**COLEMAN ANGUS
BULL SALE BEGINS**

COLEMAN ANGUS
YOUR MATERNAL SOURCE

Dear Cattlemen,

It is a pleasure to welcome you to our upcoming Coleman Angus Annual Performance-Tested Bull Sale. Bull sale time is one of our favorite times of the year. This year, we are excited again to have the bull sale at our ranch. We look forward to seeing all our customers and friends along with meeting new ones and the opportunity to get to know you and learn more about your operations. Our program is totally committed to the commercial cowman, and every mating we make is designed to produce bulls that will work for you and make your ranch profitable. As you study the data and EPD's in this book, you can see that we are committed to raising cattle that are balanced in all aspects, whether it is on paper, or phenotypically.

This is the strongest, most consistent set of bulls we have ever raised and, from Lot 1 all the way to Lot 116, we have the upmost confidence that they will make you profitable. They have been an excellent set to see develop, be around, and a real pleasure to raise. These bulls are designed with extra thickness, fleshing ability, length, and will keep their condition while in the breeding pasture. They are the "Cowboy Kind" and have been developed on a high-roughage ration for moderate gain. It is our goal to have these bulls remain sound, problem-free, and to become long-term genetic contributors to the herds they go into. The bulls are never pushed hard, we feed them to gain 3 lbs. per day. The quickest way to ruin a bull is to feed it too much. They may look good on sale day, but it is just a matter of time before their feet and legs start going bad. It has been great to get data back from our customers on their calves in the feedlots and on the rail; consistently, calves sired by our bulls have been the most profitable set of calves in those feedlots and on the rail. We know that our bulls will leave a top set of replacement females and it is especially nice to hear that they will be at the top end in all segments of our industry. We have had many customers tell us about the extra longevity they are getting out of their Coleman bulls--this puts money in their pockets.

As you flip through this book, you will note that we hit multiple times on one key component we feel very strongly about, "It All Starts with the Mother Cow." We sort our cows hard for economically important traits such as longevity, fertility, efficiency, fleshing ability, disposition, udder quality, feet, and structural soundness. We know that you have a lot of choices when you purchase bulls but who are the mothers, grandmothers, and great-grandmothers that are behind these bulls? We know that if you are keeping replacement females then it is very vital that you look at the mothers of the bulls. This year, we tried to put photos of the mothers of each bull selling at the bottom of each page to feature the depth and generations of the highly productive females backing the bull selling, and we always welcome anyone to come and see the cows that these bulls are out of.

We offer a free nationwide delivery on all the bulls selling along with a \$100 discount per bull if you pick up on sale day. Haul your neighbor's bulls home and get a \$100/head discount on them too. We will start delivering the bulls in the middle of March. We also offer a First Breeding Season Guarantee on the bulls. You do not need to purchase insurance on them, just let us know if there is a problem of any kind and we will take care of it. We feel we have the best guarantee in the business as our belief is simply to treat you the same way that we would want to be treated. Make sure and visit with us if you are not aware of our guarantee. We also offer a volume discount on the bulls: 5% off on five bulls bought, 6% off on six, and up to 10% on ten or more bulls bought.

Videos of the bulls will be available on our website: www.colemanangus.com or you can go to our YouTube channel www.youtube.com/user/colemanangusranch. The sale will be live on DV Auction. Information and updates will be available on our website closer to sale time, along with a sale order. Check us out on social media also. Please feel free to reach out to any of us with any questions. We look forward to seeing you all on sale day!

Thanks,

Larry, Dee, Erica, and Dawson Coleman

BIDDING OPTIONS – IN PERSON, PHONE, ONLINE

LIVE AND IN PERSON

There is nothing like being at a Coleman Angus sale. The opportunity to view the cattle, see old friends, meet new folks, enjoy the stunning views, and enjoy some really good hospitality as well as purchase some cattle that you need and want to take your program to the next level. We all hope you can join us but if you can't make it, we offer numerous other ways to purchase cattle with convenience.

CALL IN PRE ORDERS PRIOR TO THE SALE

Buyers unable to attend the sale may call in or text prior to sale day to Larry Coleman (406) 240-2751 or Jeremy Haag (406) 833-0117. If you would like to discuss the sale offering, call us and describe your needs and budget and we can help you select the genetics that will fit your program. We can bid on an animal for you and you will pay only the bid price established by the auction. Bids are handled confidentially with satisfaction guaranteed on all orders.

REAL TIME PHONE BIDDING

Buyers unable to attend the sale in person may call in prior to the sale to Larry Coleman (406) 240-2751 or Jeremy Haag (406) 833-0117 to be on the phone during the sale with one of us. We can bid on an animal for you and you will only pay the bid price established by the auction. Bids will be handled confidentially and with the upmost integrity, along with our satisfaction guarantee on all orders.

ONLINE BIDDING

To Register visit www.DVAuction.com

1. Create an account at www.dvauction.com under the "register" tag
2. Apply for bidding approval by clicking the "details" tab at least 24 hours prior to the auction.
3. Tune in for the sale and make your purchases

For general questions, please contact our office:
(402) 316-5460, support@dvauction.com or Jay Rost (406) 978-2124

% The Meaning & History Behind Our Brand %

When we established Coleman Angus in 1996, we wanted to choose a brand that had meaning. A brand that represented us, who we were, what our goals were, and what we wanted to accomplish: 100% dedication, 100% customer service, 100% commitment to our ranch, 100% commitment to the land.

A “brand” is a mark of the man and encompasses that proud moment when a man stamps his identity on the hide. A brand declares ownership, labels a man’s integrity, tags him with responsibility, and totals his worth. But a man’s brand is about more than just a symbol of ownership, it is also a representation of the people behind it.

Brands gain a life of their own. Ranches become known by their brand and the symbols become linked to the land on which the cattle are raised. Brands become ingrained in the people. People become ingrained in the ranches and in the land; they are inseparable. A brand conveys a promise.

There is sentimental attachment to the brand that a ranch decides on, and we are loyal to what it means to us. It is personal. Many stories are attached to a brand, not because of the mark itself but because of the people, land, and memories tied to it. A brand also becomes the image and personality of our product and service.

Every brand is a man’s own special mark, our identity as ranchers. Our chosen brand stamps our commitment with quality, passion, loyalty, dedication, and service. Our passion lies in making an impact and a difference, providing a stewardship, exceeding expectations, and delivering a brand that is monumental to your program as well.

SIGHT UNSEEN BUYERS PROGRAM:

If you cannot attend the sale and want to purchase bulls, please give us a call. We will be glad to help you with your order. We guarantee 100% satisfaction on all orders.

LOADOUT: Loadout will take place after the sale ends.

TRUCKING: Free delivery up to 500 miles with total purchase of \$3,500 or more. There is also free nationwide delivery with a total purchase over \$5,000. \$100 discount/bull if you pick up on sale day. Haul your neighbor's bull home and get \$100/head discount on them. Truckers believed to be reliable will be available to assist you in shipping your purchases. Bob Woosley (406) 670-1877. Randy Lathrop (847) 910-4673.

LIVESTOCK MORTALITY INSURANCE: James F. Bessler, Inc., Jim Bessler (815) 762-2641.

HEALTH: Interstate health papers are furnished on all cattle selling.

INTEREST: Coleman Angus is selling 100% semen interest and full possession unless otherwise stated in the book or on update sheet prior to the sale. Coleman Angus does reserve the right on any bull selling to acquire 100 units of semen/year for in herd use only.

SALE ORDER: There will be a sale order and it will be posted on our website at www.colemanangus.com prior to the sale.

TERMS & CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf). Announcements from the block will take precedence over information in the sale book.

VOLUME BULL DISCOUNT

5 bulls 5% - 6 bulls 6% - Up to 10 bulls at 10%

FIRST BREEDING SEASON GUARANTEE:

We offer a full breeding season guarantee for any injury that would keep the bull from being a breeder for the first breeding season. If a problem occurs, we will give you a suitable replacement or you will receive full credit, minus the salvage value of the original bull, toward another purchase in next year's sale. The bulls that sell have passed a breeding soundness exam. We require that you notify the seller of the bull in case of injury. We also reserve the right to a second opinion by a veterinarian of our choice. In the situation where we need to bring the bull back to the ranch after delivery for our vet to examine, it's the buyer's responsibility to get the bull back to our ranch at their expense. We will pay to have our vet examine the bull again, if he passes the exam, it's the buyer's responsibility to come pick up the bull at our ranch at their expense.

PERFORMANCE INFORMATION:

RATIOS: All ratios are within contemporary groups.

PATHFINDER® Sires and Dams are indicated by the # sign.

FERTILITY: The bulls will have a breeding soundness exam and fertility test by Dr. Leroy Hoversland. Scrotal measurements will be available sale day.

LIABILITY: All persons attending this sale do so at their own risk, legal or otherwise, for their safety and for the behavior of the animals. The owners, sale management and sale staff assume no liability for property loss or any accidents that may occur.

ACCOMMODATIONS:

Ninepipes Lodge | 62986 US Hwy 93, Charlo, MT _____ (406) 644-2588

Red Lion Inn & Suites | 209 Ridgewater Dr, Polson, MT _____ (406) 872-2200

Kwataqnuq Resort | 49708 US-93, Polson, MT _____ (406) 883-3636

TRANSPORTATION: Commercial air travel is available to Missoula Airport (MSO) via United, Delta, American, and Alaska Airlines.

ANNOUNCEMENTS AND SUPPLEMENTAL INFORMATION: A supplement sheet will be available sale day with complete and up-to-date information. Announcements from the auction block take precedence over sale book information.

Please bring this sale book with you on sale day.

At Coleman Angus, maternal matters. Our philosophy in breeding Angus cattle has always been to focus on the mother cow. The mother cow makes the difference in everything we do in this industry. The Coleman Angus program was built the old-fashioned way, in the pasture where maternal is measured by production records, calving intervals, udder quality, mature size, longevity, fertility, and Pathfinder* status. We don't believe in throwing computer-generated numbers out there to confuse or mislead you, we believe in "real world" data.

We breed our cows to raise big calves who rebreed on time and to do this for years. We place emphasis on these desired traits for both seedstock and commercial cattlemen, and these desired traits continue to be a part of the Coleman Angus Maternal Plus Program. Our program places emphasis on the \$M Index, an index for commercial cattlemen and breeders alike. The \$M Index incorporates the following traits and data collected at Coleman Angus: CED, BW, WW, CEM, Milk, MW, Docility, Heifer Pregnancy, Foot Scores (both claw and angle foot scores).

If you sell your cattle at weaning or retain heifers, we recommend that you take a look at the \$M Index on this set of bulls.

The Real \$ Value for Commercial Cattlemen

MATERNAL WEANED CALF VALUE (\$M) – THE REAL \$ VALUE

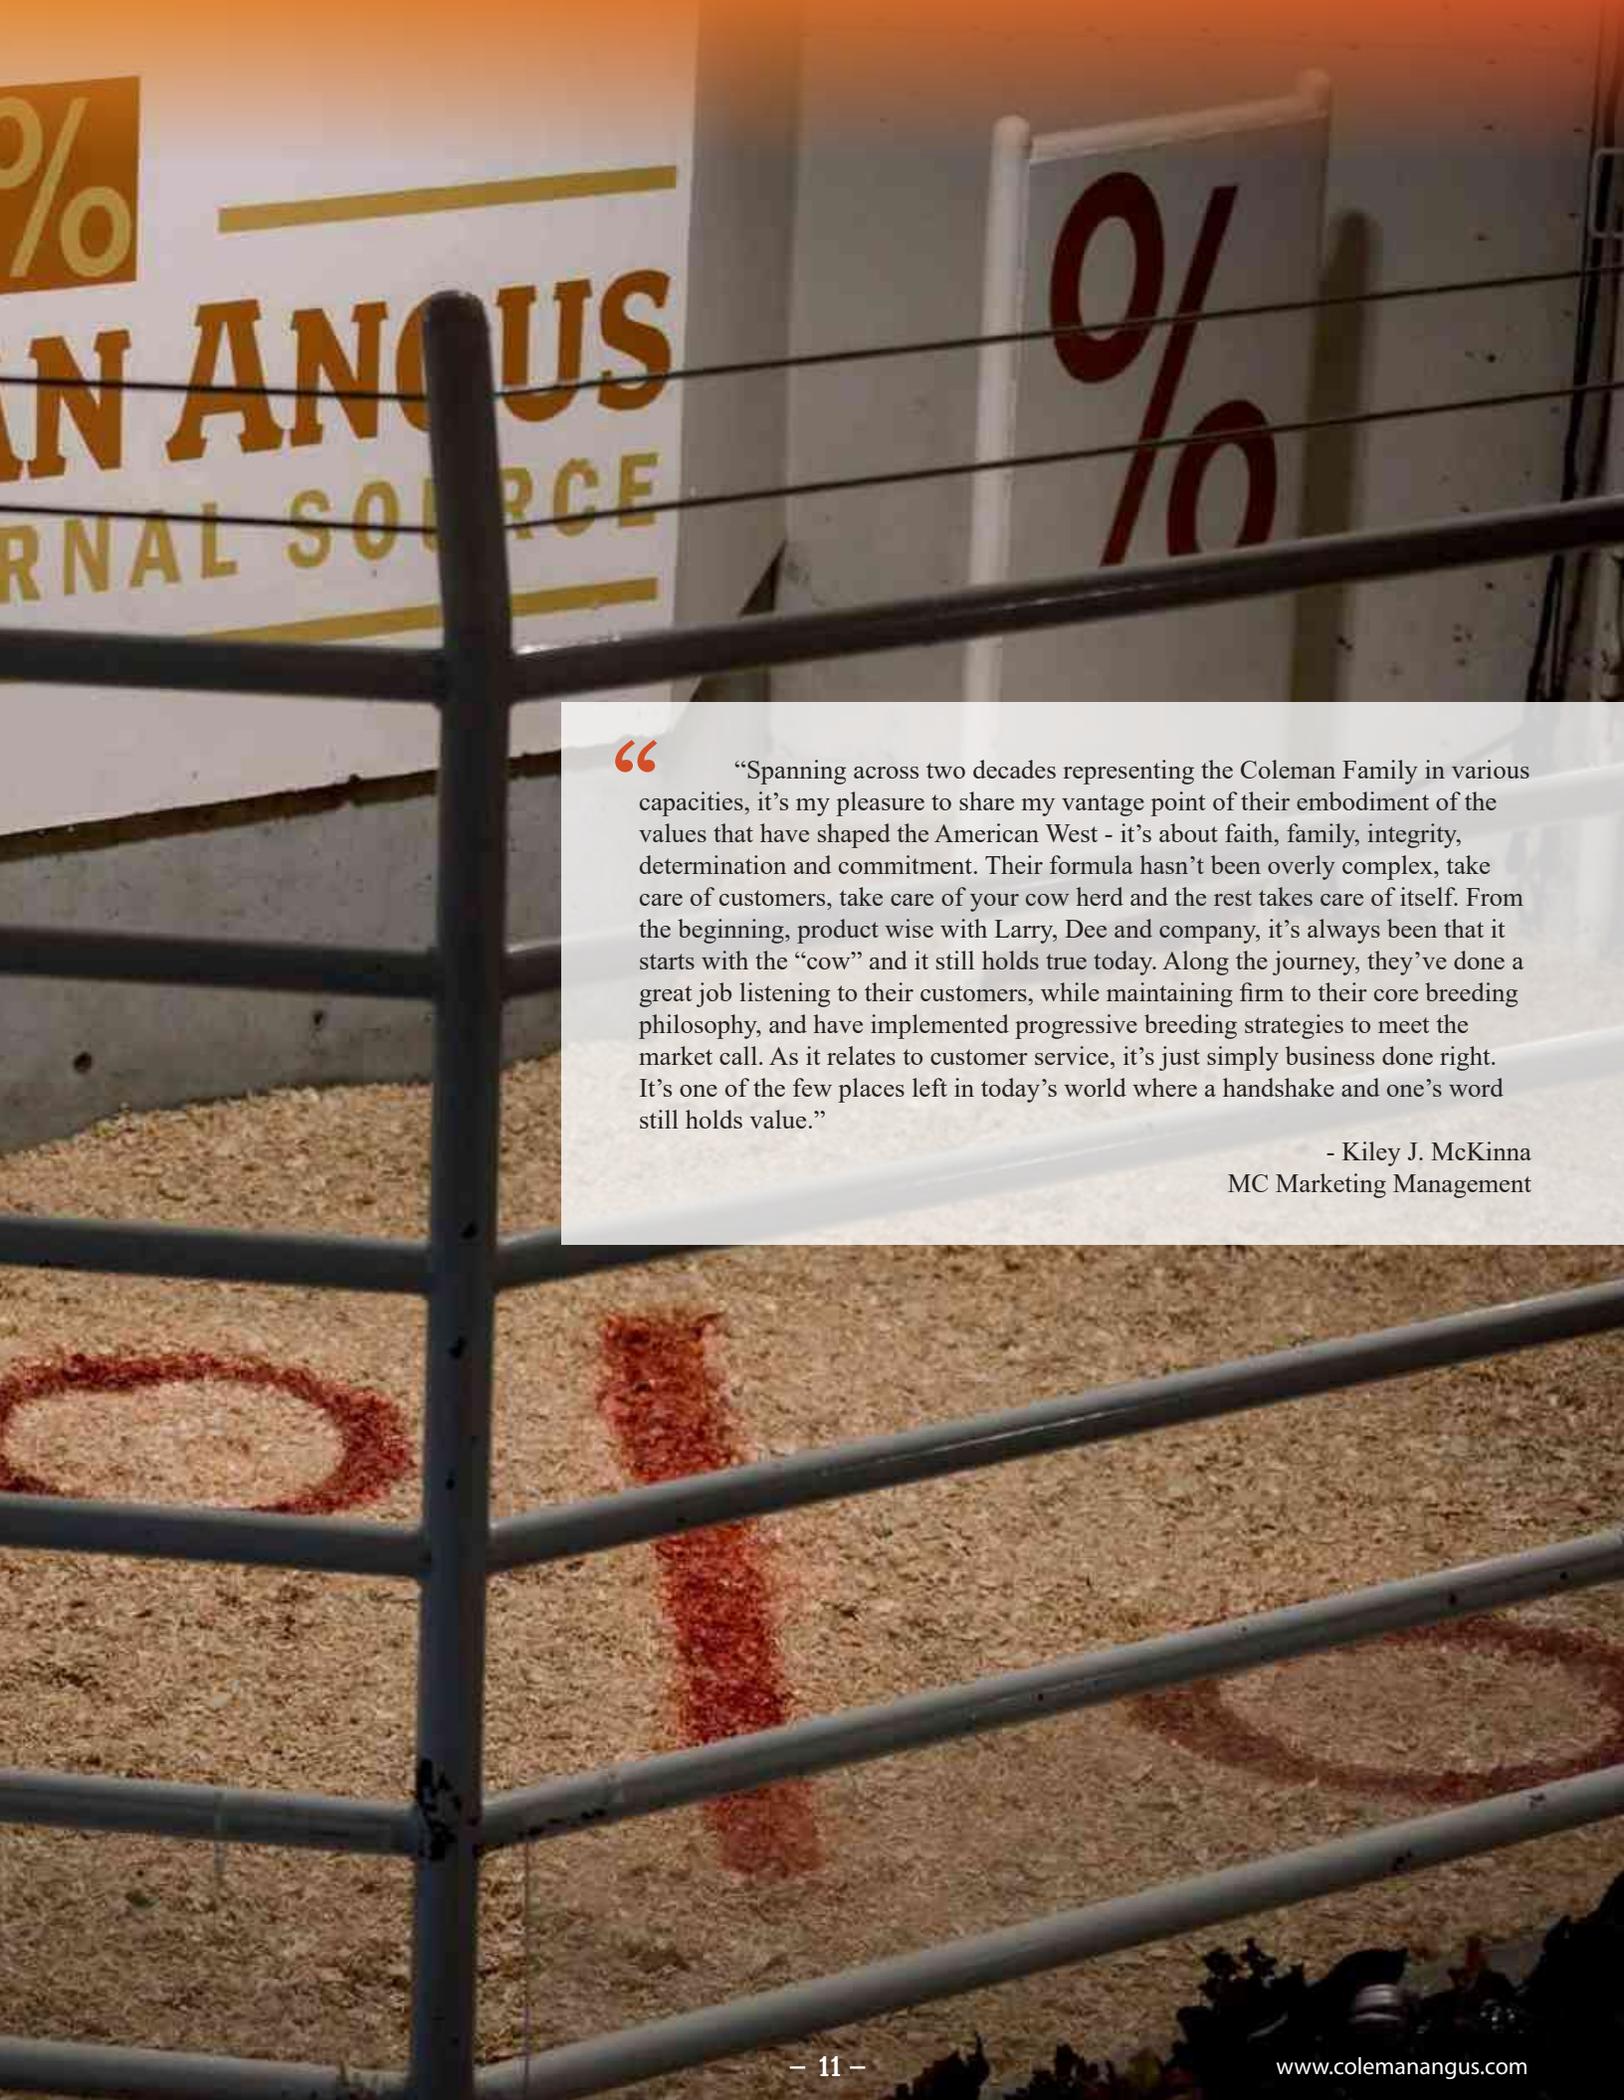

\$M is the most maternally focused selection index currently available to Angus members and commercial users of Angus genetics. \$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning. \$M places greater emphasis on the cost side of commercial cow calf production than any other tool available in the past. Increased selection pressure on \$M aims to decrease overall mature cow size while maintaining weaning weights consistent with today's production.

HAND SHAKE GUARANTEE

We may be a little old fashioned but we still believe in a good old "Hand Shake" as our guarantee. We stand behind our program and these bulls 100%, if there's any problem at all in the first breeding season, even death, these bulls are fully guaranteed. We don't ask you to buy insurance, we believe it's our responsibility to stand behind our product. We do understand that sometimes accidents can happen, it's very simple, please give us a call, and we will make it right. Look on Page 7 for information about our First Season Breeding Guarantee.

%
AN ANGUS
RNAL SOURCE

“

Spanning across two decades representing the Coleman Family in various capacities, it's my pleasure to share my vantage point of their embodiment of the values that have shaped the American West - it's about faith, family, integrity, determination and commitment. Their formula hasn't been overly complex, take care of customers, take care of your cow herd and the rest takes care of itself. From the beginning, product wise with Larry, Dee and company, it's always been that it starts with the "cow" and it still holds true today. Along the journey, they've done a great job listening to their customers, while maintaining firm to their core breeding philosophy, and have implemented progressive breeding strategies to meet the market call. As it relates to customer service, it's just simply business done right. It's one of the few places left in today's world where a handshake and one's word still holds value.”

- Kiley J. McKinna
MC Marketing Management

YOU CAN BUY BULLS ANYWHERE

We believe that it all starts with the mother cow. There is a big difference between a good cow and a great cow. A great breeding bull is known because they “stamp” their calves. It’s the same with great cow; she should be able to “stamp” her calves regardless of who the sire is. They calve early each year, bring in a big calf at weaning, gentle with beautiful udders. Then you see that their daughters are doing the same thing. These are the ones that make a ranch profitable. We have seen a tremendous increase in quality and consistency of our cowherd. This is the result from the large groups of females that are half, three quarter, and full sisters. Consistency is one of the most profitable traits that makes the difference between a good calf crop and a great one.

“The Coleman cow is much like a factory, balancing multiple traits and combining them into a proven, highly maternal package. I use Coleman bulls because of the factories behind them. Built for longevity, backed by a legacy.”

- Kyle Gillooly, Predestined Cattle Co., Wadley, Georgia

AT COLEMAN ANGUS, WE BELIEVE IT ALL STARTS WITH THE “MOTHER COW”

Since the very beginning, here at Coleman Angus, we have been extremely focused on the Mother Cow, and that belief has never wavered. We know that you can buy your bulls from a lot of different operations, but we feel it is important for you to study the Mother, Grandmother, and Great-Grandmother of each bull. At Coleman Angus, we have stacked generations of highly proven females who have stood the test of time. In every one of our bull ads and catalogs, we have incorporated that same slogan, and this year have decided to expand on that theme by giving our sale book a different look that has never been done before. At the bottom of each lot in our bull catalog, we have included the photo of every dam, granddam, third dam, fourth dam, fifth dam, etc., that runs four to six generations deep on each bull and backed each featured animal with proven, predictable genetics.

When you purchase Coleman Angus bulls, you are getting a product of generation after generation of great mothers. Our cows at Coleman Angus are backed by all the components that the American Angus Association has provided us with, which include AHIR and Maternal Plus, and we have been a member of this program since it started. Coleman Angus has been recognized by the Angus Association as a Data Driven program and rewarded with a plaque for voluntary data submitted to the Association. The data that we submit on every cow here is below, along with additional data on every bull that will be in the bull sale. This unwavering focus on the Mother Cow from day one at Coleman Angus gives you, as seedstock and commercial ranchers, the confidence in purchasing bulls that will work for you and will leave you a tremendous set of Mother Cows for years to come.

Every year, every cow here gets scored for the traits below:

- ✓ Udder Suspension
- ✓ Teat Size and Length
- ✓ Disposition
- ✓ Foot Score for Claw Set
- ✓ Foot Score for Angle
- ✓ Weight at Weaning Time
- ✓ Body Condition Score at Weaning Time
- ✓ Mothering Ability

“Coleman Glacier 041 has been a huge success in our herd! Both the bulls and females have topped our sales and have been highly sought after. Their structure design, muscle pattern, and tremendous presence are a few of the extras he brings to the table. He also added growth and breed character to his offspring. Glacier will continue to be a go-to sire for us! We believe in this pedigree as we own a flush sister, Coleman Donna 046, and are seeing very similar results from her progeny as well.”

- Jason Upchurch,
Ingram Angus, Pulaski, Tennessee

“Glacier could quite possibly be the most complete sire we have ever had the opportunity to work with here. Glacier has the rare ability to sire sons that are in high demand and have worked very well in both the commercial sector of our industry and also in the high-end registered world. In saying that, his daughters are the best part. I really feel like Glacier will go down as one of the very best female-producing sires we have ever had. We have never been more excited about a sire group of females here as the Glaciers. We loved Glacier as a young sire, and my biggest regret is that we did not use him harder as a young sire! We have three flush sisters to Glacier here, all have made Pathfinder, they have excellent udders, very good feet, and bring in some of our biggest calves every year.”

- Larry Coleman

Coleman Glacier 041 is the #1 \$M bull in the breed with daughters in production. He is the \$270,000 record-selling bull in Coleman Angus history and the top-selling bull of our 2022 spring bull sale. Glacier offers an outstanding genetic and visual package and represents everything we look for in an ideal Angus bull: He combines a massive performance design and cow maker phenotype with superior structure, has impeccable coverage of cows, fertility, power, mass, and all the elements that make great cattle. He has caught the attention of cattlemen across the country as his sons have topped sales for astute breeders in all regions of the United States and his first daughters in production are making tremendous brood cows with maternal excellence thereby earning him respect in all facets of the industry.

Coleman Donna 439, his iconic Pathfinder dam, has established herself as one of the all-time great donors in Coleman history. There are three full sisters to Glacier working in our program: Coleman Donna 023, Coleman Donna 028, and Coleman Donna 046, and they are all Pathfinders, all have great feet, all have beautiful udders, and all have sons in this year's event. His dam is also the mother of Ace, Mission, and Ranger and she has generated \$1,540,750 on 57 head to average \$27,031 in past sales.

Coleman Revenue 5142 has the distinct honor of serving as the featured Lot 1 bull of the 2026 Coleman Angus Bull Sale. He is a son of the #1 \$M bull in the breed with daughters in production, Glacier. This bull proudly carries the name Revenue because, here at the ranch, we firmly believe this bull possesses the rare ability to generate significant economic return for his new owner. From large-scale commercial heifer projects to the progressive purebred sector, Coleman Revenue 5142 offers broad appeal and exceptional marketing potential, including the ability to merchandise substantial volumes of semen. Given his value and versatility, he will be used extensively within our own breeding program. He is a bull with a fault-free structure while being big bodied with a massive hip and muscle shape and perfect breed character combined with an elite \$M value making him one of the most intriguing bulls ever produced at Coleman Angus.

Coleman Chloe 303, his dam, is a beautiful two-year-old female and a maternal masterpiece with a picture-perfect udder and an extremely attractive look along with a progeny production record of BR 1@91 and WR 1@107. She is one of three full sisters at the ranch by this mating that were very impressive this summer in doing all the basics the right way, and she has a bright future at Coleman Angus.

His granddam, Coleman Chloe 9275, is an iconic herd sire-producing female in our industry. She currently has 14 sons working in major Angus programs around the country and she has generated \$2,041,000 on 42 head to average \$48,595 in past Coleman Angus sales.

- Coleman Kinze 5164, a royally bred herd sire prospect with a power-packed pedigree that stacks the most proven and reliable sires Glacier, Bravo, Density, and Renown, blended with the superior maternal genetics of the Donna and Chloe families.
- His beautiful dam by Density is a larger-outlined, long-bodied female with angularity and a tight, pristine udder. She ratioed on her first calf 112, respectively, for weaning.
- His iconic granddam, Lawsons Chloe C815, has established herself as one of the high income-producing females in the Coleman program and produced the top sellers GPS and Navigation.

COLEMAN GPS 147 – The \$120,000 maternal brother to the dam of Lot 12.

COLEMAN NAVIGATION 144 – The \$40,000 maternal brother to the dam of Lot 12.

“Platinum has been a very aggressive breeding bull in the pasture here with good libido and herd bull presence. His progeny show early sexual maturity; the bulls are masculine and display good crest and top shape, and the heifers are broody and attractive. We used Platinum on first-calf heifers in his second breeding season and got along just fine calving them out.”

- Rick Marlett, TK Angus,
Wood Lake, Nebraska

TIME WELL SPENT

I've always felt that the most important key in selecting your bull battery is to spend a day visiting and looking at the cowherd or cowherds where you buy your bulls. If you like the cows and the management of them, that's where you need to be buying your bulls. It's pretty simple, bulls produce daughters like their mothers and grandmothers.

- A trio of fabulous flush brothers from the mating of Platinum to the sleeping giant, Coleman Donna 787. These flush brothers represent five generations of Coleman donors, and they are led by Coleman Heavy Duty 508, a major sale feature and a favorite of his calf crop who is built like the Larry Coleman kind with explosive muscle, tremendous body, and in as a three-dimensional package as you will find
- Coleman Donna 787, their Pathfinder dam, is one of the hottest females in the program and is a sleeping giant donor who has established herself as one of the greatest Donna's ever. She is an absolute tank with tremendous capacity along with a beautiful look and design with added stoutness in a highly maternal package. She has a progeny production record of BR 6@87, WR 6@107, YR 5@108 with nine daughters in production with a nursing ratio of 101. She has generated \$1,040,000 on 20 head to average \$52,000 and produced the top-selling bull of 2024 spring bull sale, Coleman Maternal Source 356; she also produced the top-selling female of the 2024 Your Maternal Source Sale, Coleman Donna 928, whose son sells as Lot 16.
- Their Pathfinder granddam is a full sister to the now deceased Rock, and she has continued to have a major impact here at the ranch.

- Coleman Rolex 5172 is one of the real stars of his calf crop, blending a “to die for” phenotype, large volume, and perfect structure into a calving-ease package. He is an elite heifer bull who had a birth weight of 75 lbs. with the spread of a 205-day weight of 829 lbs. for a weaning ratio of 104. He is a bull that will take your program to another level and one of the good calving-ease bulls to sell this spring.
- Coleman Donna 928, his dam, was selected by Southall Angus as the top-selling female of the 2024 Your Maternal Source Sale. She has a progeny production record of BR 4@92 and WR 4@107. She is an impressive female with tremendous fleshing ability while being highly maternal with tons of muscle and shape, and she comes at you with a look that will take your breath away.
- Coleman Donna 787, their Pathfinder granddam, is one of the hottest females in the program and is a sleeping giant donor who has established herself as one of the greatest Donna females ever; she has generated \$1,040,000 on 20 head to average \$52,000 and produced the top-selling bull of the 2024 spring bull sale.

COLEMAN DONNA 2429 – Top-selling female of the 2024 Ingram Angus Fall Sale and maternal sister to the dam of Lot 16.

• TOP 4% \$M.

- Coleman Platinum 5257 is a sleep-all-night heifer bull with a negative birth weight and double digit, calving-ease direct. He will serve his purpose very well. He has a great spread from a birth weight of 74 lbs. to a 205-day weight of 829 lbs. to ratio 87 on birth and 104 on weaning.
- Coleman Donna 9246, his Pathfinder dam, is a mouthwatering female and one you couldn't draw any better. She not only has the look but, more importantly, has a production record of BR 3@93, WR 3@108, YR 2@110. She is a full sister to the top-selling bull, Banker, who topped the 2021 fall production sale.
- Coleman Donna 4203, his grandmother, is high-maternal female and full sister to the record-selling Coleman Donna 8146 as well as the grandmother of the Genex AI Sire, Below Zero.

- Coleman Dimension 5261 has a great future ahead of him. A standout all summer long and quite possibly the best Platinum son in the offering. He is a power bull that lives up to his name. He exemplifies true three-dimensional shape while being big topped with a powerful hip and traditional Aberdeen look. He pushed the scale down at weaning with an impressive 937 lbs. weaning weight and a weaning ratio of 118.
- Coleman Donna 9321, his Pathfinder dam, is a beautiful female who exhibits all the extras in a female with femininity, angularity, and extension in a highly productive output package along with a progeny production record of WR 4@113, YR 3@113 that includes one daughter in production with a nursing ratio of 105.

- Coleman Horizon 5250 is a high-octane bull with breed-leading performance. He is an attractive-made, proud individual who has substance and muscle shape coupled with generations of proven maternal backing by some of the best cows at the ranch. He was the #1 bull for 205-day weight at 995 lbs. and a weaning ratio of 125.
- Coleman Donna 9209, his Pathfinder dam, is the definition of maternal. She is heavy milking and bold ribbed with angularity and power. She has a wonderful production record of WR 4@116, YR 3@116 and one daughter in production with a nursing ratio of 104.
- His grandmother, Coleman Donna 6143, is one of the all-time great daughters of Wulffs EXT 6106 who displays the same maternal strengths as her mother; she is back to the foundation Donna female that started it all, KMK Donna J311.

PLATINUM BULLS WITH RANCHER APPEAL

COLEMAN HONOR 5132 – He sells as Lot 31.

• TOP 1% \$M.

- Coleman Honor 5132 will capture your attention on sale day. He is super attractive and built great from the ground up with three-dimension mass from front to rear in a cocky, big-time package. The combination of presence, performance, paperwork, and a little bit different pedigree, makes him one of the highlights of this event. He earned an impressive 205-day weight of 913 lbs. to ratio at weaning 115. Don't miss this one.
- Coleman Chloe 256, his dam, is a wonderful coming four-year-old with added punch in the tank. She is a long-bodied, attractive female who has done a great job here at the ranch and has earned a progeny production record of BR 2@96, WR 2@114, and YR 1@108. She has an array of sisters that have topped the female sale in the fall.
- His granddam, Lawsons Chloe C815, was the foundation Chloe female in the Coleman program and has generated \$1,881,000 on 71 head to average \$26,493 in past Coleman sales. She is the dam of top sellers such as GPS and Navigation.

COLEMAN CHLOE 034 – Maternal sister to the dam of Lot 31.

COLEMAN MATERNAL BALANCE 3734 – Full brother to Reference Sire C.

CED	BW	WW	YW	SC	MILK	DOC	CLAW	ANGLE	RE	SW	SM
5	1.1	86	147	1.14	21	34	.28	.33	.98	82	97

• TOP 4% \$M.

• FOR REFERENCE ONLY

- Coleman Black Diamond 2406 is a full brother to the \$260,000 top-selling bull of the 2025 spring bull sale, Coleman Maternal Balance 3734, and the \$170,000 top-selling bull of the 2023 fall sale, Coleman Platinum 2622. He is an outstanding individual by Coleman Rock 7200 back to the record-selling Pathfinder dam, Coleman Chloe 9275. He is a bull we kept back for our own use and lost at a young age who was a tremendous individual with a proud presence in a long, attractive-made package with a big foot, bold middle, big top, and stout hip. He had a modest birth weight of 78 lbs. with a great spread to weaning and a 205-day weight of 861 lbs. His combination of phenotype, paper, and actual date made him a very intriguing sire for us to use.
- Coleman Chloe 9275, his dam, is an iconic herd sire-producing, Pathfinder female in our industry. She has a progeny production record of BR 4@95, WR 4@116, YR 3@122, UREA 3@118 and 12 daughters with a progeny production record of 107. Coleman Chloe 9275 has generated \$2,041,000 on 42 head to average \$48,595 in past Coleman sales and currently has 14 sons working in major Angus programs around the country including the AI Sires: Maternal Balance, Platinum, Security, Arrowhead, Mahomes, Bond, Flagstone, General, Concrete, and many more.
- His first sons will be offered in this year's event and certainly do not disappoint.

- Coleman Easy Decision 1539 was the \$135,000 second high-selling bull of our 2023 spring bull sale selected by Select Sires, Inc. and Southern Cattle Co. He is a major breeding achievement with an outcross calving-ease pedigree blended with top-of-the-breed performance, breed-improving maternal strength, and a top-tier number profile backed by generations of great females. He had an individual birth ratio of 85 and a weaning ratio of 116.
- Coleman Donna 7386, his dam, was the \$205,000 one-half interest, second top-selling female of the 2023 Your Maternal Source Sale and has a progeny production record of BR 5@89, WR 5@113, YR 4@114, UREA 1@115. She is a unique Charlo daughter with extra size and angularity in a heavy milking, highly productive package.
- His Pathfinder granddam, Coleman Donna 5309, is one of the high-ratioing females in the program where she has a progeny production record of BR 8@91, WR 8@107, YR 7@106, and two daughters in production with an average nursing ratio of 108.
- This is Easy Decision's second set of sons to sell at Coleman Angus and they were highly sought after last year where 18 sons averaged \$13,750 in the 2025 Coleman Angus Spring Bull Sale. You will want to study this sire group and gain the advantages they bring to the table.

- Coleman Easy Decision 5166 is a multi-purpose and calving-ease bull by Easy Decision with balance and numbers to work in all facets of the industry. He pushed the scale down at weaning with a 205-day weight of 895 lbs. and a weaning ratio of 124.
- Coleman Chloe 392, his dam, is a bigger outline two-year-old with length, an attractive look, and a progeny production record of WR 1@124.
- Coleman Chloe 034, his grandmother, is the full sister to Triumph, owned with Ingram Angus of Tennessee and making her mark as one of the high \$M Chloes in the breed. She has produced high-selling females in their production sales and has generated \$219,500 on 12 head to average \$18,291 in past Coleman Angus sales.

COLEMAN DONNA 3125 – Granddam of Lot 44.

COLEMAN CHLOE 034 – Pathfinder granddam of Lot 46.

“When we purchased Coleman Rock, it was big for us. It was a big move to further our operation in the right direction. Our Rock calves and daughters in production are the kind we like: Big ribbed, stout, structurally sound, and good uddered.”

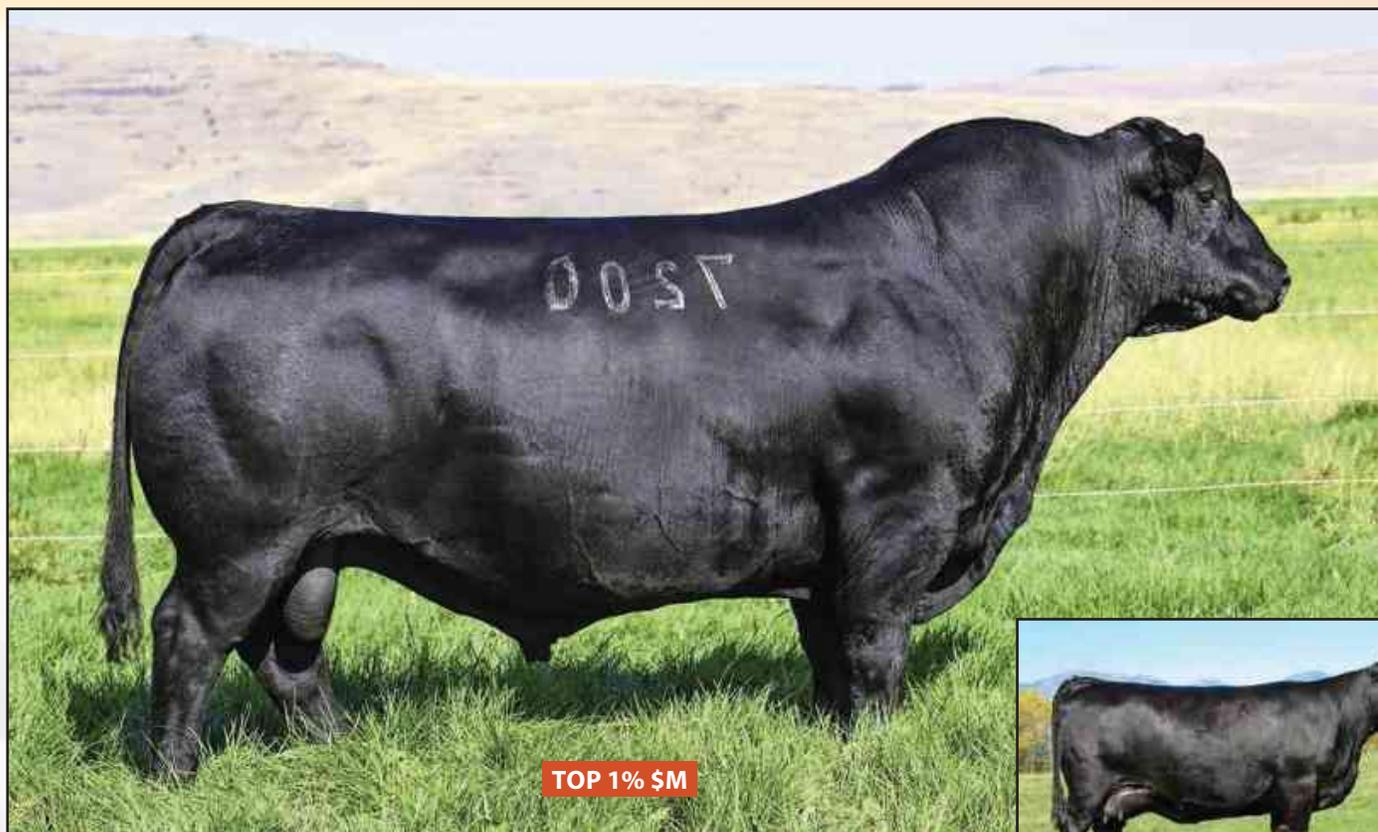

- David Cagle, Ingram Angus,
Pulaski, Tennessee

“Coleman Rock 7200 has been a major breeding piece for our program. The consistency we have seen in his progeny is one of the most intriguing things about them. They have tremendous rib shape, easy fleshing, rapid early growth and excellent feet. We consider Rock as one of the most influential purchases of our program.”

- Jason Upchurch, Ingram Angus, Pulaski, Tennessee

- Coleman Rock 548 is one of the youngest bulls in the sale and has extra thickness and tons of true muscle expression along with a wide top and explosive hip in a long, proud profile. He combines all this in a true heifer bull package.
- Coleman Donna 046, his Pathfinder dam, is a full sister to the #1 bull in the breed for \$M with daughters in production, Glacier. She is one of three full sisters here at the ranch that all went Pathfinder, have beautiful udders, and perfect feet. She has a progeny production record of BR 4@97, WR 4@108, YR 2@111, and one daughter in production with a nursing ratio of 102. She has generated \$116,500 on just seven head to averages \$16,643 on past sales at Coleman Angus.
- Coleman Donna 439, his Pathfinder granddam, is the mother of an array of AI Sires and has generated over \$1.5 million in progeny sales.

“We couldn’t be more excited about Palermo and are fortunate to be partners with Coleman Angus, an elite cow herd operator in today’s business.

We since have calved out a set of Palermo calves and are really pleased with the outcome. The calves are the most vigorous set of calves at birth that we have ever had at Bucksnot. We are truly excited to see the impact this bull will have in years to come and are looking forward to working side by side with Coleman Angus on Palermo.”

- Jason Meadon, Bucksnot Ranch, McEwen, Tennessee

“We are very excited for you to see this set of Palermo bulls this year. We feel our two lead-off Palermo sons are as good as we have ever made here in the history of Coleman Angus. They have been standouts since they were born and will be a big part of our program going forward. Sisters to these two bulls are standouts also, we love to see consistency in a flush before we make the decision to tie into them hard. I think as you study this sire group, you will see why we are so excited for the future of Palermo. Palermo was a visitor favorite here last year, with many visitors telling us “He’s the best Angus bull we’ve seen for a long time.”

-Larry Coleman

• FOR REFERENCE ONLY.

• Owned with Sandford Ranches, LLC, Greenwood, TX; Bucksnot RR Ranch, LLC, McEwen, TN.

• Palermo is an outcross sire who has caught the attention of cattlemen around the world. He was the second high-selling bull of our 2024 spring bull sale where he sold one-third interest at \$175,000 for a \$525,000 valuation to Bucksnot Ranch of Tennessee. He is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge wide hip and muscle expression. Palermo has sold 25 head and generated \$642,500 to average \$25,700 in past Coleman Angus sales.

• Palermo is a direct son of Serrucho, the two-time Palermo champion back to Rubeta Fontana 7567-T/E, who is considered one of the most unique females in Argentina and has gained the nickname “Tank” for her added body mass, big top, stout hip, and tremendous balance and quality. He is a full brother to the \$180,000 Coleman Angus and Hummel Livestock herd sire, South America.

• This is Palermo’s second calf crop that we have had the opportunity to present to the public, and we don’t think it will disappoint as they are a consistent set of sons with unmatched power, performance, and muscle and highlighted by Lots 51 and 52: Coleman Program 593 and Coleman Authentic 5103.

COLEMAN DONNA 4126 – The \$95,000 top-selling bred heifer and daughter of Reference Sire F.

COLEMAN DONNA 4108 – The \$20,000 daughter of Reference Sire F.

- Coleman Palermo 5224 is the second youngest bull in the sale by Palermo and the fourth-generation donor, Coleman Donna 5404. The combination of his outcross genetics and the maternal asset of the Donna family blend for a bull that had a 205-day weight of 853 lbs. with a weaning ratio of 107. He will be a perfect calving-ease bull to put on your heifers; he is just right for the job.
- Coleman Donna 5404, his Pathfinder dam, is a great highly proven donor who has a remarkable progeny production record of BR 8@99, WR 8@107, YR 7@108. She is a direct daughter of Coleman Donna 714, who has generated over \$3.5 million in progeny sales.

- Coleman Mayweather 5242 is properly named as he is a big-time herd sire prospect who is a phenotypic standout with incredible thickness, muscle, and capacity in an easy-fleshing package—a cattleman's dream. The combination of his look and pedigree along with a dam that is a great producer blends for a knock out opportunity on sale day.
- Coleman Donna 8196, his dam, is a great producing daughter of Coleman Donna 0308 and a full sister was the third high-selling female of that event. She has a progeny production record of WR 5@108 and YR 1@109.
- His granddam, Coleman Donna 0308, is a featured donor at sixteen years of age and breeds first straw AI every year along with having a beautiful udder and perfect feet. She is the real definition of longevity and production confirmed by her \$695,500 on 36 head to average \$19,320 in past sales as well as she produced the top-selling bred heifer in the 2025 fall production sale by Palermo.

- Coleman Armstrong 5241 is another heavy weight that defines mass, power, and extra thickness as he is a stout-rumped, big-bodied bull with a great presence. He combines all the right pieces with his phenotype and pedigree to be a great herd sire for his new buyer. He had a 205-day weight of 851 lbs. for a weaning ratio of 107.
- His remarkable dam, Coleman Donna 8192, is a very reliable producer who continues to do a great job year after year. She has a progeny production record of BR 5@95, WR 5@103, and YR 3@104. She is a full sister to the dam of Lot 61.
- His granddam, Coleman Donna 0308, is a featured donor at sixteen years of age and breeds first straw AI every year, has a beautiful udder and perfect feet and is the real definition of longevity and production. She has generated \$695,500 on 36 head to average \$19,320 in past sales and produced the top-selling bred heifer in the 2025 fall production sale by Palermo.

“I have had the privilege and pleasure of representing the Harley Coleman Limousin family over the last thirty years and witnessing his son, Larry, follow the same footsteps of his parents in creating a well-known Angus breeding program. The Coleman family has not only developed a solid cow base, creating a product sought after by cattlemen around the country, but equally important, they have taken care of their customers from the onset of their program. In the eyes of myself and countless others, the phrase “good things happen to good people,” represents them well. The “% brand” is as strong as it’s ever been with the guidance and partnership of Jeremy and Jenny Haag. The Haag and Coleman partnership is a true testament to friendship, loyalty and working together towards a common goal of acceptance with your product amongst your peers. I am proud to represent the “% Brand” and work with them to bring more attention to their incredible program.”

- Randy O. Ratliff, R & R Marketing Company,
Nashville, Tennessee

“Larry, Jeremy, and the entire Coleman family and crew have been a tremendous influence on our program. Having been involved in the cattle industry for many years, we wanted to take our operation to the next level with a program we could trust, while keeping our customers best interests in mind. The Coleman Angus program has exceeded our expectations.

We have purchased three donor females from Coleman Angus that have become the cornerstone of our program. I deeply appreciate Larry and Jeremy’s dedication to producing exceptional maternal Angus cattle with traits that ensure quality breeding stock and productive females. By incorporating Coleman genetics, we have brought top-tier maternal genetics to the Midwest.”

- Hunter Carrico, Carrico Angus,
and H2O’s Cattle, Plymouth, Indiana

POWER PACKED PUNCH OF FIVE FLUSH BROTHERS

COLEMAN ROY JONES 5349 – He sells as Lot 67.

“We absolutely love working with the Coleman family and have based our purebred herd heavily on Coleman genetics. They are easy fleshing, highly functional cattle that excel in our environment. The commercial cattlemen in our area have loved being able to add maternal genetics back into their herd without sacrificing performance. High quality cattle from even higher quality people!”

- Nolan Cash, Cash Cattle Company, Medicine Hat, Alberta, Canada

- "Power in the blood," defines these five full brothers from the mating of Palermo to a great-producing Pathfinder dam, Coleman Donna 6206. This set of full brothers is extremely consistent with uniformity and all have tremendous thickness with powerful wide hips, big backs with spring of body, and depth of body with a great look from the side. They combine the power and phenotype, along with the proven and predictable maternal genetics, of one of the top donors in the program. If you are looking for a set of consistent cookie cutter bulls that will give a calf crop uniformity and consistency, study this set of fantastic full brothers.
- Coleman Donna 6206, their Pathfinder dam, is a power cow that was as impressive to look at as you could find. A model Angus female with power from front to rear and a bold big belly with unmatched thickness. She supported a progeny production record of BR 6@98, WR 6@109, YR 6@108.
- Their granddam, Coleman Donna 2252, was a high-ratioing female who had the foundation genetics of one of the great Pathfinder sires, Wulffs EXT, and from a full sister to Coleman Foundation, a past top seller.

- A full six pack of heavy weights! This set of flush brothers that includes Lots 74-79 are high-performance standouts that have the attention of breeders from North America to South America. Visitors from all over are enamored with this set of brothers. These appealing outcross genetics are stacked with one of the great cows of the breed, Coleman Chloe 9275. We feel these are breed-changing brothers and if you want higher performing, pounds heavy offspring with look that are wide-based, big-topped, stout-hipped cattle, we challenge you to find a more consistent set.
- Coleman Chloe 9275, their dam, is an iconic herd sire-producing female within our industry. She has a progeny production record of BR 4@95, WR 4@116, YR 3@122, UREA 3@118 and 12 daughters with a progeny production record of 107. She has generated \$2,041,000 on 42 head to average \$48,595 in past Coleman sales and she, the last two years at Voss Angus, has produced the top-selling bulls and a top-selling female. She currently has 14 sons working in major Angus programs around the country, and she is the mother of AI Sires such as Maternal Balance, Platinum, Security, Arrowhead, Mahomes, Bond, Flagstone, General, Concrete, and many more.

COLEMAN PLATINUM 2622 – The \$170,000 maternal brother to Lots 74-79.

COLEMAN MATERNAL BALANCE 3734 – The \$260,000 maternal brother to Lots 74-79.

KNOCK OUT PERFORMERS

- Coleman Johnson 5173 is a cow maker supreme with massive volume and fleshing ability as well as superb look and presence; he will be an asset to any program. He is backed by the outcross Palermo x Chloe family and will add performance, style, and value. He had a 205-day weight of 816 lbs. for a weaning ratio of 103.
- His powerfully constructed, massive made dam, Coleman Chloe 975, has been as consistent of a full sister to the high-selling Triumph as we have had at the ranch. She produced the top-selling open heifer calf of the 2023 Your Maternal Source Sale that went to LT Ranch of South Dakota. She has a progeny production record of BR 4@99, WR 4@106, YR 3@108, with three daughters in production with a nursing ratio of 107. She has generated in her lifetime \$440,000 on 19 head to average \$23,158.

- Coleman Rocky 5190 will command your attention when you enter the pen. He is a true herd bull with authority, presence, look, extra muscle shape, and great structure. He is a favorite of ours at the ranch with the fundamentals of his phenotype and pedigree; he stacks the outcross top side with the consistent high-maternal profitability of the bottom side of his pedigree as good as any in this year's sale.
- Coleman Chloe 1439, his dam, was the third high-selling, two-year-old female of the 2023 Your Maternal Source Sale and owned with Lawson Family Farms in Virginia. She has developed into a powerful, massive, heavy-structured female with a progeny production record of BR 2@98, WR 2@105, and YR 1@107.

“The first time I ever saw the pictures of Donna J311 and Donna 386 I told my dad, ‘There’s the Angus base cows we need to build our herd from.’ From that point, we began to develop a Simmental line of the “Donna” cow family that launched our program to a level that I had never imagined was possible. Larry and the Coleman Angus crew have done an incredible job in having the vision to preserve and utilize the Angus cow for the purpose in which she was created, to excel her maternal ability!”

- Scott Sandeen, Sandeen Genetics, Blakesburg, Iowa

“I have done business with Coleman Angus for over 15 years. Real World Angus Cattle with Real World Angus People! Hard to beat the combination for me.”

- Sam Edwards DVM, Harrogate Genetics,
Harrogate, Tennessee

• Owned with Hummel Livestock, Cabery, IL.

- South America is the first of his kind to ever come to the United States. He adds muscle shape with added body and performance in the right kind of package. His tremendous outcross genetics give programs around the world the opportunity to capitalize on these impressive traits.
- South America sold for \$180,000 one-half interest in the Night at Remington Park Sale at the 2021 Cattlemen's Congress. He captivated cattlemen from all over the world and was the pick of the pen and the people's choice of him and his brothers.
- He is a direct son of Don Aparicio Serrucho 57 Maxi, the only two-time Palermo champion in Argentina. He stems back to one of the great producing dams in the La Rubeta program and the female they call "Tank," who earned this name for her overwhelming body, fleshing ability, and three-dimensional design.
- South America has had a tremendous impact at Coleman Angus, and he has generated \$3,066,015 on 144 head to average \$21,292 in past Coleman Angus sales. Some of his major highlights include the \$210,000 one-half interest for a \$420,000 valuation Coleman Maternal Source 356, the \$90,000 one-half interest for a \$180,000 valuation Coleman World Wide 2562, the \$80,000 one-half interest for a \$140,000 valuation Coleman Patron 269, and the \$70,000 one-half interest for a \$140,000 valuation Coleman Mendoza 271.
- South America has established himself as one of the most influential imported bulls ever in the breed.

COLEMAN MENDOZA 271 – The \$70,000 son of Reference Sire G.

COLEMAN MATERNAL SOURCE 356 – The \$210,000 son of Reference Sire G.

- Coleman Holyfield 5255 is properly named after the heavy weight champion. Here is one to pay attention to. He could possibly be the best South America son ever made here at the ranch. Holyfield has been a standout from day one and has one of the very best looks in the entire sale with a big back and a wide and powerful hip in a proud package. His full sister was a highlight this past fall that went to Canada. He had a whopping 205-day weight of 948 lbs. and blends this powerful punch with an excellent pedigree out of the #1 bull for \$M with daughters in production full sister, Glacier.
- Coleman Donna 046, his Pathfinder dam, is an absolute dream of a female. She is beautiful to look at with added body, a big, square hip and comes in a wedge-shaped package. She has a progeny production record of BR 4@97, WR 4@108, YR 2@111, and one daughter in production with a nursing ratio of 102. She has generated \$116,500 on just seven head and averaged \$16,643 on past sales at Coleman Angus.
- Coleman Donna 439, his Pathfinder granddam, is the mother of an array of AI Sires and has generated over \$1.5 million in progeny sales.

Maternal 4th Dam of Lot 88.

MATERNAL WEANED CALF VALUE (\$M) – THE REAL \$ VALUE

\$M is the most maternally focused selection index currently available to Angus members and commercial users of Angus genetics. \$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning. \$M places greater emphasis on the cost side of commercial cow calf production than any other tool available in the past. Increased selection pressure on \$M aims to decrease overall mature cow size while maintaining weaning weights consistent with today's production.

“It’s a beautiful afternoon here in Tennessee and I was riding through our first Coleman cattle calf crop and just wanted to take a minute to write to you and say thank you for all your assistance in helping us select cattle from your program.

It is, without question, the most uniform and consistent calf crop I’ve ever been a part of with the many different sire groups we have, it’s unbelievable. I love all of them; the South Americas, Glaciers, Rocks, Mendoza, Below Zeros and Trademarks, all are incredible.

We look forward to working with the entire Coleman family and genetics for years to come. We can’t wait to get our Maternal Source 356 calves on the ground in February and March.

Hope to see you guys in about a month. Thanks again for everything!”

- Jimmy Armstong, Bill Dickerson, & Sam Lynch, Southall Angus LLC, Franklin, Tennessee

- **FOR REFERENCE ONLY.**
- **Owned with: Southall Angus, Franklin, TN.**
- **TOP 3% \$M.**
- Coleman Maternal Source 356 is the \$210,000 top-selling bull of the 2024 Coleman Angus Spring Bull Sale where he sold one-half interest for a \$420,000 valuation to Southall Angus, LLC. He presents a perfect herd bull resume that brings an optimum blending of performance, phenotype, and pedigree together with outcross genetics; he replicates this same design in his offspring. He is a wide, dense, big-volumed bull who needs little to nothing to survive on due to his great fleshing ability.
- Coleman Donna 787, his Pathfinder dam, is as good of a Donna female that has ever come out of Coleman Angus. She continues to produce cattle with the dense qualities we are missing in our breed. She has a progeny production record of BR 6@87, WR 6@107, YR 5@108 with nine daughters in production with a nursing ratio of 101, and she has generated \$1,040,000 on 20 head to average \$52,000.
- The Pathfinder granddam of Maternal Source was the \$80,000 featured Lot 1 female of the 2016 Your Maternal Source Sale and a top-selling female through that event going on to be an outstanding donor female for the Lawson Family Farms program in Virginia.

COLEMAN DONNA 928 – The \$200,000 maternal sister to Reference Sire H.

COLEMAN DONNA 3630 – The \$120,000 maternal sister to Reference Sire H.

- Lots 90-92 are a trio of dense-made, power bulls that cattlemen will really gravitate towards. They all are loaded with mass and power, muscle shape, depth from forerib to flank, and stem from the master mating of Maternal Source and the iconic Coleman Chloe 9275. Security Guard has a weaning weight of 837 lbs.
- Dam, Coleman Chloe 9275, is an iconic herd sire-producing female in our industry. She has a progeny production record of BR 4@95, WR 4@116, YR 3@122, UREA 3@118 and 12 daughters with a progeny production record of 107. She has generated \$2,041,000 on 42 head to average \$48,595 in past Coleman sales, and she currently has 14 sons working in major Angus programs around the country including AI Sires such as Maternal Balance, Platinum, Security, Arrowhead, Mahomes, Bond, Flagstone, General, Concrete, and many more.
- Granddam, Lawsons Chloe C815, was the foundation Chloe female in the Coleman program and is also the dam of top sellers like GPS and Navigation.

- Coleman Maternal Source 577 is a heavy-muscled, square-hipped, power bull with the maternal extras from his blended pedigree of triple breeding from the Donna family. He pushed down that scale at weaning at 844 lbs.
- His powerful, maternally enhanced dam, Coleman Donna 6206, has done a wonderful job with a progeny production record of BR 6@98, WR 6@109, and YR 6@108. She is a granddaughter of the full sister to Foundation.

COLEMAN DONNA 9220 – Granddam of Lot 96.

“Coleman genetics have worked great for our customers north of the border, and we have seen so much increased value when marketing cattle with them in the pedigrees. We can confidently say that Mendoza is the next important breeding piece that has elevated every program that has used him with his curve-bending calving ease and power in one package. The foot and udder strength, along with overall ideal phenotype, is making Mendoza one of the most exciting bulls we have ever seen introduced to the Angus gene pool.”

- Scott Bohrson, Canadian Donors,
Mountain View County, Alberta, Canada

“We want to thank our nephew, Justin Lerwick, for helping us over his winter break from college. His enthusiasm for the cattle business is unmatched. We appreciated his help and wish him the best of luck.”

-Larry & Dee Coleman Family

“Coleman Angus bulls have made a positive impact on our cowherd. Their moderated framed, muscular bulls are easy fleshing, taking little winter feed and have good quite dispositions. When we sorted our replacement heifers, 75% of those retained were sired by Coleman bulls. They are high volume, easy fleshing females that will make moderate framed cows that we appreciate in our family operation. We plan to add more Coleman bulls this year. They are the kind of bulls that will help keep our program profitable.”

- Clyde Brewer III, Melstone, Montana

“Hello Larry, we just shipped our heifers and steers. The Bravos and Summits are as good as we have had in a long time. Steers weighed 635 and heifers 600, April calves. The Bravos and Summits were weighing 670-685. Will get you a video on those heifers, they are as good as I have seen in a long time. We will be using those bulls again.”

Thanks,
- Jeff Harwood, Geysler, Montana

- Coleman Currency 566 along with his full brother, Coleman Commodity 565, are a pair of favorites out of this graduating class of bulls by Prosper x 787. These younger bulls in age have never missed a beat and are two high-performance, heavy-weighting brothers that have loads of capacity with shape in a three-dimensional package. These two brothers weighed in at weaning with a couple impressive weights: Coleman Commodity 565 weighed 902 lbs. and Coleman Currency 566 weighed 884 lbs.
- Coleman Donna 787, their Pathfinder dam, is as good of a Donna female that has ever come out of Coleman Angus. She continues to produce cattle with the dense qualities we are missing in our breed, and she is the mother of the 2024 top-selling bull in the spring bull sale, Maternal Source, going to Southall Angus of Tennessee. She has a progeny production record of BR 6@87, WR 6@107, YR 5@108 with nine daughters in production with a nursing ratio of 101 and has generated \$1,040,000 on 20 head to average \$52,000.
- Their granddam, Coleman Donna 063, is a full sister to the record-selling Rock and is a full sister to the #1 \$M female in the breed that is a Pathfinder, Coleman Donna 040.

COLEMAN DONNA 928 – The \$200,000 maternal sister to Lots 99 and 100.

COLEMAN DONNA 2429 – The \$75,000 maternal sister to Lots 99 and 100.

“For the past 8 years, we have been purchasing Coleman bulls. We started buying these bulls because we believe that the fastest way to improve cow herd genetics is through bull selection. Our goal was to create the perfect cow herd, one that is uniform, flourishes on grass with lower feed intake, is maternal, and takes care of herself as well as her calf. For the past decade, our calf crop has been marketed through a grass finished program. We decided that Coleman genetics was the perfect fit for this market given the early maturing, easy fleshing characteristics of their genetic base. The carcass traits for our forage finished calves continue to stand out in the marketplace. Coleman bulls have improved our cattle grading choice on average of 20-40% better than the industry average on forage.”

- Flying M Livestock, Ellensburg, Washington

“Coleman Angus Genetics have taken our cattle to the next level in terms of producing easy-fleshing, maternally-oriented cattle. We were fortunate to be able to purchase Resource 708, who quickly rose to the top with his impressive phenotype and impeccable feet and athleticism. We have many daughters in our herd who are sound structured and appear to have similar added longevity as their sire, Coleman Mission 1447, who is our young herd sire. The Charlo influence has been a game changer.”

- Mark and Laurie Gaugler, Gaugler Angus Ranch,
Judith Gap, Montana

- **TOP 10% \$M.**
- Coleman Resource 708 is one of the most impressive Angus bulls that you will lay eyes on and a bull who has proved himself the old-fashioned way. He has been a visitor favorite of many! Resource 708 has unmatched three-dimension shape, impressive depth of body, and explosive muscle shape in a sound, big-footed package. His daughters in production have done a marvelous job and have picture-perfect udders, are easy fleshing, and are infused with added maternal traits.
- Coleman Donna 376, his dam, is highly productive and stems from a long line of excellent mothers. She has a progeny production record of BR 5@91, WR 4@103, YR 4@102. She is by a daughter of Coleman Manning 0299 back to the \$93,000 record-selling Coleman Donna 005, who is a daughter of the outcross sire, N Bar Shadow X4124, and the \$200,000 Coleman Donna 386.
- His sons represented are as good as we have made and will be very popular on sale day.

Coleman Statement 5120 is named properly and, when you see him, he will make his own statement. He is the best 708 son we have ever made, in a calving-easy package. He has a unique EPD set with low birth genetics, explosive growth, and unprecedented \$M value. His pedigree is second to none blending Coleman Donna 376, Coleman Donna 714, and the #2 \$M cow in the breed, Coleman Donna 199, into a powerful genetic package. He has a light birth weight of 79 lbs. and a heavy 205-day weight of 924 lbs. with ratios of 93 and 116, respectively.

Coleman Donna 199, his dam, is a major feature in the program ranking #2 for \$M in AHIR at American Angus. She is a long-bodied, smooth-made, perfect-uddered female in a wedge-shaped package. She has a progeny production record of BR 3@90, WR 3@107, and YR 2@104. She is a flush sister to the calving-ease bull, Banker.

COLEMAN BANKER 9215 – The \$150,000 valued full brother to the dam of Lot 101.

- Coleman Open Country 5201 is a cowboy kind of bull with a long, attractive look. He is smooth made and has great presence in a big-volumed, square-hipped package. His pedigree is hard to beat with the Resource 708 x South America and Donna cross.
- Coleman Abigale 2118, his dam, is a bigger-outlined, three-year-old female from the high-performance Abigale family. She has a progeny production record of YR 1@105, and she is a granddaughter of Coleman Abigale 0277, a full sister to Charlo.

COLEMAN ABIGALE 0277 – Pathfinder 3rd dam of Lot 103.

COLEMAN ABIGALE 0317 – Maternal sister to the granddam of Lot 103.

“

“We are extremely happy with our Coleman Below Zero 2106 calves. He is a rock-solid bull to use for calving ease and consistency. These calves have excellent vigor and grow fast. We will continue to use him to improve top and base width and maternal excellence! We have had great success here in Missouri with the Coleman genetics and the quality that comes with the brand.”

- Brian Marshall, Marshall & Fenner, Malta Bend, Missouri

“

“When I first saw the video and the pedigree, along with the number profile of Coleman Below Zero 2106, I had an instant gut feeling that he was going to leave his mark on the Angus breed and knew I had to find a way to own part of him. His combination of true Calving Ease, Foot Quality, Body Capacity, Outcross Pedigree, and Maternal Strength is unprecedented, and when it all comes together with the ability to consistently stamp his progeny with the “Coleman Look,” it puts him in a league of elite semen-selling machines as the likes of SAV Final Answer 0035 and N Bar Emulation EXT. Our Below Zero calves are born easily and have a VIGOR like none we have ever seen. Most babies will be up and trying to nurse before their mother even knows they spit out a calf. Our cow herd has very strong Schaff Angus Valley influence, and the cross of Coleman bulls on our SAV cows is magical. I have never seen in my 30+ year career in the industry, a more consistently maternal, phenotypically perfect cross, which is what our industry is craving in order to put the “real world” back in Angus!”

- Jon Janssen, Janssen Angus, Earlham, Iowa

“

“Below Zero entered the GENEX lineup and had an immediate impact. Today, customers worldwide are elated by the quality of his calves – excellent vigor, early bloom, and fleshing ease with true Angus breed character. As importantly, Larry and Jeremy are great bull partners.”

- Brad Johnson, GENEX BEEF, Shawano, Wisconsin

“We purchased Coleman Double Down 3196 and his progeny are now just hitting the ground. We used him heavily in our ET and AI programs, and they are coming easy with tremendous vigor. We are excited about these progeny and plan to continue to implement Double Down as a major part of our program.”

- Jason Upchurch, Ingram Angus, Pulaski, Tennessee

• TOP 3% \$M.

- Coleman Double Up 5158 is a sleep-all-night, calving-ease herd sire with added maternal power. His pedigree represents a little bit of a different twist with Double Down x Galactic x Right Time. He shows great muscle expression with a big, wide top in a smooth package. He weaned off at 813 lbs. with a weaning ratio of 112 and a birth ratio of 89.
- Coleman Donna 368, his two-year-old dam, will make your mouth water. She is as attractive and big bodied, with a picture-perfect udder as you will find anywhere. She earned a progeny production record of BR 1@89, WR 1@112. She is a direct daughter of Coleman Donna 3125, one of the all-time best daughters of Coleman Donna 714 there is.

- Coleman Double Down 5183 is a featured heifer bull with calving ease stacked for generations. He is a son of a past top seller, Double Down, while blending Rock and Bravo into a wonderful three-generation pedigree.
- Coleman Donna 1171, his dam, is a powerful Rock daughter with a production record of YR 2@102. She is a highly maternal, calf raising, performance female with high \$M values.

THE KEY TO THE PUZZLE = BALANCE

It's the hardest thing to keep in the front of our minds. We always want to think that bigger is better, or we buy bulls based on spread EPD's, or we choose a bull because he has one trait that really stands out. We've all been guilty of it, but the real key is "balance" the ones that do all things well. I really believe that this is one of the hardest, if not the hardest, hurdle in breeding cattle. If we stay focused on this, it will make us more profitable and better cattle breeders.

Deichmann Livestock commitment to
Coleman Angus customers...Marketing Results.

The Program that has Worked for Years

Every year the Coleman bull offering is a display of an elite set of powerfully bred Angus bulls. The quality of the sale offering is obvious from Lot 1 to the end of the offering. Our depth of quality first hand every fall when we're taking delivery of calves sired by Coleman bulls. We are impressed with the consistency and uniformity of kind, and the good dispositions of the cattle.

They are top end... and at the feedyards when they come off the trucks our customers are always impressed. At the end of the feeding period the calls come in from feeders saying, "We want these calves back — they are really getting the job done." It's not a hit-and-miss statement either; we've heard it repeatedly for years. That's the power of Coleman bulls and the bottom line is The Coleman Program Works!

Give us a call anytime to visit about our longtime experience with the Coleman Angus program and marketing your feeders, or assistance with bull selection. See you in the pens February 17.

Sincerely,
Dan Deichmann

• Owned with Voss Angus, Dexter, IA.

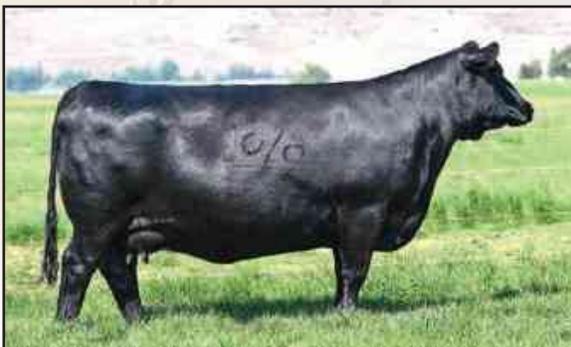

- Coleman Security 428 was the second top-selling bull of the 2025 Coleman Angus Spring Bull Sale where he sold for \$225,000 to Voss Angus of Iowa. He is an extremely impressive individual by the now-deceased Semex AI Sire, SAV Renovation 6822, and he is loaded with tremendous body and three-dimensional shape in an extremely attractive package.
- Security is backed by one of the all-time, great donor females in the Coleman Angus program and Pathfinder dam, Coleman Chloe 9275, who was the \$375,000 one-half interest, record-selling female of the 2021 Your Maternal Source Sale for a \$750,000 valuation to Voss Angus; she has a progeny production record of BR 3@95, WR 3@116, YR 3@122, UREA 3@118 and three daughters in production with an average nursing ratio of 105. Chloe 9275 is a full sister to the record-selling \$450,000 Coleman Triumph 9145 and an array of top-selling full sisters as well as being the mother of a tremendous lineup of past top-selling herd sires including Platinum, Maternal Balance, Bond, Arrowhead, Mahomes, General, Concrete, Flagstone, Pablo, Liberty, and Freedom.

“

“The influence of Coleman genetics in the Voss program has enhanced the maternal traits in our cow herd. We are extremely excited for the impact that Coleman Chloe 9275 and her progeny will continue to have in our herd moving forward.”

- Christian Graham, Voss Angus, Dexter, Iowa

- Coleman Maternal Balance 3734 was the 2025 lead off bull of the Coleman Angus Spring Bull Sale and the \$260,000 purchase of Ingram Angus and Southall Angus, LLC of Tennessee. He captivated breeders across the country during the 2025 spring sale season and has been an impressive individual from day one. He is in one of the most complete, fault-free packages you will find anywhere in our breed and has explosive muscle shape and a big top with tremendous depth of body in a perfectly structured skeleton; he stands on a perfect foot combined with phenomenal growth and performance in a highly maternal package.
- He had an individual weaning ratio of 114, yearling ratio of 115 and stems from one of the all-time great females in the Coleman Angus program, Coleman Chloe 9275, a Pathfinder dam who records BR 3@95, WR 3@116, YR 3@122, UREA 3@118 with three daughters in production with an average nursing ratio of 105.
- Coleman Chloe 9275, his dam, is a great herd sire-producing female as she produced the \$125,000 Coleman Arrowhead 235 working in the Voss Angus program in Iowa, the \$40,000 Coleman Mahomes 2216 working in the McCurry Angus Ranch program in Kansas, the \$170,000 Coleman Platinum 2622 working in the Arrowsmith Red Angus and TK Angus programs in Nebraska, the \$225,000 Coleman Security 428 working in the Voss Angus program, the \$37,500 Coleman Concrete 441 working in the Talking Angus program in North Dakota, Coleman General 431 and Coleman Flagstone 420 working in the J.J. Scheckel Angus program in Iowa, and the \$42,500 Coleman Bond 433, the \$47,500 Coleman Pablo 423 working in the TK Angus program along with many others.

- **TOP 2% \$M.**
- Coleman Avalanche 487 was our featured bull of the 2025 Your Maternal Source Sale. He is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body and spring of rib. He was a personal favorite from his calf crop with the potential to be a major breeding force.
- Avalanche has been used in the program and not only combines a highly maternal pedigree but reads with a tremendous EPD profile and ranks in the Top 4% of the breed for \$M.
- His beautiful Pathfinder dam was the featured Lot 1 female of our 2024 Your Maternal Source Sale where she sold one-half interest for \$185,000 for a \$370,000 valuation going to Ingram Angus of Tennessee. She has a progeny production record of BR 3@89, WR 3@109, YR 2@106 and her first natural calf was the GENEX Beef AI Sire, Coleman Below Zero 2106 who sold one-half interest at \$150,000 for a \$300,000 valuation as the top-selling bull of the 2023 Coleman Angus Spring Bull Sale.
- Here is an outstanding individual who has every opportunity to sell piles and piles of semen.

COLEMAN DONNA 8146 – Record-selling female and full sister to the granddam of Reference Sire T.
