SALE TERMS & CONDITIONS ~

TERMS ... All cattle/ genetics must be paid for immediately after the sale. Checks should be made payable to Moreno Ranches, Inc. Credit cards are also accepted, and a processing fee will apply. Cattle/ genetics will not be released until proper settlement has been made.

SPECIAL TERMS ... (cattle/ genetics for export) Lots and genetics that are sold for export must be paid for at the time of the sale. There will be a representative of a forwarding company on hand to assist in this matter. It will be the responsibility of the buyer of these cattle/ genetics for export to make arrangements with the seller for the care of the lots or genetics after the sale. Buyers will be responsible for any layover costs following the sale.

EMBRYOS ... Each package of three Grade 1 embryos guarantees one 60-day pregnancy if transferred within 90 days of purchase. All procedures must be performed at Trans Ova Genetics and using Trans Ova Genetic's recips, or the guaranteed minimum will be voided.

IVF PROCEDURE ... Each IVF PROCEDURE has a guaranteed minimum of five transferable embryos. Buyer will receive all additional embryos of the procedure, should there be any. Buyer pays for all procedure costs, as well as any procedure related expenses. All procedures must be performed at Trans Ova Genetics, or the guaranteed minimum will be voided. If reverse sorted or sexed frozen semen is used to fertilize, the guaranteed minimum will be voided.

SEMEN ... The utilization of semen in reverse sorting technology needs to have a ratio of 25 to 30 oocytes when sorted per one unit of semen, on average and depending on the quality of the oocytes.

BREEDERS GUARANTEE ... Every lot in this sale is, to the best of the seller's knowledge, sound and free of any disease. Pregnant cows and cows with calves are considered breeders without further guarantee. Open heifers are guaranteed to be natural breeders. Breeding guarantee is voided if any of the following occur: injury, death, disease, gross negligence or misconduct, heifers not in suitable body condition score to breed, virgin heifers flushed or IVF'd prior to having a natural calf, or the overuse of feed additives in a show heifer feed ration. Buyers must notify us of any breeding concerns within one calendar year of purchase. Should a breeding concern arise, buyer is responsible to return the animal to Moreno Ranches, and we will have six months to prove the animal to be a breeder. Should the female be a non-breeder, Moreno Ranches has the option to select a suitable replacement if available, or issue a sale credit to be used in a future purchase at Moreno Ranches. No cash refunds are given. We make no further guarantees, including but not limited to ability of a female to compete in livestock shows or disposition.

CLONES ... Moreno reserves the right to collect a tissue sample for the purpose of creating a cell line for future cloning on any live animal sold.

DISPUTES ... The auctioneer in charge will settle any bid disputes. The decision of the auctioneer on such matters is final.

HEALTH ... All necessary health papers will be provided for the purposes of shipping cattle and genetics anywhere in the U.S.

EXPORTS ... Cattle/ genetics sold for export to foreign countries must, by state law, test for diseases flagged by the country receiving the animal after the sale is made. The seller will be responsible for this testing.

ANNOUNCEMENTS ... Any announcements from the auction block will take precedence over the printed material, this catalog and all other printed advertisements.

LIABILITIES ... All persons who attend the sale do so at their own risk. Moreno Ranches, Inc., including the sale manager, assumes no liability, legal or otherwise, for any accidents that may occur. Seller accepts no liability for the lots after they are sold. Insurance will be available at the sale for cattle/ genetics upon the buyer's request.

CONTRACT ... The above terms / conditions shall constitute a contract between the buyer and the seller of each lot sold.

HANDLING ... As the sale takes effect, all lots are under the buyer's risk.

RETAINED INTEREST ... Moreno Ranches retains the right to one in-herd flush on any female sold, and a 10% interest on any bull sold.

We are extremely excited to offer you the opportunity to purchase an embryo package on the 2018 International Grand Champion Red Female, Moreno Ms. Lady Redi 902. Not only did she receive the pinnacle title of being named International Champion, but she also won the "Triple Crown" being named Grand Champion at Fort Worth and San Antonio. Although Lady Redi had an impressive show career, she is now in production and ready to be one of the headliner donors for Moreno Ranches. She is a daughter of the National Champion and globally utilized, +JDH Mr. Elmo Manso, who has sired countless winners around the world including three International Champions in the USA. To complement this mating is the proven sire +BB Bronson 299/3. During Bronson's show career he accumulated nine division wins in ABBA Approved Shows helping put both his sire and dam in the ABBA's Register of Renown. In 2006 following his show career, half interest was sold in him at the ABBA International Sale for \$35,000 making him the highest selling animal at the time to ever be sold in the sale, and he still holds the High Selling Bull record. In 2012 Bronson sired BOTH the Grand Champion and Reserve Grand Champion Bulls at the World Brahman Congress and in 2017 sired both International Reserve Grand Champions. Our breeding program has been successful due to our incorporating the foundation genetics of the breed with our freshest genetics, which is exactly what we are offering! In this sale we are sharing our best and encourage you to take advantage of this opportunity.

LOT 2A - Selling 5 units of semen.

LOT 2B - Selling 5 units of semen.

Moreno Mr. Rock Star is one of our young sires. He started off his show career being awarded the Reserve Calf Champion title at the 2017 International Brahman Show and the 2017 All American, in addition to being named the Calf Champion at the Miami International. He is a son of the legendary +TJF Mr. Smokin Gun 109/7, who was a many time champion and is now a proven producer. In 2015, Smokin Gun sired three of the four division winners at the International Show, including the Grand Champion Red Bull. He is also the sire to the 2016 Reserve National Champion Female and the 2017 Reserve National Champion Female that is a full sister to Rock Star. The dam to Rockstar, +Moreno Ms. Aspe 34, is one of our proven donors that has produced a number of champions and high sellers alike. Aspe provides an outcross pedigree and incorporates some of the most maternal and production oriented genetics in our herd. We are extremely excited about the future of Rock Star due to his breed leading pedigree, moderate build, ideal breed character and breed leading performance, ranking in the top 5% of the breed for the growth traits and top 25% for milk. We encourage you to take advantage of these "cutting edge" genetics that will play a major influence in our herd.

Over the past 10 years we have assembled and bred one of the most successful herds of Red Brahman Cattle. Although we have produced a number of champions, Moreno Ms. Lady Reba 112 still stands as one of our most recognized. She started her show career as a calf winning the "All American." She then followed up with a National Championship and a Reserve International Champion Title. We like to show and win as much as anyone but the former show winners have to produce and Reba has certainly done her share. Most recently, she produced the Reserve Junior Champion Bull at the 2018 "All American" National Junior Show as well as a class winning red female that is the result of this EXACT same mating, TJF Mr. Smokin Gun 109/7 was a many time champion bull. His progeny continue to be in high demand when at the market place and are for sure appreciated in production. In 2015, Smokin Gun sired three of the four division winners at the International Show, including the Grand Champion Red Bull. He is also the sire to the 2016 and 2017 Reserve National Champion Females As most know, the semen on Smokin Gun is extremely rare. This package will provide an opportunity to purchase his genetics out of our proven donor.

Wow, Wow! At the request of our customers, we are offering an aspiration on what many consider to be our matriarch gray cow. A book could be written on this female and the cow power that she represents. We could go on and on about her influence but to keep it simple we have retained four generations of this cow family in our herd. 201/9 is a former show cow that won her class and division on a consistent basis. Although she was a proven winner, it is her production that has been unparalleled. She currently has over 40 head registered in the ABBA with eight of them being show winners, three herd sires and seven donors for some of the most recognized herds around the world. The sire of 201/9 is +KC Justice that has been a proven sire for us and 36 other breeders in the United States. The real difference maker in this pedigree is the +GS 314 female that has produced 42 registered offspring with many of them, both red and gray, being winners and proven donors. As you might expect, 201/9 has a proven track record producing an average of 33 oocytes and 14 embryos over seven aspirations. We can't say enough positive things about this female and the influence that she has in our program. We encourage you to take advantage of this opportunity to truly purchase from the "heart" of our herd.

This mating is unique as it combines our leading polled sire Moreno Mr. Polled Kyros with one of our most proven cow lines. He was successfully campaigned by Savannah Wade where she has done a tremendous job with him. Moreno Mr. Polled Kyros 571 recently concluded his successful show career after accumulating three Division titles, being named Reserve Grand Champion at the Heartland Classic, and placing third in the competitive Senior Bull Class at the International Show. He is sired by JDH Mr. Kabram Manso 434/8, our proven son of the National & International Champion and global producer, +JDH Woodson De Manso 206/7. The dam to Polled Kyros is sired by JME US Lexor Manso 71, the polled sire who was a former champion and leading sire for some of the breed's most respected breeders and out of the dam of Polled Paulette, the High Selling Lot at the '16 International Sale, and Man of Mans the award winning bull purchased by Megan Roberts. Polled Kyros is a moderate framed, beefy, deep ribbed and big boned sire that should produce low birthweight, moderate growth offspring with superior carcass traits. The dam to this embryo lot, Moreno Ms. Lady Irresistible 920 is a former show champion and the result of two Register of Renown parents. She is a daughter of +JDH Impression Manso 719/4, one of the best sires to ever exist at Moreno Ranches due to his production. Impression was recently recognized as the fourth overall ranking gray sire for show points helping him be the first and only +JDH Elmo son in the ABBA Register of Renown. The dam to Lady Irresistible is the proven donor +TJF Ms. Francene 128/9 who has produced three show point earners and as a result of this consistent quality production, her offspring have placed in the top four of the ET Produce of Dam Class six times. Buy these embryos with confidence as they combine some of the most proven and popular genetics in the Brahman breed.

When we were preparing our offering we wanted to offer our most elite genetics from both the red and gray herds. We simply could not offer anything more proven than this mating. For starters, the result of this same mating, Moreno Ms. Lady Loretta 734/1, was recently named the Champion Yearling Gray Female at the "All American." The sire of these embryos is #GRDA Mr. Laureano Del Alba 114/1, who was crowned as the National Champion Bull of Mexico two years in a row. This incredible sire has already begun to secure his reproductive legacy. In his first calf crop he produced the "Champion of the World" and three of his progeny won championships at the National Show in Mexico this past December. He is backed by a proven pedigree with a cross of the foundation genetics of J.D. Hudgins and Tic Tac Toe Ranches, and also charts positive for both his growth and carcass figures making him an "All Around" sire. For the students of the breed you will recognize the Register of Renown Dam of these embryos is the dam to the 2015 and 2016 ABBA Show Bull of the Year, TTT Suva Bob Manso 786/3. +TTT Suva's Echo Lady 700 is sired by a top JDH Echo 237 son and out of a +JDH Martin Manso daughter that goes back to the famous +TTT 758 cow that produced champion after champion for Tic Tac Toe Ranch in the late 1990's and early 2000's. If you are a progressive gray Brahman breeder and want to be on the front end of some proven genetics then mark this one as a must have!

Due in September to JDH Kabram Manso 434/8.

This former show winner and now donor offers as proven of a pedigree, production, and performance as any in this sale. Tracy Marie's dam is the great +MR Treinta 228 cow that produced her full siblings Moreno Mr. Railie Wain, the Champion of the 2018 Florida Junior Brahman Association Show, and the International Reserve Calf Champion for the Valenta Family, as well as her half-sisters that include the 2018 "All American" Reserve Intermediate Champion for Lynn Castaneda and Moreno Ms. Lady Rocksi, a many time champion and recent All American Class Winner for Sorrel Panaro. The sire to Tracy Marie is the iconic sire +TTT Texas Lotto, a former champion and proven producer of an International Champion, a Reserve National Champion, two Register of Renown daughters and a number of donor dams and herd sires. Not only does Tracy Marie have a breed leading pedigree and an ideal phenotype being deep ribbed, long bodied, sound moving and heavy muscled but she ranks in the top 2% of the breed for the growth traits and top 15% for milk. As if all of this were not impressive enough, she calved at 27 months of age. This is truly an opportunity to purchase a female that is worthy of being a donor.

Due in September to JDH Kabram Manso 434/8.

JDH Lady Singleton Manso was initially purchased from J.D. Hudgins - Locke Division as a show heifer. Not only did she have a successful show career but she calved at 25 months of age, with her first natural calf being a featured lot in our 12 Days of Christmas Sale. Based on her pedigree and fertility we immediately began aspirating her and to date have built a good inventory of her embryos. Lady Singleton is a daughter of the National Champion and global producer of champions and high sellers alike, +JDH Mr. Elmo Manso 309/4. Her dam is equally as impressive, being a proven producing daughter of the breed icon (+)JDH Sir Liberty Manso. In addition to Lady Singleton, her dam has produced another show animal and feature donor that is now owned by V8 Ranch. As you might expect with such a proven pedigree and performance record, JDH Lady Singleton Manso produced one of the featured lots and the third high seller in our recent All American Sale that sold to Rebel Ranch. We are again offering you a proven donor with a breed leading pedigree. You can build a program around Lady Singleton!

Due in September to BB Bronson 299/3.

Lady Rise is the result of one of the most proven matings that we have ever made. You will recognize her dam, +LB Lady Violet Manso, as not only the 2015 International Champion but also the dam to the 2017 Reserve International Champion Red Female. Her sire, +JDH Astro Manso, was the 2009 Reserve International Champion and the sire of numerous winners including the 2017 National Champion Bull. This same exact mating produced Moreno Mr. Reality and Moreno Mr. Ronco, two successful show bulls for us that are now herd sires. Not only does Moreno Ms. Lady Rise combine the most proven and successful genetics in the Brahman breed, but she is bred to one of the most validated bulls in the breed which only strengthens this offering. +BB Bronson was one of the most consistent show ring winners of his time, holds the record as the Highest Selling Bull to have ever sold in the International Brahman Sale, and is a proven producer siring both the Grand Champion and Reserve Grand Champion Bulls at the 2012 World Brahman Congress and in 2017 sired both International Reserve Grand Champions. If you are wanting to purchase some of the most proven red Brahman genetics in the breed then you need to put a mark by this one!

Due in September to TTT Suva Bob Manso 786/3.

In this sale you will find that we are selling some of our proven donors. On many of these cows we have retained offspring and with the use of IVF can rapidly turn generations with our freshest genetics thus allowing us to sell the factory. We initially purchased JDH Lady Coy Manso as a yearling heifer and she has done us an outstanding job, producing 12 offspring in three years. Not only is she a proven producer but also offers some of the most elite genetics in the Brahman breed, being sired by JDH Sir Kenny, a son of (+)JDH Mr. Woodman Manso, and out of one of the most proven cow families at J.D. Hudgins. The dam to Lady Coy immediately pops out as a Maternal Merit Cow but even more impressively she is sired by a Maternal Performance Sire, and her dam has produced two Maternal Merit Cows. With these proven genetics it should come as no surprise that Lady Coy calved at 31 months old, ranks in the top 1% of the breed for growth and top 15% for milk. We have aspirated her twice in the past two years and she has averaged 31 oocytes resulting in 10 embryos. Take advantage of this opportunity to purchase a proven J.D. Hudgins Donor that offers one of the most proven maternal pedigrees in the breed.

P.E. 3.02.18 to 6.01.18 to JDH Mr. Kabram Manso 434/8; P.E. from 6.02.18 to JDH Mr. Manso 734/6.

Lady Tessie is a former show heifer and the result of a planned mating of crossing one of our foundation Register of Renown donors with one of the most proven Maternal Performance Sires in the breed. This will be one of the few daughters of (=)JDH 204/2 left in production. 204/2 is known as one of the premier female sires due to the fertility and milking ability of his daughters. The dam to Lady Tessie is a former show heifer that came in the original purchase from Dr. McKenney. She has been an outstanding producer with 23 progeny registered in ABBA and four of them having accumulated points in ABBA Approved Shows. A really nice opportunity to purchase a functional female with a proven but outcross pedigree to many of today's popular bloodlines.

As you view these lots you are going to realize that we are focusing on our freshest genetics. We still use some of the older and proven sires but we feel that with the success that our cattle have had in the last several years that we can more rapidly improve by using our freshest genetics. It doesn't get much fresher than this package! These two heifers are sired by the 2016 International Champion, #1 Red Bull for Registrations in ABBA, and proven producer Mr. Fontenot 333 "Rufus." To complement this sire we mated him to one of our successful show heifers, top donors, and +JDH Elmo daughter, Moreno Ms. Lady Ritmo 712. From a pedigree standpoint these top females are fairly open to be mated to any of the popular bulls, only increasing their value. For those that evaluate cattle based on performance figures they can check those boxes too, ranking in the top 2% of the breed for the valuable trait of growth. Obviously the show ring will be a big selection objective for many of you and if you like them big boned, deep ribbed, and heavy muscled then these two will hit you pretty hard. A full sister to these two females was a sale feature in the All American Sale. Take advantage of this opportunity to purchase some of our freshest genetics that will fit any market!

MR. FONTENOT "RUFUS" 333, SIRE OF LOTS 13, 14, 16, 18 & 19.

In an effort to provide something for everyone we are offering an older but proven show heifer. Moreno Ms. Lady Betsy has consistently placed at the top of her class and was even selected as the Reserve Calf Champion at the Heartland Classic this past year. We have had a lot of success crossing the proven genetics of LS 065, +TTT 450 and +TTT Rambo. This proven mating is what Tic Tac Toe has built their program around and it produces "cookie cutter" cattle that have the look, outstanding performance, fertility, great udders and are super gentle. We simply don't know what else you could want! Lady Betsy is solid from the ground up being structurally sound, heavy boned, bold sprung, heavy muscled, super long with eye-catching pigmentation. For those that are looking for a female that fits more of the industry ideal of moderate growth with above average milk, superior carcass traits that are super gentle with a proven pedigree and a functional phenotype then look no further. We like a lot of things about this top female and hope that you will take advantage of this opportunity to purchase one of our best!

Moreno Ms. Lady Rumor is one of the sale highlights due to her pedigree, dark red color, and performance profile. This beautiful female boasts one of the most proven and exciting pedigrees in the sale. She is sired by the 2016 International Champion Red Bull, Mr. Fontenot 333 "Rufus," who has sired countless champions for us over the past two years including the 2018 Florida Junior Brahman Show Champion Bull. The dam to Lady Rumor is one of the winningest gray females that we have ever raised that combines two Register of Renown parents, #JADL Rey Te 110, who has sired champions around the world, most notably Mr. RB Ring King the 2016 National Champion and 2017 Reserve International Champion, and a top JDH Dwayne daughter. We are extremely impressed with this yearling heifer and know that she will be a great addition to anyone's herd.

If you are looking for a red Brahman female that offers the key essentials of eye appeal, a proven pedigree and breed leading performance then study these two closely. They are sired by Mr. Fontenot 333 "Rufus" the 2016 ABBA International Champion Red Brahman bull. Everyone appreciates Rufus for his structural soundness, growth, volume, muscle, stoutness and outcross pedigree. Over the past year the Rufus offspring have shown extremely well and drawn interest from customers both in the U.S. and abroad. To further enhance the pedigrees of these two baby dolls is their dam Moreno Ms. Lady Rumbera 710. The 710 female has made her mark in the Brahman breed as a successful show cow with numerous wins that all culminated into her being awarded the 2017 ABBA Show Cow of the Year. Of course her show ring wins are impressive, especially being one of the winningest cows in history, but it is her production that will likely be how she is best remembered. Her first natural calf was one of our Fall 2017 Sale features and most recently one of her sons out of Rufus was awarded the Grand Champion Bull Title at the Florida State Junior Show. With the pedigrees that these two offer you could write a book but what you need to consider is the possibilities that they could offer to you as both a show heifer and future donor. These are special!

These two top show prospects are sired by JDH Mr. Kabram Manso 434/8 one of the top Moreno Ranches gray herd sires. Kabram is a son of the International and National Champion +JDH Woodson De Manso 206/7. The dam to these heifers is Moreno Ms. Senora Cienfuegos 180, a former show heifer, proven producer, and paternal half-sister to +Moreno Ms. Aspe one of our top donors. In our recent All American Sale we sold two full sisters to these heifers that were the talk of the barn, with one of them receiving the fourth highest price. Not only do these two females have the look and pedigree to be an addition to any herd but complete the package by charting positive for eight traits. Take advantage of the opportunity to purchase the most popular and proven genetics of Moreno Ranches.

Wow! How do you make them any better? These two elite females combine some of the most proven and elite genetics in the Brahman breed. They are sired by +Mr. Winchester Magnum the biggest impact red sire in the Brahman breed over the past 20 years. Winchester has sired more winners in the USA and abroad than any other red sire. Although the top side of this pedigree is impressive it is equally matched by the bottom side where the National Champion +JDH Mr. Elmo Manso 309/4 is crossed on the dam of the National Champion Moreno Ms. Lady Reba 112. Unfortunately this will be the last time that we will be able to offer the genetics of the great Releanor cow due to her unexpectedly passing away. As you might expect from Moreno Ranches, we are offering you the opportunity to purchase from the heart of our herd. Take Advantage!

Moreno Ms. Lady Kahlua is a daughter of JDH Mr. Kabram Manso, our +JDH Woodson de Manso 206/7 son, that is doing us such a phenomenal job with a number of offspring who have won their class and division this past year. As you look through this offering and see the Kabram calves you will notice that they are very consistent being moderate boned, big bodied, thick ended with a beautiful eye appealing look. Not only have we been successful with Kabram but recently V8 Ranch sold a \$23,750 heifer by him and have retained several of his offspring for their elite operation. The dam to Kahlua is a female that we purchased in the International Sale that we showed successfully and then transitioned into our IVF program after seeing her first calves. Study this pedigree hard as it combines some of the leading genetics of J.D. Hudgins, V8 Ranch, Heritage Cattle Company and Double J. Really a neat heifer that offers a lot of upside in terms of pedigree and breeding potential.

Combining the most popular Red Brahman Genetics! If you want this package summarized in one sentence: Full brother to the 2017 International Champion and ABBA Show Cow of the Year crossed on a full sister to +Smokin Gun. How do you improve on that? This marks the first time that we have offered offspring from Moreno Mr. Rocky Elmer 391. Rocky Elmer is one of our prominent young herd sires who is a flushmate to BOTH the 2017 International Champion Red Bull, LB Sir Myles and the 2017 ABBA Red Show Cow of the Year, Moreno Ms. Lady Rumbera 710. He is sired by the National Champion, Register of Renown, globally utilized and proven producer of champions, +JDH Elmo Manso 309/4 and out of the acclaimed +HK Ms. Passport 557. The dam to Radiante is a flushmate to the notorious +TJF Smokin Gun, a many time champion bull whose progeny continue to be in high demand due to his show ring success and limited genetic availability.

If you are studying this offering carefully you are likely seeing some trends and certain genetic lines that are working consistently. There is no question that +JDH Elmo Manso crossed on the +HK 557 cow has been outstanding producing the 2017 International Champion Bull and 2017 ABBA Show Cow of the Year. The dam to Felsia is the result of this same mating. Likewise the crossing of the 2016 International Champion Mr. Fontenot 333 "Rufus" on this line of females has yielded outstanding results with the offspring being some of the highlights of this sale. In the registered seedstock business the name of the game is consistency and genetic lines. There is no doubt that Moreno Ms. Lady Felsia 840/1 combines both of these in an attractive package.

We along with many others think that the mating of JDH Mr. Kabram Manso and Miss V8 475/7 is one of our most consistent matings of the past year. We sold two full sisters to Lady Krakow at our recent All American Sale and they were certainly one of the highlights. Not only does this mating produce a signature phenotype but also a marketable pedigree and a breed leading performance profile. JDH Mr. Kabram Manso 434/8 is an amazing son of the International and National Champion +JDH Woodson De Manso 206/7. The dam to Krakow is the elite female Miss V8 475/7 a powerful daughter of Mr. V8 960/5, a former International Champion, and out of a +V8 189/4 daughter. Miss V8 475/7 is also one of our largest embryo producers, averaging over 12 each aspiration. To complete this package for the most progressive breeder Lady Krakow ranks in the top 15% of the breed for WW, top 10% for YW and top 2% of the breed for the valuable carcass traits of REA & Marbling. Take advantage of this consistent genetic package.

Moreno Ms. Lady Faye is another example of taking our tried and true cows and crossing them with some of our newer sires. You have seen a pretty good sampling of our offspring from the 2016 International Champion, Mr. Fontenot 333 "Rufus." We have been extremely pleased with his calves as they are fast growing, big boned, deep ribbed and heavy muscled. The dam to Lady Faye is one of our foundation donors, Miss B-F 48/6, that has produced outstanding red and gray offspring including the high selling lot at our recent All American Sale. This is a proven mating and based on her performance profile she should be fast growing, heavy milking, heavy muscled, gentle and most importantly transmit these positive traits into her offspring.

LOT 30 MORENO MS. FOXY LADY 586/1

	MISS WHR 210		

Here we go again mixing the proven with the popular! Foxy Lady is sired by the 2016 International Champion Mr. Fontenot 333 "Rufus." Over the past year the Rufus offspring have shown and sold extremely well and drawn interest from customers both in the U.S. and abroad, resulting in him being the #1 Red Bull for Registrations in the ABBA. The dam to this top female is +Moreno Ms. Aspe 34, one of our proven donors that has produced a number of champions and high sellers alike. Aspe is most noted as the dam of the many time champion and now herd sire Moreno Mr. Rock Star 625, as well as one of the featured bull lots in the recent All American Sale. Aspe, along with her paternal half-sister Senora Cienfuegos, provides an outcross pedigree and incorporates some of the most maternal and production oriented genetics in our herd. As you might expect from such a proven mating that combines power with production, Foxy Lady ranks in the top half of the breed for six traits. We are really high on this female and this mating. Consider this one heavy and position yourself at the forefront as these genetics will be the core of Moreno Ranches for years to come.

LOT 33,
MORENO MS.

	JDH LADY BRENA MANSO		

If you want to talk about cow families and productivity, then you are on the right lot. Miss B-F 48/6 has been one of our leading donors with 50 calves currently registered in the ABBA. This female has done extremely well when mated to both red and gray bulls due to her pigmentation, deep rib, and long and level build. As a result of her superior production she has claimed a spot as one of our leading donors. The sire to Shamrock is JDH Sir Stratton Manso that we own exclusively with J.D. Hudgins. He is a son of the national champion and internationally proven +JDH Elmo Manso that has produced extremely well for Moreno Ranches and others, resulting in winners and top sellers both in the U.S. and Australia. To add to this productive pedigree is the dam of Stratton who has produced six herd sires and the donor dam +JDH Miffany who has produced five herd sires including DF Butterbean, 4N Woodrow and SNS Mighty Mouse. Moreno Ms. Lady Shamrock is a power packed female!

	JDH MISS DELILAH MANSO		

Another outstanding female that combines our most proven genetics. Her sire JDH Impression Manso 719/4 is one of the greatest sires to ever exist at Moreno Ranches due to his production. As a result of his successful offspring he was recently recognized as being the fourth overall ranking gray sire for points received in ABBA approved shows. 719/4 is the first and only +JDH Elmo son currently in the ABBA Register of Renown. The dam to Lady All In is =JDH Lady Susie Manso who is a Maternal Merit Cow and also sells in this sale. Susie 579 has been very influential in our herd with 35 offspring being registered in ABBA. She is a proven producer having produced a female owned by Bud McCracken that was the International Embryo Produce of Dam Champion, as well as several sale toppers for us, and most recently one of the top picks in the Bonchasse Land & Cattle calf crop. As you might expect with such a power packed pedigree, Lady In All charts positive for the economically relevant traits ranking in the top 10% of the breed for WW & YW and 25% for milk.

A daughter of #GRDA Mr. Laureano Del Alba Te 114/1 who was crowned as the National Champion Bull of Mexico two years in a row. This incredible sire has already begun to secure his reproductive legacy. In his first calf crop he produced the "Champion of the World" and three of his progeny won championships at the National Show in Mexico this past December. He is backed by a proven pedigree with a cross of the foundation genetics of J.D. Hudgins and Tic Tac Toe Ranches. The bottom side of this female is the signature Tic Tac Toe cow line that is sired by +JDH Martin Manso who has sired numerous champions and productive daughters. For the experienced breeders you might expect that this female would boast an impressive performance profile that charts positive for seven traits. Another opportunity to purchase a proven pedigree with an elite performance profile. These are the kind that will keep you in business!

Breeding Age, Low Birth Weight, High Growth Herd Sire! If you are in the market for a bull to turn out that combines a breed leading pedigree and performance profile with a functional build, then Pompopo is the bull for you. We only keep back our best bulls each year to market. Since Pompopo was a calf we have been impressed with him. He is sired by a young bull that we raised that is the result of mating the proven herd sire, JDH Mr. Manso 579/4, from J.D. Hudgins-Forgason Cattle Company to one of our foundation donors purchased from McKenney Farms. The dam to Pompopo is a top daughter of the National Champion +JDH Mr. Elmo Manso and out of one of the most maternal bloodlines at J.D. Hudgins. This young bull can be used on registered or commercial cattle with his 69 lb. actual birth weight. He's just the right kind that produces them small at birth but should wean them heavy, ranking in the top 2% of the breed for WW & YW, not to mention his daughters should be heavy milkers with his above average Milk EPD. Don't miss this lead off sire!

If you like them rugged made, deep middled and heavy muscled, then you are going to love Mr. Sena. Not only does he have the right build but he is a son of the leading donor Miss V8 475/7 that is one of our largest embryo producers. 475/7 combines the maternal golden cross of the International Champion Mr. V8 960/5 on a daughter of +Mr. V8 189/4. The sire to Sena is the product of a bred cow that our good friends, Senator Javier Souto & Brock Laramee, purchased in the V8 Ranch Online sale that is sired by the iconic +Mr. V8 380/6 who has produced more show ring winners in the past six years than any other sire. Mr. Sena has the right build and proven pedigree to be an addition to any program.

Low Birthweight, High Performing Sire! We are extremely excited to offer this 21 month old herd sire prospect that would fit in any progressive Brahman or F-1 Program. Man of Steel combines some of the most proven and performance oriented lines at Moreno Ranches. He is sired by our most performance oriented sire JDH Mr. Manso 734/6 that we purchased from J.D. Hudgins-J. Forgason Division. 734/6's pedigree contains some of the most performance and maternally oriented animals in the breed with (=)JDH Westin, JDH Bertram and two of J.D. Hudgins top donors JDH Miss Clova Manso (dam of JDH Dixon) and JDH Lady Manso 376/9 (dam of JDH Sterling). The bottom side to Man of Steel incorporates one of our headlining sires, JDH Kabram Manso, and one of our leading donors Miss B-F 42/7 who has produced 23 registered offspring. We simply could not assemble a more proven and performance oriented pedigree. As a result of these genetics, Man of Steel is a low birthweight sire with an actual measurement of 70 lbs. and charts positive for the economical traits of WW, YW, Milk, REA and Marbling. Pay special attention to this one as we think he could really be an impact sire!

Sells as proven donor for IVF only.

It's a rare opportunity that you are able to purchase a Maternal Merit Cow. Only the "top cut" ever receives this designation based on fertility and calf performance. We purchased Lady Susie as a 13 year old cow based on her production. To date she has 35 offspring registered in ABBA. She is a proven producer having produced a female owned by Bud McCracken that was the International Embryo Produce of Dam Champion as well as several sale toppers for us, and most recently one of the top picks in the Bonchasse Land & Cattle calf crop. Although she has some age on her, she is still averaging five embryos per aspiration. These are the kind of genetics that you can build a herd around!

Wow! We outlined earlier in the catalog the opportunity that we are offering to purchase some of our proven donors. There is no doubt that Miss V8 765/6 fits in this list as she comes with a breed leading pedigree, a lot of notoriety, proven production and a performance profile to match. Miss V8 765/6 is a former show cow for V8 Ranch, was the high selling lot in the 2009 International Sale and has produced a number of winners for us both on the red and gray side. She is an own daughter of the iconic +Mr. V8 287/5 "Superstroke" who dominated the ABBA Show Ring for 10 years and produced an undefeated International Champion Get of Sire for five straight years. If you look through some of the most notable cattle in the breed, you will see the influence that Superstroke has played especially on the female side. The dam to 765/6 is +Miss V8 997/5 a daughter of the International Champion and iconic +Mr. V8 901/4 and the dam to the International Champion +Mr. V8 846/5 "The Rock." 997/5 not only has an impressive pedigree but also proven production with 88 offspring registered in ABBA! As if her pedigree and production weren't enough to prove her value, 765/6 charts positive for six economically relevant traits. To top this off she has a heifer calf at side sired by our proven sire JDH Kabram Manso.

JDH LADY HIPSON MANSO	JDH MISS MALONEY MANSO		
JDH MS MOYO CORO MANSO	JDH SARASOTA MANSO		
	MISS JDH 937/1 YL MANSO		

Confirmed bred to JDH Mr. Kabram Manso 434/8. Estimated calving September 2018.

Another proven donor! JDH Miss Booth Manso 583/4 is a daughter of the great +JDH Mr. Elmo Manso 309/4, one of the leading sires in the Brahman breed that has made a tremendous contribution worldwide. His influence and impact in this breed is unprecedented. A National Champion himself, he sired back-to-back International Champion females in both colors: 2014 JDH Lady Babette Manso 486/4 (Gray) and 2015 LB Lady Violet Manso 576/4 (Red). In addition to Booth being sired by an iconic sire, her dam is just as impressive being a regular calver and having a pedigree that crosses the proven lines of (+) JDH Liberty Manso and (=)JDH Sarasota only adding performance and maternal abilities into this package. Not only does JDH Miss Booth Manso offer a breed leading pedigree but she is a proven producer averaging 12 embryos from 34 oocytes. To complete this package Booth has previously produced a show winning female by JDH Kabram, the same mating that she will calve to around sale day!

P.E. 7.01.18 to JDH Impression Manso 719/4.

If you are looking for a productive female with breed leading performance and an outcross pedigree, then TTT Ms. Suva D Esto 488 is the female for you! 488 is sired by +JME Didor Esto 241/3 that was a many time champion for the J.M. Edwards Family of Florida. In addition to 130 other progeny, 241/3 is the sire of JJ 204/2 that was used successfully by many breeders, including Double J Ranch and D Bar Ranch, producing the basis of their current programs. The dam to 488 is WR 225, that has been an outstanding producer and revenue generator for Tic Tac Toe Ranch. WR 225 has produced two daughters that are still in the TTT program today, a point earning show bull and animals that have been proven producers for registered and commercial breeders alike. To complete this package, 488 ranks in the top 20% of the breed for eight traits, including growth, carcass and milk. This is a proven female that still has plenty of life in her, and should be a solid producer for her new owner.

Mr. Fontenot 333, who the industry knows as "Rufus," has revolutionized the red Brahman breed. Not only was he a many time show winner, including being named the 2016 International Champion, but offers a lot

of value to Brahman breeders. He is an extremely sound structured sire that has an ideal look and adds growth, bone and muscle to his offspring. Rufus has produced numerous show ring winners for us over the past year, including the Champion Bull at the Florida Junior Brahman Show, and high sellers, including the high selling lot in our All American Sale. In addition to his ideal build, he offers an outcross pedigree to many of today's bloodlines and ranks in the top of the breed for growth and milk, only further adding to his value as an impact sire. As a result of his superiority and demand by breeders domestically and internationally, "Rufus" was the #1 Red Bull for Registrations in the ABBA over the past year. As you can tell from our show string and sale offerings, we believe in "Rufus" and know that he will continue to play a significant role in our program for years to come.

Our Commitment to the Future ...

Moreno Ranches has been 199 years in the making and is six generations strong. We realize the value of a firm handshake, reliable word of mouth, and honest customer relations. This integrity with which we live every day is what has kept us going strong for nearly two centuries. Moreno Ranches believes the youth are the future, and we strive to build the Brahman breed one junior at a time. Through scholarships, show sponsorships, and donations to the agricultural youth organizations, support efforts for the juniors in recent years have totaled over \$100,000. Moreno Ranches believes that through strong support of the youth and their families, we can help build a stronger tomorrow for the Brahman breed.

BRAHMAN CATTLE SCHOLARSHIP PROGRAM The Moreno Ranches Junior Scholarship Program is designed to help America's youth to continue their education by enrolling in undergraduate courses of study at an accredited two or four-year college, university or vocational technical school.

ELIGIBILITY FOR OUR SCHOLARSHIPS

1. Animals must be purchased from Moreno Ranches at public auction or by private treaty in order to qualify for the program.
2. Qualifying animals must be bought and registered by a junior exhibitor and be in his/ her name from the time of sale and throughout their show career.
3. Animals participating in the program are not transferable from child to child.
4. The amount of the scholarship is determined by the animal's placing at a qualifying show and by the number of calendar years in which the exhibitor has purchased an animal from Moreno Ranches. For award amounts, please refer to the Moreno Ranches Junior Scholarship Program Award Schedule at www.morenoranches.com

5. If a junior showman qualifies for more than one scholarship award, the single highest award amount will be awarded. Award levels cannot be combined.

6. The ONLY shows eligible are Junior Shows. Please refer to the "Eligible Shows" section at www.morenoranches.com.

BREED BACK PROGRAM If a Junior exhibitor buys a Brahman heifer from Moreno Ranches, we are committed to assisting the Junior in breeding the heifer when she is of age. This is for a number of reasons. First and foremost, we want to grow interest in Brahman cattle breeding among the next generation. Knowledge is something that is not learned from books; it is experienced, especially when it comes to the cattle industry. So we are committed to helping Brahman Juniors continue, and build on the knowledge, of Brahman breeding techniques including wise husbandry of registered Brahman show heifers during their show careers. Registered Brahman show heifers purchased from us, and subject to our terms and conditions, can be brought back to Moreno Ranches at our Florida or Texas location, and we will artificially inseminate or naturally breed the heifer to one of our quality Brahman herd sires at no cost to the Junior, other than feed and board while cattle are in place. Cattle must be insured in order to qualify for this program.

SELL BACK PROGRAM This program gives Juniors an opportunity to sell their Brahman heifer when they are two to three years old in our annual production sale. In order to qualify for this program, Brahman heifers must be bred or have a calf at side at the time of the sale. The sale management team must approve the consignment prior to the sale. Moreno Ranches will be responsible for all marketing. Standard commission fees will apply.
