MATERNAL LEGENDS SALE

Sunday, October 18, 2015 • 12:00 PM CST

at the farm, Dunlap, IA

Welcome,

We sincerely hope you can enjoy a fall weekend of great cattle in Iowa.

Our program is a serious seed stock operation that is driven by quality and a no excuses belief. We constantly challenge our genetics to deliver a functional product in the pasture with phenotype that we demand. Our emphasis on improving udder quality and lowering birth weights has made tremendous strides recently all while keeping structure and eye appeal in mind, then topping all that off with a balanced EPD profile. That's what Sullivan Farms stands for. Our belief in balanced traits with eye appeal has brought us an offering of females in Maternal Legends 2015 that is positioned to succeed in all facets of the seed stock industry like never before.

A huge Thank You to our customers. Your dedication and hard work showed for a lot of success at all livestock events across the country. Please study pages 19, 46, 47, 48, 49 and 50 and you will realize the volume of champions available at all price ranges ... each year multiple National Champions are sold for \$5,000 - \$10,000.

A very special Thank You to my family and the entire Sullivan Farms crew, your dedication and knowledge is second to none. I am proud to work with you and to also be able to call you my friends.

If we can help you in any way please let us know.
