# THE LIMOUSIN LEGACY SALE

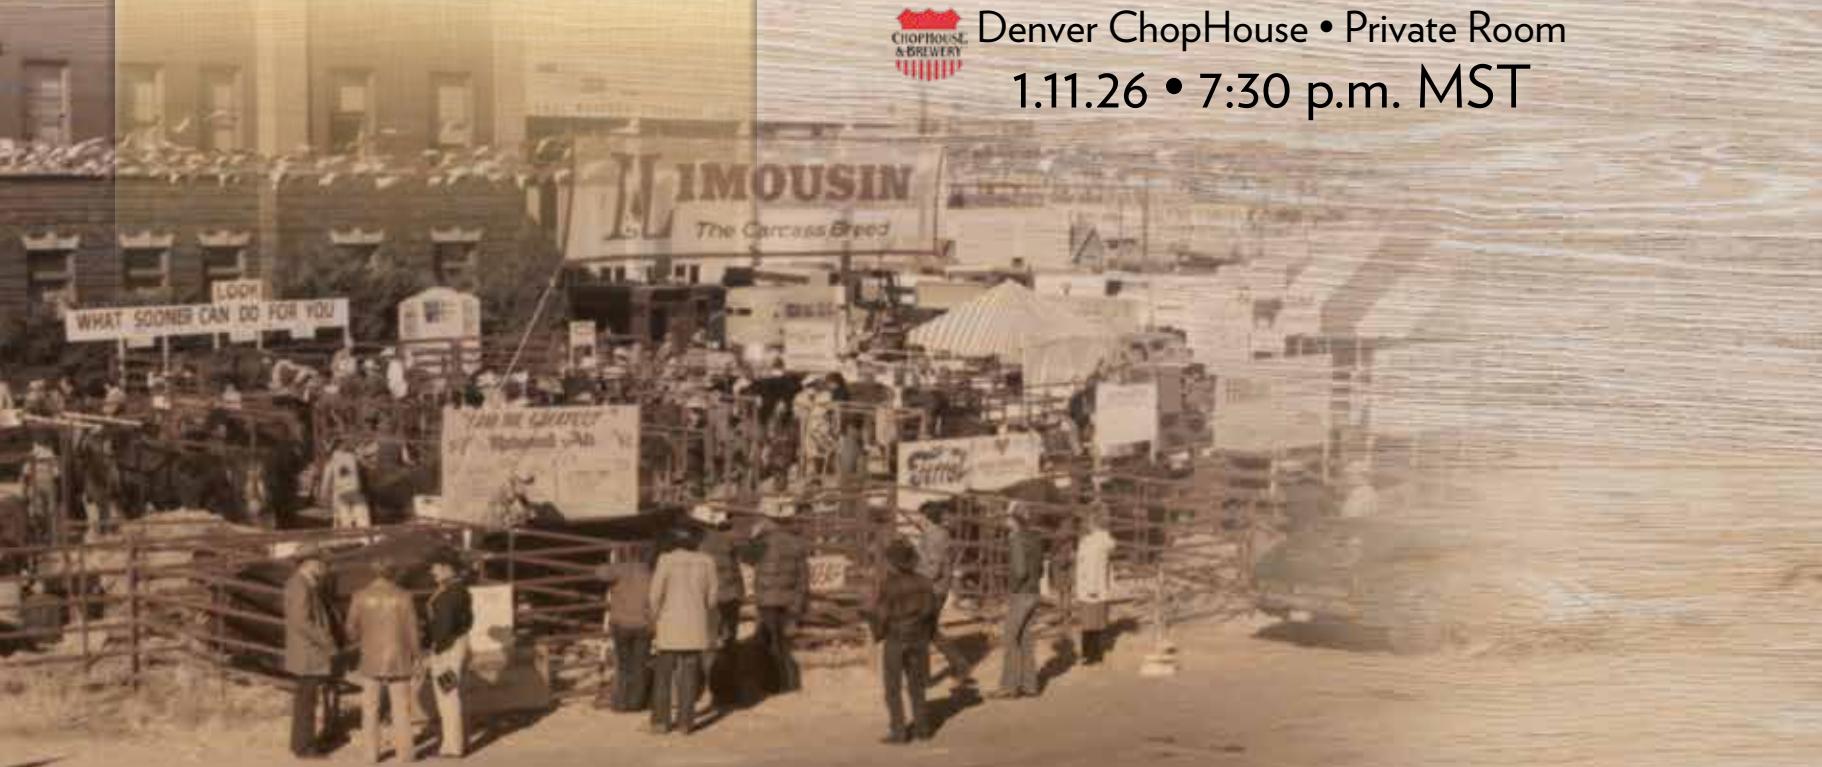

In conjunction with the National Western Stock Show

Denver ChopHouse • Private Room

1.11.26 • 7:30 p.m. MST

# CATTLE FRIENDS.

It is with great pride and anticipation we welcome you to the first ever Limousin Legacy Sale, held in conjunction with the National Western Stock Show in Denver, Colorado. Throughout our years working alongside seedstock producers, we have been fortunate to be part of many memorable events—sales that stood out not only for the quality of cattle offered, but for the spirit of collaboration behind them. Those events shared a common theme: breeders willing to work together, dig deep into their programs, and offer cattle that truly represent the best of what they have built. The Limousin Legacy Sale was created with that same vision in mind.

As you study this catalog, it will quickly become evident this philosophy was embraced wholeheartedly. Breeders from across the United States answered the call, contributing genetics that are not only elite, but meaningful—cattle worthy of carrying programs forward and leaving a lasting impact. From herd sire prospects with real-world relevance, to stand out females and exclusive embryo opportunities, this offering represents “the best of the best” the Limousin breed has to offer.

What makes this sale special is not just the cattle, but the people behind them. The overwhelming response and willingness of so many respected breeders to participate—both as consignors and in attendance—speaks volumes about the strength of this breed and the relationships within it. It serves as a reminder that we are strongest when we work together toward a common goal.

## SALE ORDER ...

Cattle sell in catalog order. Any additions and corrections to the sale catalog will be posted the evening prior to the sale at [RRMktg.com](http://RRMktg.com) and [MCMarketingManagement.com](http://MCMarketingManagement.com).

## ANNOUNCEMENTS ...

Announcements made sale day by the owners, auctioneer or sale management take precedence over statements in the sale catalog.

## PAYMENT ...

All lots must be paid for at the time of the sale unless prior arrangements have been made. Auction proceeds will be conducted under Randall O. Ratliff, DBA R & R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond #7901027402 (US Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers and Stockyards Program)

We would like to sincerely thank each consignor for their trust, effort, and commitment to making this event what it is. It has been, and will continue to be, our pleasure to work with both buyers and sellers to help each achieve their goals. If we can be of assistance at any point before or during the sale, please do not hesitate to contact either of us or any member of our marketing team.

We look forward to visiting with you in Denver, celebrating this great breed, and continuing to build a legacy—together.

Sincerely,

Randall O. Ratliff  
R&R Marketing Company

Kiley McKinna  
MC Marketing Management

## TRANSFERS ...

Consignors are responsible for registration and transfer of lots after settlement.

## INSURANCE ...

Insurance will be available sale day.

## TERMS AND CONDITIONS ...

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. Please note; The sale manager is an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor the sale consignors assume liability. Legal and/or otherwise on any accidents that may occur.

*EPDs current as of December 31, 2025.*

Herd Bull Alert! OLIM Marksman may be the purebred performance sire the breed has been searching for. This long bodied, big footed, sound structured, muscular bull was the lead bull in Ochsner's Grand Champion Pen of Three Limousin Bulls at the 2025 NWSS. A grandson of two of the most influential purebred sires in the breed, Envision and Credentials, this bull charts weaning and yearling growth EPDs in the top 5% of the breed and a marbling EPD in the top 10%. With a milk EPD in the top 5% of the breed, a docility EPD in the top 1% of the breed, and Stay in the top 20% of the breed, this bull should sire females you can build a herd around! Zero in on your breeding targets with Marksman!

OPHM Mandate 86M is a rugged, stout-made Lim-Flex bull with power, balance, and structural integrity. He is wide based, deep sided, and sound on the move, offering a masculine look with extra muscle expression and body shape. Homo polled and homo black, he brings added flexibility for a wide range of breeding programs. Sired by J6 We The People 411J ET and backed by a dependable, production-oriented cow family, Mandate blends eye appeal with functional design. A practical, real-world kind that is built to work and hold up in production.

TFOR Neville 320N is a long-spined, athletic Lim-Flex bull that offers a clean, smooth build with plenty of body and flexibility. He moves freely, stays level from hooks to pins, and carries a functional, practical look that fits both registered and commercial programs. Double polled and double black, he checks important boxes for versatility and convenience. By AHCC Landshark 9624L and out of a productive cow family, Neville combines structural correctness with a forward-moving design. He's the kind built for longevity—sound, adaptable, and ready to work in real-world conditions.

## SELLING CHOICE OF LOTS 8 & 9

Wulfs Nettie 5163N is one to get excited about—an eye-catching, maternal, and productively designed female. She is extended through her front one-third, clean in her lines, sound on the move, and carries ample natural rib dimension. She is a daughter of the young herd sire J Bar J Kickstart 2149K, a son of the popular COLE Genesis 86G, who was purchased for \$25,000 in the 2024 Kickstart Online Sale. On paper, this female delivers an impressive EPD profile, ranking in the top 4% for weaning weight, top 15% for yearling weight, top 1% for both milk and total maternal, top 3% for docility, and top 10% for both yield grade and ribeye area. This production-oriented female will add value to a wide range of herds. She is homozygous polled and homozygous black. Wulfs Nettie 5163N is a true head-turner you'll want in your possession—and notably, she will be the only Kickstart daughter Wulf Cattle will offer for sale this year.

## SELLING CHOICE OF LOTS 8 & 9

We simply cannot say enough about the quality, phenotype, and overall eliteness found in Wulfs Nellie 5122N. She is a super female—exceptionally well balanced from end-to-end and phenomenal on the move. This powerful open female combines eye appeal with added depth of pedigree. She is sired by BRCC Kash Value 2644K, one of the top young sons of COLE Genesis 86G. On the bottom side, this female traces back to one of the most influential cow families in the breed, going to the great Wulfs Soloist 6284S. This genetic combination has produced a female we are confident will have a bright and productive future. On paper, she offers an outstanding EPD profile, highlighted by rankings in the top 3% for weaning weight, top 10% for yearling weight, top 15% for average daily gain, top 10% for milk, top 2% for total maternal, top 3% for carcass weight, top 1% for ribeye, top 20% for marbling, and top 4% for \$TPI. She is a true head-turner that excels both phenotypically and genetically. Wulfs Nellie 5122N will be the only Kash Value daughter Wulf Cattle will offer for sale this year.

LFL Novella 5049N is the front-end kind—an eye-catching open Lim-Flex heifer that's built with balance, rib, and a smooth, maternal design. She's clean made, sound structured, and the kind that stays attractive from every angle—one that can excel in the show ring and transition right into production. Homo polled and homo black, she is sired by AHCC Landshark 9624L and backed by a proven cow family. Her dam, LFL Elegant 7126E, is also the dam of LFL Judson 1011J, owned with Burnett Brothers, adding even more confidence in her genetic consistency. A junior-friendly, Junior National-type female with the phenotype and genotype to stand out.

ELCX Nicely Done 502N ET is a maternally driven Lim-Flex female that blends elite Angus influence with proven cow longevity. Sired by Silveiras Forbes 8088, a Style son from the renowned Forever Lady cow family, this mating was designed to inject structural integrity, eye appeal, and long-term productivity. Forbes progeny are widely known for their balance, soundness, and functional design – traits that remain in demand across both show-oriented and performance-focused programs. The foundation of this pedigree lies in the donor, AUTO Poem 273Y, a powerful SAV Bismarck daughter out of the legendary MAGS Phantoms Prize female. Poem has established herself as a cornerstone donor, producing high-impact cattle including ELCX Bulletproof 438B ET and ELCX Cabin Fever 273C. 502N offers a moderate birth weight, balanced growth profile, and strong \$TPI, making her a practical yet elite female option for building consistent, productive cow families.

ELCX Now And Later 514N ET represents a high-ceiling Lim-Flex female with added growth, power, and performance credentials. Also sired by Silveiras Forbes 8088, this heifer benefits from a pedigree stacked with show-ring dominance and maternal reliability, tracing back to Silveiras Style and the iconic Forever Lady lineage. Forbes' championship résumé and consistent progeny success continue to validate his role as a breed-changing sire. On the maternal side, AUTO Poem 273Y provides the cow power and genetic consistency that separates elite offerings from the rest. As a daughter of SAV Bismarck 5682 and the incomparable MAGS Phantoms Prize, Poem has proven her ability to transmit depth of body, structural correctness, and performance. 514N charts a more aggressive growth profile and strong economic indexes, positioning her as a female with both immediate performance appeal and long-term donor potential for progressive breeding programs.

LCC Miss Mystique 237N ET is a striking Lim-Flex female backed by one of the most influential pedigrees in the breed today. She is sired by the now-deceased ELCX Kings Landing 599D, a two-time NAILE standout and one of the most impactful Limousin sires of his era. Kings Landing progeny are widely known for their structural integrity, balance, and elite phenotype, and with semen now extremely limited, opportunities like this are increasingly rare. Her dam, CELL Karma 2215K ET, was the \$89,000 top-selling lot in the 2022 Linhart Fall Harvest Sale and later, a featured purchase in the 2023 Vegas All Breeds Sale. Karma traces directly to the legendary Riverstone Charmed, one of the most dominant show females of all time, and by the popular Angus sire PVF Blacklist, known for transmitting eye appeal, athleticism, and presence. 237N offers exceptional depth of body, a feminine front, and natural rib shape, positioning her as a high-end show prospect with legitimate donor potential down the road.

LCC Miss Ambiance 238N ET is a powerful, performance-oriented Lim-Flex female that blends elite show-ring genetics with long-term breeding value. Also sired by ELCX Kings Landing 599D, this heifer benefits from a pedigree that has consistently dominated national shows and high-end sales alike. Kings Landing's ability to stamp cattle with look, soundness, and consistency continues to define his legacy within the Limousin breed. On the maternal side, CELL Karma 2215K ET anchors this pedigree with proven value and influence. As a daughter of PVF Blacklist and the iconic Riverstone Charmed, Karma combines elite Angus eye appeal with Limousin power and depth. 238N is smooth made, extended through her front one-third, and extremely fluid on the move. Her balance, structure, and rib shape make her a versatile female suited for continued show success or transition into a productive donor that can generate elite progeny for years to come.

## SELLING PICK OF 2026 CALVING SPRING-BRED HEIFERS

Deep, uniform, and built for the long haul—this is the kind of heifer offering that keeps cow herds young without sacrificing longevity. These spring-bred come from a program known for functional, fertile females with the kind of udder quality, structure, and disposition that stay in production. The same proven cow families behind this set have also generated high-demand herd sire prospects, highlighted by recent sale-topping bulls that consistently draw multi-state buyer interest—including a \$23,000 top seller in 2024 and multiple bulls reaching \$10,000–\$12,000 in recent sales. Select with confidence and build replacement females backed by a program with a documented track record of customer-satisfaction genetics. Buyer will have the opportunity to choose from more than 125 bred heifers to calve in the Spring of 2026.

## SELLING PICK OF 2025-BORN SPRING YEARLING OPEN REPLACEMENT HEIFERS

A rare chance to hand-pick from a large set of 2025-born replacement heifers offering consistency, femininity, and maternal look—without giving up power and performance. Developed with longevity in mind, these heifers stem from cows that have repeatedly proven their value by producing both replacement-quality daughters and herd sire caliber sons. Hager sale reports continue to document strong demand and repeat buyers and have included strong commercial female demand as well. Whether you're building numbers or aiming for the front end, this pick gives you the flexibility to match phenotype, calving window, and kind to your program. Buyer will have the opportunity to choose from more than 140 2025-Born Spring Yearling Open Replacement Heifers.

## SELLING PICK OF 2026

CALVING SPRING-BRED HEIFERS

This offering represents the heart of the Coleman Limousin cow herd—females built with longevity, udder quality, and production consistency at the forefront. For nearly five decades, the Coleman program has been synonymous with functional, moderate, long-lasting females that excel in both purebred and commercial environments. Past bred-heifer offerings have produced donor-quality cows and influential herd matrons, highlighted by recent Discovery Sale standouts such as COLE Beauty 1067J, a \$30,000 high-seller, along with numerous young bred females commanding \$11,000–\$13,500. These spring-bred heifers are sired by elite, nationally proven Coleman herd sires and are developed under real-world ranch conditions. This is a rare opportunity to step directly into one of the most respected and proven female bases in the Limousin breed. Buyer will have the opportunity to choose from more than 80 bred heifers to calve in the Spring of 2026.

## SELLING PICK OF 2026

CALVING SPRING-BRED HEIFERS

Longevity is not an accident at Hunt Limousin Ranch—it is the result of disciplined selection for fertility, soundness, and functional production. These spring-bred heifers are backed by cows that stay in the herd, calve consistently, and raise the kind of calves that perform year after year. The same maternal base has produced generations of production-oriented herd bulls that have fueled successful annual bull sales and have gone on to work in both seedstock and commercial programs across the country. Developed with longevity in mind and bred to proven Hunt herd sires, this offering allows buyers to select females built to remain productive, profitable, and relevant for the long term. Buyer will have the opportunity to choose from more than 100 bred heifers to calve in the Spring of 2026.

This offering brings together two of the most performance-oriented pedigrees in the breed. The sire, Wulfs Holliday 4841H, is a stout-made, long-bodied herd sire known for his growth, functionality, and structural integrity. Sired by the ever-reliable Wulfs Envoy K116E and backed by a maternal pedigree stacked with longevity and productivity, Holliday adds real-world practicality to any mating. On the maternal side, Wulfs Favianna 8066F has built a reputation as one of the most consistent donors in the Wulf program. She combines depth, femininity, and strong carcass merit with exceptional udder quality and maternal strength. Two notable progeny from this highly-productive female are top donors in the Misty Morning Limousin program, Wulfs Hadith 0017H, and Wulfs Kallima 2089K. Whether you're building maternal depth or aiming to generate high-growth, structurally sound replacements, this mating brings genetic predictability and performance.
