purchased from Coleman Angus here in this timeless pedigree, an own son of the legendary Density, mothered by the gorgeous Donna 5247. 305K is a stout hipped individual that's bold in his rib shape, tidy in through his shoulder and front end, with a strong Angus skull. We love the way 305K gets out and struts around with his head held high in an attractive manner. The combination of superior pedigree with elite phenotype has us very excited about Rust Density 305K and know his breeding capabilities will be endless!

Rust High Rise 26K Simm/Angus Bull

Homo Polled /// Hetero Black Baldy /// ASA 4047259 /// 2022/04/02 /// bw-90 /// adj ww-813

An exciting SimAngus bull here in this black baldy package. SimAngus cattle certainly bring out the best of both worlds and encourage you to utilize bulls like these to infuse the superior maternal qualities from both the Angus and Simmental gene pools as well as exotic growth infused from the Simmental genetics. 26K is a big, stout powerhouse that will sire some desirable offspring with his painted face.

Improved Buying Confidence with Greater Genomic ASSURANCE

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and they have great EPDs to match!

Rust Mountain View Ranch Aggressive Incentive Program

To qualify for this Aggressive Incentive Program the individual or ranch must meet the following criteria.

- Bulls individual purchase price must exceed 3250.00 per bull. For example buy 3 bulls above 3250.00 per bull and you will receive a 4% discount. If you buy 4 bulls and 3 are above 3250.00 per bull but the 4th bull is purchased at \$3,000 you will receive the 4% discount on the 3 bulls, but the 4th bull would not qualify for a discount.
- All purchases must go to the same individual or ranch. Bulls can not be lumped together between neighbors or friends.
- At any time Rust Mountain View Ranch believes this Aggressive Incentive Program is being abused by any individual or ranch, the Incentive Program will no longer apply to that individual or ranch.

- 3 Bulls – 4% Discount
- 4 Bulls – 5% Discount
- 5 Bulls – 6% Discount
- 6 Bulls – 7% Discount
- 7 Bulls – 8% Discount
- 8 Bulls – 9% Discount
- 9 Bulls – 10% Discount
- 10 Bulls Plus – 15% Discount

DIRECTIONS

836 7th Ave NW, Mercer ND 58559

From Mercer, ND:

- Go 3 miles north on only paved road heading north which is Highway #33.
- On east side of the road you will see a sign that says Rust Mountain View Ranch turn east there on gravel road and go 1.5 miles to a T in road.
- There you will see a house a quarter mile to the north and that is the yard.
- Visit the website 'Contact Us' Page for a Google Map of the location
