George Bush Intercontinental Airport (IAH)

William P. Hobby Airport (HOU)

## SALE ORDER & SUPPLEMENT INFORMATION

Sale order and any additional information or corrections to the printed sale catalog will be available online at [Live-ag.com](https://live-ag.com) and [Wagyu365.com](https://wagyu365.com) before the sale.

Scan QR code for current WBVs

## DELIVERY & PICKUP

Buyers may bring a trailer and take possession of their purchases after the sale.

Old Three Wagyu will make every effort to assist buyers with arranging reliable livestock transportation at market rates.

For buyers within the Texas Triangle (Houston-Dallas/Fort Worth-Austin/San Antonio region), complimentary delivery will be offered through a coordinated delivery window following the sale.

Animals may remain at the ranch for a reasonable period following the sale while delivery arrangements are finalized.

#### TRANSFER OF RISK

Ownership and risk pass to the buyer immediately upon the animal being declared sold.

From that moment forward, all responsibility — including care, injury, death, transportation, and related expenses — rests with the purchaser. Livestock insurance is strongly encouraged. Any representative of the Wagyu365 team can assist any buyer with insurance regarding their purchases.

#### POST-SALE CARE & EXPORT

Any costs associated with transportation, health testing, export requirements, or regulatory compliance are the responsibility of the buyer unless otherwise agreed in writing.

If buyers request extended boarding, management, calving supervision, or related services after the sale, those arrangements must be made directly with Old Three Wagyu and may incur additional charges.

#### HEALTH & REPRODUCTIVE GUARANTEE

All animals have been vaccinated with Old Three Wagyu vaccination protocols.

- Open heifers have been reproductive tract scored and have passed a BSE.
- Bred females have been pregnancy-confirmed via ultrasound by Old Three Wagyu's veterinarian.
- Open females are guaranteed open at the time of sale.

All animals will be accompanied by a valid health certificate for interstate shipment.

#### PARENTAGE & REGISTRATION

All cattle and embryos in the sale have a verified 100% parentage guarantee.

Animals in this offering are registered with the Australian Wagyu Association and/or the American Wagyu Association. Many lots are dual-registered with both associations. Registration transfers will be completed following full payment in accordance with the policies of the respective association

#### SETTLEMENT OF PAYMENT

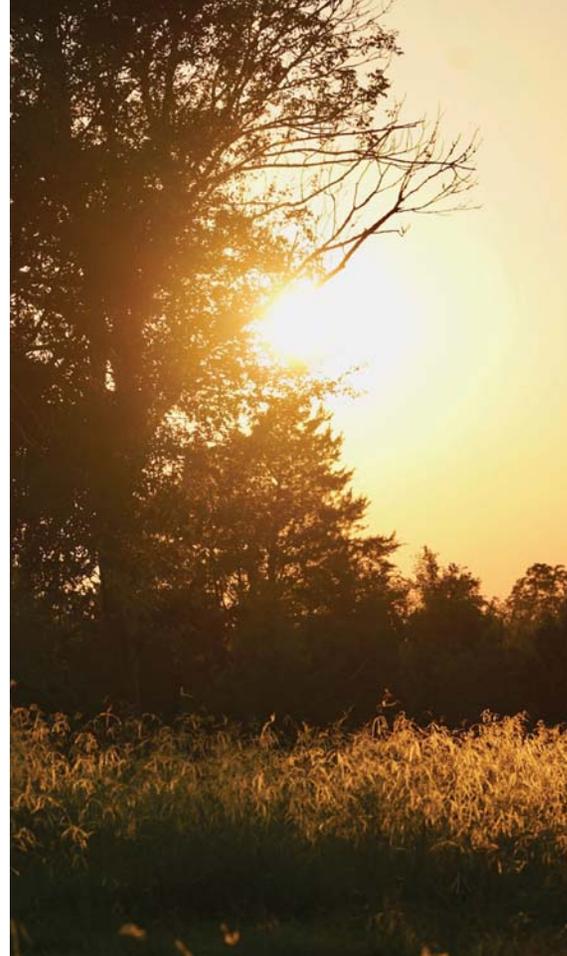

All purchases are final.

Full payment is required prior to the release or shipment of any animal or genetics.

- Buyers participating remotely (online or absentee) must submit funds via wire transfer to the designated sales account before cattle are released.
- Buyers attending in person are expected to settle payment on sale day unless advance arrangements have been approved by sale management.

No animal will be transferred or delivered until FULL payment has been confirmed.

Auction money and proceeds will be conducted under Randall O. Ratliff, DBA R & R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond # 7901027402 (U.S. Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers & Stockyards Program).

#### ANNOUNCEMENTS

Any updates or announcements made on sale day from the block or by sale management will take precedence over printed or digital materials.

#### LIABILITY

All persons attending the sale, do so at their own risk, legal or otherwise for their safety. The consignors, sale management, and sales staff assume no responsibility or liability for property loss or any accidents that may occur.

Pictures throughout the catalog  
taken by Allan Browarny.

Dear Wagyu Enthusiasts,

Wagyu365 welcomes you to "The Irreplaceable®" Showcase Fullblood Production Sale. We, along with the Old Three Wagyu team, welcome everyone to partake in what is destined to be a grand event. We are offering for your appraisal a total of 62 lots from the heart of the OTW program.

The Old Three Wagyu owners, Kerr and Jill Taylor, have assembled and created a superb herd of Registered Black Wagyu cattle. After a decade of breeding Fullblood Black Wagyu, they are more than ready to share a part of their program with you. The lots represent direct results, distinguished pedigrees, durable phenotype and diverse genetics.

The Taylor's realize that they are only as good as the team they surround themselves with. Team members, Emily Searle, Angela Garcia and Taylor Zdunkewicz have been very accommodating and professional during this process of the branding and marketing of this sale.

Whether it is Ranching, Wagyu Beef, Fine Wine or Real Estate, embracing a vision inspired by History or their dedication to Tradition and Excellence, the OTW/ Rowland Taylor brand stands strong, and it's Team is more than excited about what is yet to come.

Since the inception of the OTW program, the plan has always been to leave things better than when you started. The Taylor's philosophy is leaving a Legacy of investing in the Irreplaceable®. That investment stands true with cattle as well as the people they surround themselves with. Their customer service and the attention to details is a given in all that they do, all day, every day.

It is with gratitude and much appreciation that OTW and Wagyu365 thanks everyone for their support and confidence they have shown in their program.

The team at Wagyu365 are pleased to be branding and marketing this unique and special event. We know you will be very impressed with the sale offering that is listed in this catalog, and it will bring attention to all the things that are great about Wagyu!

Please let any of us know if you have any questions, and thanks for the interest you have shown in the sale.

Best regards,  
Randall O. Ratliff  
Wagyu365 team member

#### LIVE AND IN PERSON

There is nothing like being together in person like a live cattle sale! The opportunity to view the cattle, meet new folks, see old friends, enjoy good food, and of course purchase cattle for your program is what the day is about. We hope you can make it to our first live Old Three Wagyu sale, but if you are unable to be with us, we believe we have covered the bases with a variety of ways to purchase cattle with quality and convenience as our promise.

#### CALL US IN ADVANCE

This old-school way is still alive and well, and the teams at Old Three Wagyu and Wagyu365 are here to help you. When your schedule or travel plans make it impossible to join us, please just take a quick moment and give any of the sale day numbers a call. We can visit about the cattle that interest you and, if you'd like, we can even offer an opinion. In other words, please share with us what you would like to do, and we will arrange it per your instructions. It is simple, easy, convenient and fun, and satisfaction is guaranteed!

#### REAL-TIME PHONE BIDS

Not quite as old-school as calling us in advance of sale day but still a tried and true method of buying sale cattle, particularly if you don't have reliable high-speed internet. Call any of your friendly Wagyu365 Team contacts, or you may call LiveAg at 817.533.6699.

#### ONLINE BIDS

Technology does have its advantages and it's pretty cool. We aim to be on the cutting edge of all technology, allowing us to better serve you. If you have high-speed internet, may we suggest the online bidding platform of Live Ag, which you can find at [Bid.Live-Ag.com/](http://Bid.Live-Ag.com/)

## Join the sale, **FROM ANYWHERE.**

*Life doesn't always line up with sale day.*

If you can't attend in person, LiveAg makes it easy to bid online. Whether you're across the county or across the country, you can participate in real time with confidence.

### **REGISTER BEFORE SALE DAY:**

- 1.** Visit [bid.live-ag.com](http://bid.live-ag.com)
- 2.** Create an account or log in
- 3.** Register to bid before sale day by requesting a buyer number for this sale

Striving for the Irreplaceable<sup>®</sup>

## HERITAGE: A VISION INSPIRED BY TRADITION

The story of Rowland Taylor began with a moment of inspiration that shaped the vision of its founder, Kerr Taylor. During a trip to Europe after college, Kerr found himself sitting in a small café in Florence, Italy, surrounded by centuries-old buildings overlooking one of the city's ancient plazas. Curious about their ownership, he asked an elderly gentleman seated nearby who owned the remarkable properties.

The man smiled and replied simply:

"The founding families of Florence own them. They are passed down from generation to generation. They are rarely sold. They are grandissimo."

That word — grandissimo — stayed with Kerr.

To him, it represented something greater than simply "great." It spoke to something truly Irreplaceable®.

That moment in Florence sparked a philosophy that has guided Kerr ever since: investing in the Irreplaceable®. Today, that vision lives on through Rowland Taylor's work in real estate, agriculture, and philanthropy, and through the people dedicated to stewarding the land, cattle, and vineyards entrusted to the farm.

## RANCHING & REAL ESTATE: A LEGACY OF BUSINESS SUCCESS

Rowland Taylor's commitment to investing in the Irreplaceable® is more than a philosophy — it's a proven strategy. Kerr and his team have built a portfolio of successful businesses grounded in this belief, including AmREIT, known as the Irreplaceable Corner Company™. Under Kerr's leadership, AmREIT grew to over \$1 billion in assets and achieved historic returns for shareholders, culminating in its acquisition by Blackstone-backed Edens Investment Trust in 2015.

Today, Rowland Taylor continues to build on this legacy through its diversified portfolio, including real estate ventures under Fifth Corner, agribusiness at Old Three Wagyu and Rowland Taylor Vineyards, and philanthropic efforts through Pathways for Little Feet. At the core of these successes is the 5C Cultural Framework — Core Values, Character, Competence, Communication and Community.

## **FAMILY:** A LEGACY TO BE PASSED DOWN

When I began building the farm, I did not think of it simply as a business. I thought of it as something that could last. Land, if cared for properly, has the ability to outlive all of us. The same is true of the values we choose to build around it.

From the beginning, family has been central to that vision. My hope has always been that what we are building here will one day be passed to the next generation — not only the land itself, but the lessons, the discipline, and the standards that make the work meaningful.

That idea continues to guide us at Rowland Taylor Family Office. The farm, the cattle, and the vineyards are all part of a larger effort to build something that will endure. And while businesses may come and go, the values that shape a family — hard work, integrity, and faith — are the things that truly carry forward.

# 5C CULTURE: OUR GUIDING VALUES

We believe a great, sustainable organization begins with "5C" leadership, and that every person within our organization is called to cultivate these values. We believe, above all, that 5C leaders develop our leadership potential for the glory of God.

CORE VALUES: "In God We Trust" as our moral compass

COMMUNICATION: Courageous truth and transparency

CHARACTER: Honorable virtues exhibited in all areas of life

COMMUNITY: Active helpfulness

COMPETENCE: Sustainable excellence

*The Old Three Wagyu, located in the lush and fertile foothills due  
East of the Texas Hill Country, near Washington, TX.*

At the core of Rowland Taylor's success is the 5C Cultural Framework:  
Core values from God, Character, Competence, Communication, Community.  
These principles guide every decision and define how we lead.  
Grounded in excellence and anchored in the belief that "In God We Trust" is our moral compass,  
the 5C's ensure that each venture we build is not only Irreplaceable®, but enduring.

## A TURN TOWARD THE IRREPLACEABLE®

One evening early in our journey, Jill and I stood at a pasture fence watching our calves move across the hills as the sun dropped behind the trees. Jill studied the calves for a moment and then said, “If we’re going to do this as a business, can we find a cattle breed that would qualify as Irreplaceable®?”

Like many ranchers, we had started with Angus cattle, dependable and predictable, and I loved those animals, but Jill’s comment stayed with me... If we were going to invest our time and resources into building a brand, why not pursue something truly exceptional?

That decision led us to Wagyu, the Japanese breed known around the world for producing extraordinary beef—rich, tender, and unforgettable.

Around the same time, I was reminded of a moment from years earlier. During my junior year in college, I traveled around the world aboard Chapman College’s University of the Seven Seas. When our ship docked in Kobe, Japan, my classmates were excited to try the famous Kobe beef. I couldn’t afford it at the time, but I never forgot their stories about how remarkable it was.

Decades later, Jill and I invested in land near the birthplace of Texas and began assembling some of the finest Wagyu genetics available. Along the way, our cattle earned Reserve Champion Red and Red-Black Wagyu at the Houston Livestock Show and Rodeo in 2017 and 2018.

As our program evolved, we sold our Red Wagyu and focused entirely on building a herd of traditional Black Wagyu, the genetics most closely associated with Japan’s legendary beef.

Today, the pastures at Old Three Wagyu are filled with carefully bred cattle and a team committed to pursuing the same goal Jill spoke about that evening at the fence:

To invest in what is truly Irreplaceable®.

## OUR NAME: OLD THREE-A DEDICATION TO HISTORY

Old Three Wagyu, a key component of Rowland Taylor's agricultural investments, is more than just a cattle operation; it's a tribute to the rich heritage of Texas and the enduring values that drive the company. Located in Brenham, Texas, the birthplace of Texas.

The name "Old Three" is inspired by the Old Three Hundred, the original settlers of the Republic of Texas. This name reflects the farm's deep commitment to heritage, tradition, and excellence. Just as those early settlers laid the foundation for a new republic, Old Three Wagyu aims to preserve and enhance the Wagyu breed, ensuring that the cattle they raise embody the best qualities of this irreplaceable® lineage. The farm's operations are guided by the 5C principles of leadership and a steadfast belief in "In God We Trust" as their moral compass.

# THE OLD THREE WAGYU 5D FRAMEWORK

Lasting breeding programs require discipline and a clear framework for decision-making. At Old Three Wagyu, we evaluate our herd using what we call the 5D Framework — a structure that guides breeding, selection, and long-term herd development.

## DIRECT RESULTS

The ultimate measure of a Wagyu program is the steak itself. While data and pedigrees matter, the final evaluation occurs at the dinner table. Our program focuses heavily on Digital Marbling Percentage (DMP), a measure of intramuscular fat. Through years of study and tasting, we believe Wagyu performs best in the 30–40 DMP range, where marbling delivers the tenderness and richness the breed is known for.

## DISTINGUISHED PEDIGREES

Elite Wagyu programs begin with disciplined genetics. Our herd traces to proven bloodlines that represent decades of careful selection and refinement.

## DURABLE PHENOTYPES

Structural soundness matters. Strong feet, balanced movement, and correct structure support longevity and productive offspring.

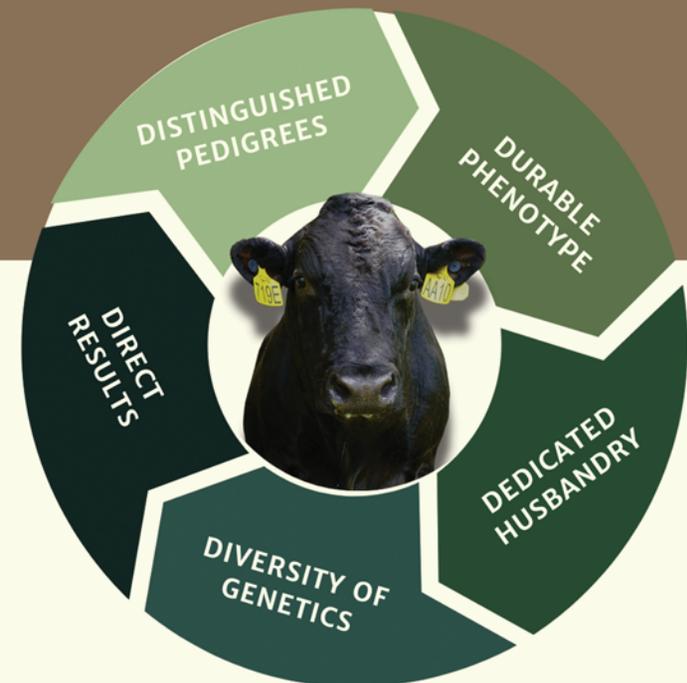

## DIVERSITY OF GENETICS

Our breeding strategy emphasizes balance across marbling, fertility, growth, efficiency, and structure. Genetics are rotated carefully to maintain long-term herd strength.

## DEDICATED HUSBANDRY

Genetics must be supported by proper care. Nutrition, health management, and low-stress environments allow each animal to reach its full potential.

AT OLD THREE WAGYU, WE ARE COMMITTED TO PRODUCING WORLD-CLASS WAGYU CATTLE. OUR 5D FRAMEWORK IS THE CORNERSTONE OF OUR BREEDING PHILOSOPHY, ENSURING A FUTURE OF EXCELLENCE BY FOCUSING ON KEY ASPECTS THAT DEFINE THE BREEDS' SUPERIOR QUALITY.

## **KERR'S BOOK:** *GREAT LIFE, TOUGH BUSINESS*

Great Life, Tough Business is a beautifully-crafted hardcover book filled with inspiring photography, road-tested business advice, and true stories celebrating the beauty and magic of life on the land.

### FEATURING

- ~ Finding the best piece of land for your ranch
- ~ Why chasing scale is a bad idea and what to do instead
- ~ Why government benefits are buried treasure
- ~ Creating a winning breeding framework
- ~ Discovering your hidden profitability factor
- ~ Plus stories of risk, failure, and faith that built a legacy

**Releasing Fall 2026**

Great Life, Tough Business is a roadmap for anyone starting over, starting something big, or building something to last.

Sneak Peak of Intro:

I've come to believe that life on a working farm or ranch is one of the greatest lives you can live. I've also learned that trying to make a living on that land will test your patience, your wallet, and your perseverance.

When I first set out to write this book, my goal was simple: to tell the story of our Wagyu operation and, along the way, to share the journey of Old Three Wagyu—the brand into which we've poured ourselves.

But something happened as I wrote.

The more I reflected, the more I realized this wasn't just a book about cattle. It was about everything that came before: the land we bought, the lessons we learned, the mistakes we made, and the quiet wins we've cherished.

This book is about what I wish I'd known before jumping into ranching. It's about the cost of chasing a dream, not just in money but time and dirt-under-the-fingernails work. It's also about the beauty that settles in your soul after a long day in the pasture, when the cattle are still and the sky turns pink.

You'll find stories in these pages. Some funny. Some hard. All true.

Yes, there's a section in the back about the Wagyu breed, and another on the 5C Leadership Framework we use to shape our ranch culture and team. Those sections are important, but they aren't the heart of this book.

The heart of this book is simple:

If you've ever thought, "Maybe I'll buy some land and a cow or two and see what happens," this is for you. First-time ranching isn't for the faint of heart, but it just might be one of the best decisions you ever make.

This isn't a how-to manual. It's more of a conversation over a fence post. Not a blueprint. More of a companion.

Ranching brings more than a few surprises. It's a great life. It's a tough business. And it's worth knowing what you're getting into—before the cows hold a staff meeting in your driveway.

— H. Kerr Taylor, Pleasant View Farm  
Washington County, Texas

P.S. My Scottish ancestors pronounce my name "Carr." I've stopped arguing.

## ROWLAND TAYLOR VINEYARDS: PREMIUM GRAPES FOR PREMIUM WINES

Rowland Taylor Vineyards, nestled within Rowland Taylor's expansive agricultural operations, reflects the same disciplined commitment to quality, stewardship, and long-term vision that defines every venture across the farm.

Our vineyards produce exceptional, thoughtfully grown fruit — cultivated with precision and respect for the land. Each varietal reflects both the character of Texas terroir and our pursuit of excellence from soil to harvest.

On Friday evening, guests will enjoy wines crafted from grapes grown right here on the farm — a true vine-to-glass experience that connects the land, the fruit, and the fellowship of the evening.

We invite you to taste the difference and learn more about our vineyard program, our growing partnerships, and our vision for building one of Texas' premier vineyard operations.

Irreplaceable<sup>®</sup> fruit. Rooted in purpose. Poured with intention.

## PATHWAYS FOR LITTLE FEET

Pathways for Little Feet is a nonprofit organization dedicated to helping children find permanent, loving homes through adoption and foster care support.

The organization works to remove financial barriers that often stand in the way of adoption by providing interest-free loans and flexible repayment options to qualified families. In addition, Pathways offers post-placement support through counseling assistance, educational resources, and community connection to help families thrive long after a child joins their home.

Their mission is simple: to walk alongside families so that more children can experience stability, belonging, and hope.

Kerr and Jill Taylor are the Founders of Pathways for Little Feet. Their passion for adoption and heart for vulnerable children were born out of their own family's journey. After walking through the grief of infertility, they adopted their daughter Christina from Russia in 1998, and later welcomed two biological sons, Graham and Kenner. Their adoption experience ignited a desire to help other families navigate the journey, leading to the founding of Pathways For Little Feet in 2008.

Scan for more details on  
Pathways for Little Feet

# THE TAJIMA STANDARD

Kobe beef is widely regarded as the global benchmark for marbling, tenderness, and flavor.

It originates from the Tajima strain of Wagyu cattle raised in Japan's Hyogo Prefecture, where generations of disciplined breeding established the standard for luxury beef.

When building the Old Three Wagyu herd, we studied this tradition carefully with a single goal:

Exceptional eating quality.

## GENETICS AND THE SCIENCE OF WAGYU

Researchers at Kobe University identified a genetic marker known as SCD (Stearoyl-CoA Desaturase) that correlates with fat quality associated with the Kobe eating experience.

Higher SCD scores are associated with:

- ~ Increased oleic acid
- ~ Lower melting point
- ~ Softer fat texture
- ~ Enhanced mouthfeel and flavor

Every animal in the Old Three Wagyu herd has been tested for this trait.

Animals with the highest genotype classification are designated AA-10.

Our sire MFC Yasutani 719E helped establish this focus and remains an important contributor to our AA-10 breeding line.

## A BALANCED BREEDING APPROACH

At Old Three Wagyu we combine:

- ~ Japanese foundation genetics
- ~ Australian Wagyu Breeding Values (WBVs)
- ~ Phenotype and structural soundness
- ~ Genomic markers such as SCD
- ~ American Wagyu Association EPDs

Together these tools guide a disciplined breeding program focused on one outcome:

Cattle that excel in the pasture, in the data, and ultimately on the plate.

## PERFORMANCE DATA & GENETIC EVALUATION

Modern Wagyu breeding relies on large-scale performance data to evaluate genetic merit.

Old Three Wagyu evaluates cattle using both major Wagyu genetic systems.

The Australian Wagyu Association produces Wagyu Breeding Values (WBVs) using pedigree, genomic, and performance data from the largest Japanese Black Wagyu database outside Japan.

The American Wagyu Association publishes Expected Progeny Differences (EPDs) that estimate the genetic performance animals pass to their offspring.

These systems evaluate traits such as:

- ~ Growth and weight
- ~ Maternal and fertility traits
- ~ Carcass merit and marbling
- ~ Feed efficiency

ITOMORITAKA J2703

SANJIROU

WORLD KS MICHIFUKU

## JAPANESE FOUNDATION

Wagyu is more than a breed.

It is lineage, language, and legacy.

The names you will see throughout this catalog are not random.  
They carry meaning — and in many ways, they reflect  
the direction of our breeding philosophy.

### JAPANESE NAME MEANINGS

WAGYU (和牛) “Japanese cow.”

The foundation breed known worldwide for exceptional marbling,  
tenderness, and depth of flavor.

SANJIROU (三太郎) “Third son.”

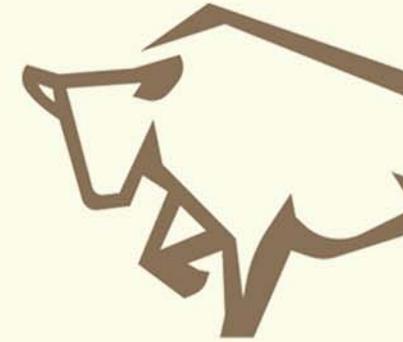

A steady, maternally grounded lineage valued for  
structural correctness, longevity, and balance.

ITOMORITAKA (糸盛隆) “Prosperous noble thread.”

Often used to add frame, dimension, and scale to high-marbling  
programs without sacrificing carcass merit.

MICHIFUKU (道福) “Good fortune on the path.”

One of the most influential Tajima sires in modern Wagyu  
breeding, synonymous with elite marbling genetics.

## **BEEF:** *TRUWAGYU™ STEAKS*

TruWagyu Steaks™, operating under Old Three Wagyu, exists to deliver the highest quality beef to discerning consumers across the Texas Triangle.

Our program is centered on 100% Fullblood Japanese Black Wagyu, raised with genetic integrity, disciplined husbandry, and data-driven selection. Every animal originates from carefully curated bloodlines, emphasizing balance — marbling, maternal strength, structural soundness, and long-term performance.

From pasture to plate, TruWagyu Steaks™ represents the culmination of our breeding philosophy: cattle developed with intention, respect for tradition, and an unwavering commitment to excellence.

Irreplaceable® genetics. Exceptional flavor. Raised with purpose.

## THANK YOU

Eighteen years ago, this was simply land — and a belief.

A belief that if we were going to build something, we would build it with intention.

A belief that stewardship matters.

A belief that faith, family, and hard work still shape outcomes.

Old Three Wagyu has never been just about cattle. It has been about building a life, a Great Life, grounded in the rhythms of the land and the responsibility of raising something that will outlast us.

We named this farm after the Old Three Hundred, the original settlers of Texas, who committed themselves to shaping the future through courage and conviction. In many ways, this place has shaped us the same way.

Over the last decade, we have watched pastures improve, barns rise, and calves hit the ground carrying generations of carefully selected genetics. We have walked through droughts and freezes, celebrated strong calf crops, and learned lessons that only agriculture can teach.

More than anything, we have been grateful for the people.

Friends who became partners.

Mentors who sharpened our thinking.

A team who cares deeply about doing things the right way.

This farm has strengthened our faith. It has deepened our gratitude. It has reminded us that excellence is built quietly, one decision at a time.

The cattle you are about to see represent years of disciplined breeding, evaluation, and stewardship. They reflect early mornings, hard seasons, thoughtful mating decisions, and a commitment to raising genetics that are both principled and progressive.

This sale is not just an event for us, it is a milestone in a journey we are honored to share.

Thank you for being part of the story. Whether you have walked these pastures with us or are engaging with Old Three for the first time, we are grateful for your interest and your trust.

As you turn the page, you will see the result of years of work.

With gratitude,

Kerr & Jill Taylor  
Old Three Wagyu

A handwritten signature in blue ink that reads "Jill Taylor". The signature is written in a cursive style and is positioned to the right of the typed name.

- SIRE ... ETJ001 Hirashigetayasu J2351 (FB670) carries all three original Westholme import bulls in his pedigree: Kedaka, Fujiyoshi, and Tajima
- ~ Sired by Dai 20 Hirashige J287 and out of Dai 5 Yuruhime
  - ~ Daughters are known for excellent udders and strong milk production
  - ~ Calves are typically easy-calving despite slightly larger birth weights
  - ~ Produces offspring with excellent growth, balanced frame, and good temperament
  - ~ Carcass performance of both Hirashigetayasu and his progeny consistently grade on the high end
- DAM ... This lot traces to MFC MS SANJIROU 7-2, an SCD AA Tenderness 7 female featured earlier in the catalog
- ~ Her pedigree represents elite Tajima genetics, sired by World K's Michifuku and out of Suzutani
  - ~ World K's SanjiroU has over 6,000 carcass records, with 88% grading +9 marbling
  - ~ SanjiroU is one of the most influential Tajima sires, known for exceptional meat quality, large ribeye area, and strong yield
  - ~ His influence appears throughout the pedigree, including Michiyo-shi (GH Exon BC-SCAA) and other elite descendants
  - ~ The sire of the female in this lot is CHR Michifuku 2385, placing World K's Michifuku on both sides of the pedigree
  - ~ ESORID K's Michifuku, sire of CHR Michifuku 2385, is a renowned marbling sire with an IMF EBV of +0.7, among the highest recorded outside Japan
