SELLING 149 REGISTERED LIMOUSIN, LIM-FLEX & ANGUS LOTS

DIRECTIONS...

FROM GAINESVILLE: Take FM 51 South to Decatur. In Decatur, take Hwy. 380 West toward Bridgeport. Half-way between Decatur & Bridgeport you will take FM 1655 North. You will drive exactly 2 miles and the Stowers Limousin sign and entrance is on the left.

FROM FORT WORTH: Go North to Hwy. 287. Take Hwy. 287 to Decatur. In Decatur, take Hwy. 380 West toward Bridgeport. Half way between Decatur & Bridgeport you will take FM 1655 North. Go a little over 1 mile and take a left onto CR 1326. You will drive exactly 2 miles and the Stowers Limousin sign and entrance is on the left.

AIRPORTS... Dallas Love Field is 72 miles to Bridgeport. Dallas-Fort Worth is 52 miles to Bridgeport. Oklahoma City Will Rogers is 155 miles to Bridgeport.

SALE ORDER & SUPPLEMENTAL INFORMATION...

The sale order and supplemental information will be posted at www.RRMktg.com for your convenience Friday, October 9th.

SALE TERMS & AGREEMENTS...

GUARANTEE ... All cattle sell under the standard guarantee of the North American Limousin Foundation

EPDs ... EPDs are current as of January 2015.

TERMS & CONDITIONS ... Terms of the sale are cash unless satisfactory credit arrangements have been made prior to sale. A representative will be on hand sale day if your wishes are to insure your purchases. Please note: The sale manager is only an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor Stowers Limousin assume liability, legal or otherwise for any accidents which may occur.

SIGHT-UNSEEN PURCHASE AGREEMENT ... If you are unable to attend the sale and want to speak with anyone involved with the sale, please don't hesitate to call. The marketing agents, owners or manager will provide you with a complete satisfaction guarantee on the cattle selling.

TRUCKING ... A trucking company will be on hand sale day to assist with any trucking needs. The Stowers family appreciates your business and will see to it that the cattle will be delivered to several central locations to accommodate anyone who lives throughout the US and Canada.

FINANCING ... For financing options, contact Jason Gaston at 817.247.8011 or R&R Marketing Company at 615.330.2735.

PAYMENT ... All cattle must be paid for immediately following the conclusion of the sale. R&R Marketing Company will be accepting credit cards the day of the sale.

SCHEDULE ...

Friday, October 9th

- P.E. 12.24.14 to 3.01.15 to EBFL Ypsilanti 420Y Safe bred
- Homozygous polled and homozygous black
- Here is a full sister in blood to 2816Z
- This DHVO Deuce 132R daughter represents a mating that has been proven time and time again. She is a full sister in blood to the deceased but still very popular A.I. sire MAGS Wazowski
- This big league female is just unreal in her look, design and make up. She is sound in structure, heavy muscled, performance-oriented and still maintains a gorgeous front end
- She scanned a 13.09 for REA and 3.780 for IMF and ranks in the top 2% of the breed for SC and 4% for yearling weight, top 5% of the breed for YW, TM and CW
- The blending of DHVO Deuce with the proven donor BOHI Red Robin 282R has proven to be a golden mating

- A.I. 12.16.14 to MAGS Y-Axis; P.E. 12.24.14 to 3.01.15 to EBFL Ypsilanti 420Y. Safe bred
- Polled and homozygous black
- Her sire DHVO Deuce 132R was a past national champion and will go down in the history of our breed as one of the all time great producers. His progeny are sought after for the show ring and for have a reputation of being top show cattle and performance sires
- Her dam BOHI Red Robin 282R, a once partnership donor at Stowers but is now headlining the Council Family Limousin program. She is the breed's first champion Lim-Flex female and daughter of Connealy Lead On and from the elite and proven donor MAGS Manuela 662M
- This female has all the credentials needed to be a big league donor for any program
- She is sound made, easy doing and powerful in her stance. She ranks in the top 4% of the breed for weaning weight, 5% for yearling weight, 2% for scrotal and 5% for carcass
- Her future calf sired by the leading Stowers and Sugar Bush herd sire EBFL Ypsilanti 420Y will certainly have a bright future

- Safe Bred to A.I. 12.4.14 to COLE Windfall 144W
- Double polled and homozygous black
- It has been tried and proven that when you mate DHVO Deuce to Angus females that the results are very overwhelming. This female has been a top producer in the Stowers program and is one of the featured females of the sale.
- This daughter of DHVO Deuce 132R is very well made, easy in her condition and has that maternal brood cow look to her
- Her dam is a daughter of B/R New Design 036 that was bred in the Gardiner Angus herd
- She scanned a 4.00 for IMF and ranks in the top 15% of the breed for marbling. She also ranks in the 10% of the breed for \$MTI with a 62.40
- Her future calf will be sired by one of the breed's biggest numbered bulls in COLE Wind Fall 144W

- A.I. 12.06.14 to COLE Windfall; P.E. 12.24.14 to 03.01.15 to EBFL Ypsilanti 420Y. Safe bred.
- Homozygous polled and double black
- This 50% Lim-Flex proven producer is one of the features of the sale
- She is certainly one that will be hard to let go in this fall calving cowherd dispersal
- Sired by MAGS Sasquatch, the once breed's highly syndicated sire and now proven son of EXLR New Generation 071M from the two time national champion female MAGS Fruitful 487M
- She scanned a 5.910 for IMF and 13.74 for REA.
- We admire her extreme length of body, strength down her top and square hip. She is sound in her movement and is very feminine up through her front end and smooth in her neck shoulder junction
- Her future 50% Lim-Flex calf will be sired by the breed leading Stowers/Sugar Bush sire EBFL Ypsilanti 420Y

- Safe bred to A.I.12.4.14 to DHVO Deuce 132R
- Black and homozygous polled
- One of the nicest females in the entire sale offering is this 50% Lim-Flex female
- Her sire EF Smack Down was the 2008 national champion Lim-Flex bull and has been very consistent in being that sire of excellence. He is a son of the once reserve national champion sire EF Main Stay 541M
- Her dam is a daughter of JCL Lodestar 27L from a proven purebred Angus female
- She ranks in the top 10% of the breed for milk with a 30 and top 20% of the breed for CED, BW and MARB
- She sells bred for a 75% Lim-Flex calf sired by the ever popular national champion sire DHVO Deuce 132R

- Safe bred to A.I. 12.4.14 to Ten X
- Purebred Angus and one of the truly great ones that is hard to let go. She is perfect any way that you look at her. She is made well, easy on the eye, deep in her capacity and very feminine and stylish
- We love the overpowering look she has and appreciate all that she has done for the Stowers program
- She posts a 0.96 for marbling, 83.17 for \$B
- If you are in need of a big league donor then take a look her as she can highlight any program in the country

- Safe bred to A.I. 11.28.14 to DHVO Deuce
- SAV Bismarck is her sire and her dam is by Rito 616 of 4B20 6807
- She is a product of two very predictable matings
- We love her moderation in frame, fleshing ability and the design that she has
- She has earned a 0.67 for marbling and a 0.7 for ribeye
- Her future calf sired by DHVO Deuce will create a 50% Lim-Flex that will have quite a future based on other similar matings

- Safe bred to A.I. 12.7.14 to EBFL Ypsilanti 420Y
- We can't think of a more appropriate name for a direct daughter of the famous Mags Manuela, Ssto Above the Rest 349A. We also are impressed with the fact that she is in the top 10% of the breed for MK, FT and \$MTI epds and even more exciting is the fact that she posts a .57 MB epd.
- Check out the individual performance of this Connealy Lead On daughter, she hit the ground at a highly manageable 68 lbs, had a WW ratio of 109 and a YW ratio of 104.
- Sired by the feed efficiency and \$B ABS Sire, Connealy Lead On, who also excels for docility and scrotal circumference.
- When we study 349A from the ground up, she reminds up of her famous dam so very much, especially with the levelness and quality look she gives you down her top and out her hip.

- Safe bred to A.I. 12.7.14 to LH U Haul 135U
- There is a reason that Ssto All Heart was the feature bred heifer in our Limousin World ad. She is simply exquisite and the epitome of maternal design. Long fronted, deep middled, adequately muscled and square off of all four corners of her base.
- This is an exceptional set of Manuela daughters we are offering, this particular female is sired by the \$120,000 valued EBFL Ypsilanti.
- This 50% Lim-Flex, homozygous black female scanned a noteworthy 13.15 Adj REA and is a true outlier in terms of actual birthweight, she had an adjusted BW of 50lbs.
- 31 for Milk epd, 9 for CEM epd and over 60 for \$MTI, she certainly brings strength from all aspects.

LOT 24

AUTO Burnetta 266B,
a full sister to Lot 24.

- Safe bred to A.I. 12.7.14 to LH U Haul 135U
- SSTO ALL For You 313A is a full sister to AUTO Mabelline, Mikah Edwards National Western Champion Female! How many times this year will you have the opportunity to purchase a full sister to a National Champion? We assure you, that this is a rare incidence and that you cannot go wrong with this females.
- In addition to her famous kin, SSTO All For You 313A excels statistically as well. She ranks at the very top of the breed for MB epd and \$MTI epd.
- We are so very intrigues by these Consensus daughters and what type of impact they are going to have on the Lim-Flex population. 313A herself, scanned a 4.4 IMF and ratio'd 112.8 respectively.
- One thing that you will notice about the Manuela daughter's is there incredible angles, they are nearly ideal in the slope to their shoulder, the angle their neck comes out of their shoulder and how level they are from hooks to pins.

LOT 26

- Safe bred to A.I. 12.8.14 to LH U Haul 135U.
- SSTO Amaretto 356A is as sweet and smooth as they come. She arguably is a favorite in terms of confirmation here at the ranch, absolutely striking when stopped and posed. They don't come any more feminine that this coming two year old.
- This homozygous black, 50% Lim-Flex female is sired by the only bull in the Angus breed to ever sire both the NWSS Champion Pen and Champion Carload of Bulls in the Yards. Oh yeah, did we mention that he did that in her very first calf crop! EXAR Upshot, will go down in the Angus archives as one of the great ones who breeds as true as they come and still is a breed stronghold for \$B.
- 356A scanned a 4.1 Adj. IMF thus giving her a highly marketable 102.8 ratio for that respective trait.
- In terms of EPD strengths, Amaretto is in the top 3% of the population for MB epd and \$MTI.

- Safe bred to A.I. 12.8.14 to EBFL Ypsilanti 420Y
- This unique bred heifer is sired by the \$156,000 top-selling Lot 1 bull of the 2010 Schaff Angus Valley Sale. This popular member of the Genex/CRI A.I. stud is the bull that will carry on the legacy of famed Angus sire, SAV Bismarck 5682.
- Study and appreciate this female for her length of spine, feminine front 1/3 and sound structure.
- SSTO Ante Up 316A is a maternal sister to the fabulous SBLX True Love, the famous Mar Jon donor and dam of MJ Xtravaganza, many time champion for Mark Blake.
- A truly special breeding piece in SSTO Ante Up 316A, she remarkably ranks in the top 10-40% of the breed for every single carcass trait across the board.

- P.E. 4.2.15 to 4.28.15 to MAGS Bronson 2226B Safe bred
- Just recently has All For One started to really come into her own, currently she is getting better and better each day that goes on as she matures and comes into her own. Don't get us wrong, she has always been high quality MAGS Manuela daughter, however she is slowly proving to us that she deserves to her title of elite donor prospect.
- Sired by one of the very finest breeding sons of DHVO Deuce, past MOE Gold medal winner and the sore of many champions. MAGS Xylopolist,
- This high percentage purebred female is oh so refined through her joints, smooth in her muscle pattern and clean fronted, we often forget that she isn't a Lim-Flex.
- We certainly need to mention that All For One posted a WW ratio of 111 and a YW ratio of 107.

- P.E. 4.2.15 to 4.28.15 to MAGS Bronson 2226B Safe bred
- This 62% Lim-Flex daughter of MAGS Xyloid makes us proud to be in the purebred Limousin business. Females like this make it a lot easier to mate cows come breeding time, docility, marbling and \$MTI are traits that we don't take lightly and this exceptional female excels in these particular items.
- Alisha sorts herself to the top of our replacement pen, unfortunately she is a highly marketable female in this fall calving group hence she made her way into this special sale.
- 346A is one of those females that just gets stouter and stouter as she matures, we love the shape to the middle portion of her body, the set to her back leg and the way she ties everything together perfectly.

SBLX Umbrella 305U, dam of Lot 37.

- Safe bred to A.I. 12.7.14 to EBFL Ypsilanti 420Y
- Carrousel Pina Colada will go down in history as of the great ones in the breed, her names synonymous with the Limousin breed if you speak to breeders within and outside the breed. Amstel traces directly back to Pina Colada maternally.
- Look at the numbers on this incredible female, she is a 73 WW epd, 106 YW epd and ranks in the top 25% for CW, 20% for MB and 15% for MTI.
- 397A ties together two of the great individuals in the breed, Pina Colada and DHVO Deuce. With a pedigree stacked like this she is a no fail individual.

- Safe bred to A.I. 12.7.14 to EBFL Ypsilanti 420Y
- The emphasis that we put on marbling and \$MTI is reflective in SSTO Ashley, she is impressively in the top 1% of the entire breed for these two ever so important traits that can be so economically important.
- Ashley is homozygous polled and has a pedigree that offers so much, she is a direct daughter of MAGS Silhouette who is a MAGS Lady Ace by BR Midland.
- 3865A is a maternal sister to LFL Peaches, the Lawrence Family Limousin bred donor that is now leading the donor line-up at Tubmill Creek Farms in Pennsylvania.

- The Angus breed has had the opportunity to tie to some pretty solid bulls in the past decade, but none have produced the combination cows that put together phenotype, fertility and udder quality like SAV Bismarck has.
- Homozygous black and homozygous polled, 50% Lim-Flex bull that is out of one of the very finest AUTO Black Dakota 129J daughters in existence.
- What a neat data set on SSTO Bad Boy 407B; he recorded a 11 CED, 64 WW, 101 YW and a 9 CEM epd. In addition to these fine birth and growth numbers, his profile is complemented by the fact that he is in the top 20% of the breed for REA, MB and SMTI.

- Homozygous black son of the same Angus legend who's progeny just averaged a record setting \$17,000 in the most recent Express Ranches sale. Yes, a \$17,000 average for the SAV Bismarck progeny that sold!
- Take the world renown success of SAV Bismarck and mate him with our Fort Worth champion, SSTO Watercolors, and you have yourself one tremendous herd sire available for your consideration.
- From a numbers stand point, LSTO Bob is well suited to breed heifers and cows alike. His calving ease and birthweight numbers are phenomenal, he is a 13 CED, -.03 BW and 10 CEM.

- A paternal brother to the \$102,000 SAV Bismarck female that highlighted the most recent Express Ranches Production sale. Year after year and sale after sale, the Bismarck progeny are always at the top of the sale report.
- Examine the near perfect confirmation of this breeding bull's dam, SSTO Watercolors, they don't make them any more ideal than her.
- He ranks in the top 10% for CED, top 3% for CEM, top 10% for MB and top 15% for SMTI; thus making him a calving ease and carcass specialist.

EBFL Ypsilanti 420Y, sire of Lot 44 & 45.

- Homozygous black and homozygous polled
- He is a son of complete outcross to most established lines of cattle in being sired by TC Aberdeen and from the once national champion female MAGS Ramada.
- Being a direct son of the \$120,000 valued EBFL Ypsilanti 420Y, we expect great things to come in the future for LSTO Better Work 4835B.

- MAGS Biology class is definitely a work of science. It took generations of selections and hard work to produce such leading genetics for calving easy and marbling.
- Sired by past reserve National Champion bull, MAGS Xyloid, we could make lists a mile long of the champions that he has since produced. There is no doubt why we hate to see the cattle like this bull leave.
- This exceptional individual's dam is currently working in the Lewis Limousin herd of Colorado.
- Double digits CED for this future herd sire.

- MAGS Unequaled has work wonderfully here at Stowers Limousin and we are glad to be able to offer his genetics on to our customers.
- SSTO Beaver 4822B is at a 1.0 for BW epd and is made like a heifer bull. We wouldn't have any reservation about using this on young females this fall. He will also give you that additional marbling that is so important in this competitive marketplace.
- His dam is a super productive purebred Angus cow that comes from the famous SAV Eisa Erica cow family.

Angus Based Commercial First-Calf Heifers

Selling in groups of 5

Topline Cattle, LLC is a 2,000 plus head Angus based commercial cow-calf operation that is rapidly growing, running with only the finest Limousin and Lim-Flex bulls.

The resulting product will fit the demand of any quality conscious commercial cattleman, feed yard and meat company in the country. Highlighted in this sale will be 50 head (selling in groups of five) of first calf heifers that all sell A.I. bred to MAGS Bronson, a homozygous black/homozygous polled Lim-Flex bull who has a negative birth weight EPD with added power and style. "Intriguing" doesn't even begin to describe this herd sire's pedigree. He is sired by one of the most consistent bulls available on the market for calving ease and quality, MAGS Y-Axis, and his dam is a carcass data icon. MAGS Rapheala is in the top 1% of the breed for YG, REA and the top 10% for MARB. It doesn't get any better than that! In addition to being in the top 1% for YG and REA himself, Bronson has a truly functional skeletal design that is appealing for today's cattleman. He is long-bodied, deep-ribbed and lays in smooth at his shoulder like a true calving ease bull should be. We are certain that his influence on this set of commercial heifers will bring a big dividend to the new owners.

All Angus Commercial heifers have been A.I.'d 05.15.15 to MAGS Bronson; P.E to homozygous polled and homozygous black Lim-Flex Bulls
