CATTLE SELL IN CATALOG ORDER

EPD INFORMATION

Please note that EPDs may change from the time the catalog is printed until the registration papers are transferred. EPDs Dated 10/1/25.

ANNOUNCEMENTS

Announcements at the sale by the owners, auctioneers, or sale management will take precedence over statements in the catalog.

TERMS & CONDITIONS

All cattle sell under the standard terms and conditions set out by the North American Limousin Foundation

INSURANCE

Insurance will be available. Inquire at the clerk's desk sale day.

SETTLEMENT

Terms are cash or check. Purchasers must make settlement with Sale Management prior to taking possession of purchased animals. Any arrangements to the contrary between buyers and sellers are at the seller's risk and are without liability to the sale management.

TRUCKING

Buyers who spend \$9000 or more are entitled to free nationwide delivery.

WILDER FAMILY LIMOUSIN

Jay, Molly, Jayce & Spencer Wilder Snook, Texas • Jay: 979.268.5491 jwwilder1993@gmail.com • www.wilderfamilylimousin.com

Since 1912, the Wilder family has been farming and ranching in Snook, Texas, just outside of Bryan/College Station. Until 1982, the Wilder family primarily relied on farming as their dominant business. Fourth generation partner, Jay Wilder, expanded the horizon of the family farm by showing and investing in Limousin cattle.

Wilder Family Limousin runs approximately 150 head of purebred and Lim-Flex cattle. They also run a large commercial cow operation in conjunction with the registered cattle. In the farming operation, they grow cotton, grain sorghum, wheat and soybeans. They focus on marketing show prospects, commercial and seedstock bulls and bred heifers for their fellow seedstock producers.

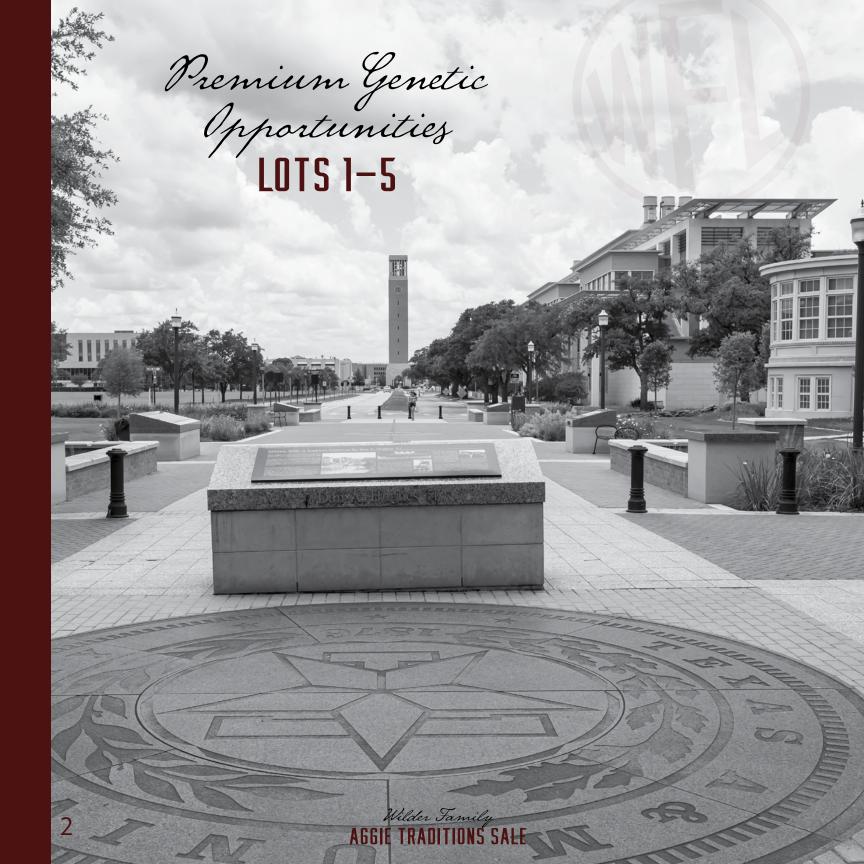

Jay, the fourth generation partner in the operation today, is a 1993 graduate of Texas A&M University. In 1994, he and Molly married. In 1996, the fifth generation, Jayce, and twin brother, Spencer, were born. Molly is a 1993 graduate of Texas A&M as well. Currently she teaches 2nd grade for Bryan ISD. When she retires she will become more hands on with the day-to-day operations.

Throughout Jayce and Spencer's show career they have been very successful. They have shown on the local (Brazos Co.), state (Fort Worth, San Antonio, Houston and Texas Limousin Field Day) and national levels (National Western and National Junior Limousin Shows & Congress). The brothers graduated from Texas A&M University and returned home to the farm and ranch.

Jay has been active with the Texas Limousin Association, serving on the board of directors for many years, including a term as the organization's president. He is currently a member of the NALF Board of Directors.

Here's your chance to tap into one of the most exciting young females to surface from the storied Riverstone Charmed cow family. CELL Legacy Charm 3162L ET combines the proven maternal power and elegance of Riverstone Charmed with the balance, build, and look of BNWZ Dignity 8017. This female is the next generation of the Charmed influence—sound, striking, and backed by generations of elite production and show-ring success. Invest with confidence in genetics that define consistency, quality, and marketability.

Selling a right to flush to bull of buyer's choice. Seller guarantees a minimum of 5 embryos with no maximum. Flush expenses paid by buyer.

MAGS Xtra Rest Maternal grandam of Lot 2C

A truly elite opportunity to own genetics from some of the most progressive Al sires in the breed. These pregnancies pair the standout young sire CELL Law and Order 3145L ET — the ELCX Kings Landing 599 D ET son making waves for his commanding presence, muscle shape, and structural integrity — with three exceptional donors representing maternal consistency and show-ring quality. Choose between the power and red-hided appeal of Boss Lake Ms Molly 068H, the proven production and maternal design of MAGS Constance ET, or the balanced, broody look of CELL Amelia Earhart 8212F ET. Whichever direction you go, these matings are built to produce cattle with real-world functionality and eye appeal — the kind that elevate programs and keep customer demand high.

An attractive Lim-Flex female that checks all the boxes for design, balance, and pedigree predictability. WFL Miss Nightshade 513N is sired by DEBV MSHP Harry Potter 020H, a sire admired for transmitting body, structure, and style, and she stems from a cow family known for functionality and longevity. This homozygous black and double polled March-born female offers a long, feminine neck, a bold center rib, and an ideal build from the ground up. Her combination of balance, look, and structural integrity makes her a versatile prospect capable of competing in the ring and producing profit-driven offspring later on.

Here's a smooth-made, elegant L7 Jukebox daughter that exudes presence and femininity. Out of a PBRS Keep Dreamin 328L ET dam, WFL Miss Nicole 518N blends Limousin performance with a maternally strong, eye-appealing design. She's level in her lines, flexible in her movement, and correct in her structure — the kind that's easy to feed and fun to show. Her genetic combination and phenotype balance make her the type that fits both the junior show circuit and the replacement pen with equal ease. A complete, attractive female that represents the Wilder program's emphasis on quality and cow-making potential.

WFL Miss Noodle 581N ET is a high-percentage Limousin female with the extra power, shape, and style to demand attention. Sired by MAYC Gold Buckle 624G, a bull admired for his consistency and stout-featured progeny, and out of Royal Holly RBG 050H, this female blends a maternal look with a rugged, high-performance build. Noodle is deep-sided, wide-based, and sound in her design — the kind that's easy to picture on a backdrop or in the front pasture. This one's built for versatility: enough look to show and the cow family and body to become a top-producing female down the road.

WFL Miss Nora 584N ET is another eye-catching, high-percentage female by MAYC Gold Buckle 624G, following the success of his daughters earlier in this offering. She's backed by the proven Royal Holly RBG 005H cow family, ensuring maternal strength and structural soundness. Nora displays an ideal blend of power and femininity — bold in her rib shape, strong in her top, and refined up front. Her correctness and complete design make her a natural fit for the show ring, while her pedigree and balance ensure long-term value as a brood cow prospect. A classy, confident female that captures both Limousin substance and style.

PE'd to CELL Law & Order from 3-15-25 to 7-15-25. Confirmed Safe.

Here's a proven producer that blends power, maternal quality, and pedigree strength. DHIL Luvleigh 8302F ET is sired by TMCK Camden Yards 195C, a bull admired for his growth and structural balance, and out of a strong U Haul daughter, ensuring real-world function and fertility. This female has the look of longevity—bold-ribbed, level-hipped, and maternally designed. She sells with her March bull calf (Lot 29A) at side by L7 Humdinger 0035H, and was exposed to CELL Law & Order from 4/15/25 to 7/15/25, offering a three-in-one package stacked with genetics, performance, and predictability.

ACT. BW: 84

A powerful, eye-catching Lim-Flex herd sire prospect that brings together pedigree, performance, and phenotype. Sired by Cole Rainfall 151J ET, a bull known for transmitting growth and structural balance, and out of a daughter of MAGS Grizzly Rug 198G, this homozygous black and homozygous polled bull is bred for consistency. His pedigree traces to the elite WFL Gloria cow family, ensuring maternal quality and longevity. Long-bodied, smooth-shouldered, and heavymuscled, MR WFL 439M combines Limousin power with Angus refinement in a total-package herd bull.
