Dear Limousin Friends,

At times it is hard to believe we are hosting our 19th annual "Proof Of Progress" production sale. As we celebrate nearly 30 years in the registered cattle business we realize the friendships and fellow breeders we have met over those years mean the most to us.

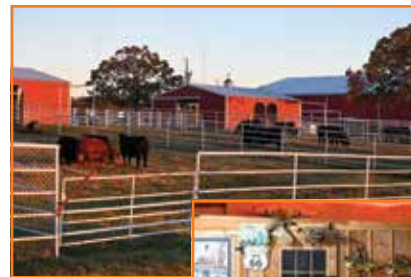

We are quick to realize that the people that make up the team at P Bar S Ranch are just as valuable as the cattle. We are proud to have Elgin Elmore as general manager along with his very able crew of Gus, Jolene and Alex.

The Little Ranch with THE Big Genetics was designed to be a source of the finest registered seedstock in the business. We want and desire for each and every client that purchases a PBRS-bred animal to appreciate the many years and resources we have put into creating the product. Our goal is for these cattle to go into the new buyer's herd and enhance their programs in the very best way possible. We hope that as you view this catalog you will appreciate the offering as much as we do.

This year's offering includes the best from our Limousin, Lim-Flex, Red Angus and Black Angus herds. Please do not hesitate to contact any member of the ranch or sale team with any questions you may have. Thank you for joining us. We look forward to seeing you October 25.

PBARS
RANCH

Sincerely,
Paul Sisemore
P Bar S Ranch

PBR High Limit 3144L is a powerful 65% Lim-Flex daughter of the exciting young sire, Boss Lake High Limit 024H. High Limit has established himself as a bull that stamps his progeny with eye appeal, soundness and added performance. On the bottom side, her dam is the legendary WLR Eden, a foundation donor whose influence continues to be seen in top-selling progeny and breed-leading genetics across the country. With a pedigree that combines fresh, modern sire power with one of the most time-tested and proven cow families in the Limousin breed, PBR High Limit 3144L offers a rare opportunity for both maternal strength and breeding versatility.

PBRS Donna 3224 is a high-quality Angus female sired by Hummel Argentine, a bull renowned for producing cattle with structural correctness, balance and maternal strength. Her dam is a daughter of SAV Resource 1441, a sire widely recognized for delivering performance, growth and carcass merit. This mating combines the calving ease and predictability of Argentine with the maternal and growth potential of the Coleman Donna cow family. Numerically, she ranks in the top 30% of the breed for birthweight. She is a female with a balanced combination of pedigree, phenotype and performance, ideal for producing productive and marketable progeny.

PBR Donna 3190 is a purebred Angus female sired by Conley South Point 8362, a bull known for producing cattle with structural soundness, balance and maternal strength. Her dam is a daughter of the influential Coleman Playmaker 427, linking this female to one of the most respected and proven cow families in the Angus breed. On paper, PBR Donna 3190 ranks in the top 30% of the breed for birthweight, offering calving ease without sacrificing growth or functionality. This combination of proven sire power and strong maternal lineage positions PBR Donna 3190 as a female capable of excelling as a productive brood cow, providing reliability and long-term value for any program.

Come back to the main line here. Here is a genetic opportunity like few others. On the bottom side is the great HSF Your Fantasy donor. Her progeny have dominated show rings and sale venues, firmly cementing her place in history as one of the breed's most notable purebred donors. Her greatest accomplishment to date is Riverstone Charmed, the wildly successful show heifer who has gone on to be one of the breeds most consistent and recognizable donors. Many who know have called ROSE MC Encore 0463 the next generation Angus promotional sire. He is sired by the \$100,000 SSF On Point 4028. His dam has produced many sale topping females including a full sister to Encore. He has proven to complement a wide array of different types of females. Just imagine the results from the mating offered here.

Here is a genetic opportunity you'll want to pay special attention to. On the bottom side is the great HSF Your Fantasy donor. It's no secret what the HSF Your Fantasy genetic line has done over the past several years. Her progeny have dominated the show ring and far beyond. HSF Your Fantasy has earned her place in history as one of the breed's most notable purebred donors. On the sire side is FWLY Can Do, the 2018 American Royal Champion Limousin Bull. He has sired some exceptional progeny including Ratliff Howboutit 008H, the 2021 North American International Livestock Exposition Supreme Champion Female, and Ratliff Jump Start 340J, the 2022 Cattlemen's Congress Champion Limousin Bull. Both Howboutit and Jump Start are out of Riverstone Charmed, the most famous daughter of HSF Your Fantasy. These embryos have all the genetic backing they need to set a new breed standard.

If you are looking for a bull to add style and maternal to a set of replacement heifers without sacrificing that Limousin look, then PBRS Maverick 422M ET should be on your short list. This higher percentage bull is stout, smooth made and gets out and travels with the best of them. His sire combines the genetic influence of the Angus great, Dameron First Class; the Limousin legend Riverstone Charmed; and the popular Lim-Flex AI sire, RLBH Air Force One. On the dam side you find an accomplished show heifer that has gone on to be a top donor with both Deuce and a full sister to Naskar in her pedigree. This young sire prospect has the genetic backing to change a set of calves for the better.
