If you need assistance with your purchases or want to discuss the genetics selling then please feel free to contact R & R Marketing Company. As a paid marketing agent for Edwards Land & Cattle we take pride in the opportunity to work closely with this program. We can assist you with your phone order and/or handle your bid in the most confidential manner. Email, call or text and we will be more than happy to assist.

The Edwards Land and Cattle Family is excited and pleased to welcome you to our Annual Fall Production Sale. As usual the sale will be held down on the farm at our sale located at 314 Willard Edwards Road, Beulaville, North Carolina. We are extremely pleased to host you at our sale facility. We will be offering you some of the best quality genetics in the Limousin breed, along with very high quality Angus. At Edwards Land and Cattle we are committed to producing the kind of genetics that will be useful and profitable in your operations.

As you are aware we are a family operation that takes great prided in our cattle and would only like to provide you with quality Limousin, Angus and Lim-flex genetics that will work in any cattle operation. Our number one goal is to create a long term relationship with our customers; this is why we only provide you with our finest stock. All of our cattle sale under the standard guarantee of the North American Limousin Foundation. If you have any questions pertaining to any of the genetics or any other thing about our cattle please feel free to give us a call. If you are in need of financing or trucking arrangements we will gladly assist you. If you are unable to attend please feel free to call us or any of the sale management to assist you on sale day.

We will hold a reception and cattle viewing at the sale barn on Friday night beginning around 5:30 PM. The Edwards Land and Cattle family will provide you with a down home southern barbecue on the day of the sale at 11:30 AM. The whole family looks forward to seeing you. If you need any help with directions or accommodations please don't hesitate to give us a call.

2017 All-American Futurity Grand Champion Bull

Owned with Wies Limousin, Wellsville, MO

ELCX Cabin Fever is certainly heating things up on the show circuit this year. It has been a long time since a bull with this much power and fuel and his tank has stood at a MOE Level 1 Backdrop. He is big topped, thick ended cattlemans bull from the ground up who is solid from head to tail. He is certainly is one who had the barn talking in Grand Island this summer and will continue to do so throughout the fall. His dam, AUTO Poem is one of the preferred females here at Edwards Land & Cattle due to the consistent excitement she generates. His maternal sisters are finding their way to the backdrop as well, including ELCX Candy Cane for Owen Cattle Co. and ELCX Cheerios for Massey Cattle Co./Anna Weaber.

BW: 76 lbs.; WW: 719 lbs.; YW: 1,298 lbs.

ELCX Dominator 273D is made very similarly to his prize gathering brother, he is ultra good in his lines, yet has that added middle and hip that makes him so desirable from a sire standpoint. 273D is ready for mid to heavy service and will certainly work well on larger framed cattle, power cattle that need and extra shot of fleshing ability and volume. Sired by the past show bull of the year and now leading A.I. sire, MAGS Xyloid. We have been blessed to have Xyloid walking the pastures here at ELCX, we couldn't have asked for a better herd sire to mate with our cow herd over the years.

BW: 79 lbs.; WW: 728 lbs.; YW: 1,228 lbs.

Xina is a daughter of SAV Bismarck 5682 and from the once national champion female Carrouseles Pina Colada. This young female is royally bred and represents only the finest in lineage backed with some of the very strongest numbers our breed has to offer. She posts a 12 CED, 11 CEM, 1.10 for SC, .79 for REA, .20 for MB and is in the top 25% of the breed for SMTI. We love the moderation in frame, fleshing ability and unique profile this female has to offer.

Carrouseles Pina Colada, dam of Lot 3.

TMCK Architect 031A, sire of Lot 3A.

SBLX Zane, dam of Lot 6.

P.E. 4.01.17 to 6.01.17 to KBCX Musketeer

Cover Girl is the complete package, super sound, moderate frame and feminine fronted. She will carry on the tradition of her great dam, SBLX Zane. There are many sisters working in herds throughout the country. Her sire MAGS Xyloid was produced many champions in the show ring, and continues to do an excellent job here at Edwards Land & Cattle. To date there are over 700 progeny recorded from this great sire. He will follow in his sire's footprint, DHVO Deuce, to make a major impact in the Limousin breed. SBLX Zane is one of the breed's finest red and polled Lim-Flex donors. She is a daughter of MAGS Winston and from the GAR Predestined and ELMW Ginnie donor, SBLX Underthecovers 201U. The lineage with this female is beyond exciting.

Broody is what comes to mind when looking at Disco, she has the maternal look; we love her depth and spring of rib, her femininity and her skeletal design, standing on good substance of bone. She is sired by the \$30,000 valued GAR Predestined son, AUTO Will Power 160X, now working in the Jensen Barwick herd. Her dam ELCX Undercover 201Y, is a direct daughter of the 2011 National Western Champion Lim-Flex bull, CALO Brickyard 902W, dam by GAR Predestined. Double polled and double black, she is in the top 10 percentile for SMTI, and top 5% for MB.

This 25% Lim-Flex female possesses an excellent EPD profile, ranking in the top 1% of the breed for MB and SMTI, top 2% for CED, top 3% YW, top 10% for BW, WW, and TM. She is sired by Select Sires, GAR Prophet, no other Angus bull can match his combination of CED, extra growth and extraordinary marbling. Her dam traces back to the Luvly cow family, that has produced a long line of outstanding females. We love this females length of spine, she has that extra extension through her front end.

This balanced trait female is a direct daughter of the famed, high growth sire MAGS Wazowski. Wazowski is a carcass powerhouse with solid numbers for CW and REA and ranking in the top 2% of the breed for MB and SMTI. His daughters and sons alike have made an impact on the breed and offer a variety of breeding flexibility. Her dam is the great EXLR Barb 170R, who is one of the Matriarch females in the breed who has withstood the test of time.

This granddaughter of both DHVO Deuce and Bohi Rhonda 314R, also goes back to the famous EXLR Rebeca 1019P and stems from the famous EXLR Blackcap family. Blackcap and Express Ranches have been synonymous for success for more than 3 generations now. This 64% Lim-Flex female ranks among the top 20% for MB and top 25% for \$MTI.

ELCX Postmaster, sire of Lot 26A and service sire of Lot 27.

WLR Reload, service sire to Lot 28.

P.E. 12.05.17 to 4.02.17 to WLR Reload

ELCX Batteriesnotincluded 411B is double digits for CED and in the top 25% for MB epd. 411B has a highly recognizable and very marketable; especially being a granddaughter of JCL Lodestar. We can't help but think that using Lodestar back on these Xyloid daughters, it seems to produce quality livestock that are elite enough to add to some value to even the most established herds in the country.

PBRS 5169C is out of a great MAGS The General daughter, PBRS Abby 3162A, who has an exceptional data profile and is nearly holes-free in terms of EPD positivities. We are confident that this young female that will calve for the first time next spring will transmit these positive traits onto her progeny. 5169C herself is in the top 20% for CEM, top 15% for MB and top 20% for \$MTI; all of which are highly sought after traits in the current marketplace.

This daughter of the powerful MOE Gold Medal winner, RLBH Air Force One, is maternally made and has the added eye appeal, soundness and pedigree. Her grand dam, SLBX Underthecovers 201U, is the \$25,000-valued female and highly regarded donor of Sugar Bush Cattle and Double B Grain Farm. As a 56% Lim-Flex female, she is sure to add dimension, femininity and quality to any herd with the pedigree she's backed by.

LOT 45

P.E. 12.30.16 to 3.16.17 to MAGS Xyloid

Out of the proven sire, DHVO Deuce 132R, this female will produce offspring that echoes his stoutness and skeletal quality. ELCX Blackberry 436B's dam, LFL Upper Crust 0090X, is a donor for Lawrence Family Limousin that continues to hold precedence in their program. She ranks in the top 4% of the breed for weaning weight which will make her offspring stand out in any herd.

LOT 47

P.E. 12.29.16 to 4.05.17 to AUTO Will Power 160X

This homozygous polled female is a complete, sound structured individual. She is sired by the AUTO Dollar General son, MAGS Union Shop. This female is bred to be a brood cow and will produce unique, efficient offspring.

This daughter of the prominent SS Incentive 9J17 Angus bull is a 50% Lim-Flex female that you don't want to miss. Tremendously sound and extended through her front 1/3, DBGR Sweetheart 200Z has the ability to produce excellence across the board in your herd. This female's dam, TYEJ DB Serenity has been a leading donor for Wies Limousin and owned with Double B Grain Farm. TYEJ DB Serenity produced the 2012 All-American Futurity Grand Champion female, AUTO Luckie 246W and the 2013 National Junior Show Grand Champion Limousin female for Cody Heavin, AUTO Luckie Too 423Y. Her structural integrity, reproductive efficiency and trusted pedigree will surface to the top of any herd. DBGR Sweetheart 200Z has done a tremendous job raising a double polled, double black MAGS Xyloid son at side.

A true breeding piece right here. This young homozygous black, homozygous polled female will be a versatile one in your herd. She is a 75% Lim-Flex daughter of JCL Lodestar 27L. Her dam, MAGS Tapestry, ranks in the top 3% of the breed for SMTI and marbling. These traits have the potential to confidently impact any operation in financial success varying from seedstock to packer. MAGS Tapestry passed on her highly desirable confirmation to this female, ELCX Century 21 501C ET, and we are assured she will continue to do so for years to come. Her bull calf at side is a homozygous black, homozygous polled ELCX Benchwarmer 363B son. ELCX Elect 501E ranks in the top 3% just as his grand dam does in marbling and the top 4% of SMTI. You will soon be 'electing' this bull calf to be your next herd sire because of his solid EPD profile.

daughter of BOHI Top Dol-
lar 7144T. Top Dollar is the
son of AUTO Dollar Gen-
eral 122R and from the na-
tional champion female
Carrouseles Pina Colada.
ELCX Century 169C has
her mother's phenotype of a
big, bold rib design and a
feminine front 1/3. She will
produce calves that will be
marketable to any program.

P.E. 5.24.17 to 8.11.17 to
AGRI Chairman 1C

Ranking in the top 3% for mar-
bling, this female is sure to
bring profit to your opera-
tion and catch your eye each
time in the pasture. ELCX
Catch Me 235C has the ma-
ternal look and doing ability
to be in production for many
years to come. This female's
dam, AUTO Barbie 235Z,
scanned a 4.52 for IMF and
ranks in the top 5% of the
breed for marbling and top
3% for MTI. She is a ho-
mozygous black/ double
polled female sired by
AUTO Will Power 160X.
Her daughter, ELCX Equal
235E ranks in the top 1% of
the breed for marbling and is
sired by ELCX Benchwarmer
363B.

P.E. 5.01.17 to 8.15.17 to TW Fire N Ice

Here is another female sired by AUTO Will Power 160X out of the RVDR Wynona 519W cow that sold for \$10,000 at Englewood's Value and Vision sale. This female ranks in the top 2% for marbling with a score of .72. ELCX Bristol 404B ET has a double black/ double polled MAGS Xyloid daughter by her side.

P.E. 5.01.17 to 8.15.17 to TW Fire N Ice

Here is a 53% Lim-Flex female that traces back to the famous Angus Blackcap cow family. She is a double black/ homozygous polled female sired by the Reserve Champion Lim-Flex bull at the 2010 NWSS, Carousels Pure Power son, EXLR Unequaled. ELCX Blackcat 115Y's dam is the elite, big numbered Milam Cattle Company donor, EXLR Blackcap115W, a daughter of EXAR Prime Star 70104. This female has always done an excellent job in production, but see for yourself with her double black/ double polled MAGS Xyloid daughter at side.

A daughter of GAR Predestined, bred in the Bobo Angus herd in Alabama. She ranks in the top 10% of the Angus breed for Milk, the top 20% for Marbling and \$QG.

She is pasture exposed to the \$23,000 valued bull, from the Woodside herd, New Market, Va.

ELCX

Bull Lease Program

If purchasing a bull is NOT an option for you at this time then the Edwards Family are offering a bull lease program. The agreement is at the end of the sale, you can pay 25% of your bid purchase price with a (minimum of \$800). This pays for a 90 day lease on the herd bull. After 90 days of using the bull if not returned to the the Edwards operation then you will be charged \$5 per day. If the bull loses more than 200 pounds while in your care, a \$1 per pound for each pound over 200 pounds will be added to your cost. It is the responsibility of the lessee for all transportation/hauling of the bulls.

For further details, please feel free to contact ...

If you are looking for a calving ease herd sire, that will add depth and spring of rib, with that show ring look, make sure you see Domino! Sired by the now deceased MAGS Winston, whose genetics are some of the most sate after in the Limousin breed. His dam AUTO Christy 889R has produced many champions over the years, for the Edward and Milam programs. He is homozygous black & polled, will ranking in the top 3% of the population for CEM, top10% for CED and MB. Domino will leave his mark on the breed!

SBLX Zane

BW: 62 lbs.;
WW: 670 lbs.;
YW: 1,035 lbs.

This mating has been one of the absolutely enjoyable ones to witness come to

fruition. The heifers look like elegant donor cows in the making and the bulls are stout and masculine, just like 619D pictured above. They are doing everything right in terms of look, disposition and functionality. Super sound, great footed and easy keeping. The Zane X Air Force One combination is one to watch for in the upcoming few years. It has already produced the top selling female for Owens Cattle Co at the TN Beef Agribition, who sold for \$7500 as a young heifer. We could write novels about the show winnings of Air Force One and Zane alike, however we will just let these superb progeny speak from themselves.

42

BW: 78 lbs.; WW: 645 lbs.; YW: 1,188 lbs.

A full brother to ELCX Cover Girl, this bull hits a homerun in terms of phenotype and pedigree. Double digit CED, .38 MB and in the top 20% for \$MTI puts this bull easily at the top of our preferred list. Being a Xyloid X Zane, makes him so intriguing and so practical. Both his sire and dam are exceptional individuals who are moderate framed, easy keeping and wonderfully constructed for the long haul. Study this bull and what he has to offer and we are confident that you won't be disappointed.

BW: 75 lbs.; WW: 691 lbs.; YW: 1,198 lbs.

ELCX Capital 983C is one that you absolutely need to tie to if you are looking for calving ease and marbling. 983C excels in in CEM, ranking in the 3%. Carcass wise, he is in the top1% for MB and posts a 71.92 \$MTI. With that being said, he doesn't give up any phenotypic power or masculinity. We have yet to have a Zane progeny that hasn't been ideal in their hoof shape and particularly sound. We would look forward to how these cattle are going to perform in other programs across the country.

With MAGS Y-Axis semen not being readily available, it is hard to let this one go. The Y-Axis progeny are no fail calving ease, not only from a weight standpoint but from a design perspective. His popularity is also due to the fact that both his daughters and sons are high quality and superbly functional. This homo/homo herd sire is out of MAGS Unlikely Candidate who is a daughter of the famous breed leaders Logans Cheerleader 280G. 618D is fault free in terms of structure, top shape and shoulder angle. He has endless possibilities in terms of the types of females he can be used on.

If you are a bull buyer who doesn't like any guesswork and have your homework done for you, here is your answer. As you study 507D's pedigree, there are over 4 generations of proven success and long term achievements. He is homozygous black, double polled and sired by AUTO Will Power. Three of our favorite Limousin females are found in his lineage, AUTO Rebeca 292S, MAGS Gretchen and Bohi Rhonda. Data wise, he will work well on heifers and cows alike and inject some additional marbling.

Connealy Consensus has made one of the biggest impacts in the Angus breed that has been witnessed in the past 10 years, the cattle work in nearly every environment and are proving their longevity. We feel that in the Lim-Flex hybrid scenario, he has produced the type of cattle that our commercial and purebred customers can agree on. 622D is an 11 CED, -1.6 BW and in the top 1% for MB and top 2% for MTI. Those are certainly outlier numbers that you can work with and change a cowherd in one generation

MINE PLD Net Worth 8043U, dam of Lot 88.

BW: 78 lbs.; WW: 625 lbs.; YW: 1,216 lbs.

The options are endless with ELCX Caution 043C, his data profile allows you as a producer to use him on nearly any female and yield desirable results. A direct son of MINE PLD Net Worth 8043U, he comes with the added security of being backed by one the very best cow families in the breed. As you look into this AUTO Will Power sons statistical alignment, you will see that he is a balanced trait sire that ranges from an 8 CED to a 106 YW.

ELCX Outback 152C was named with the end product in mind, rightfully so. His marbling and CW data indicates extreme profitability on the rail. This is a young sire that you can invest in, knowing that you returns will be plentiful as his calves hit market weight. He is a 62% Lim-Flex that is homozygous black, on the right set of Angus based cows, there is a high probability that his progeny will hit the mark for the CAB program. Adversely, with the cow power in his pedigree through the influence of AUTO Elite 270F, we wouldn't hesitate to retain replacement females as well.

The dam of this outstanding young bull is RVDR Winning Extra 1941 W who is a EF Smack Down 764S daughter and is homozygous polled and double black. She has been a tremendous female for us and has generated several progeny that have we have marketed to our valuable customers. ELCX Darwin 194D is sired by WLR Game of Thrones, who immediately went from being one of the most talked about new bulls on the market to siring show winners across the country. He is a unique individual who has read with a exceptional quality since day 1.

Extra is sired by the ABS sire, Nichols Extra K205. He is a time-tested curve bender, offering a very complete high accuracy EPD profile and top 10% SW Index. His dam Springfield Rita, traces back to GAR Predestined, and Rito 2 878 of 2536 BVND 878. If you study Angus pedigrees you know this cow has two legends of the Angus breed in her tabulation, GAR Precision 2536 and Rita 5H11 of 1B14 Rito 9J9.

Here is a full sister to ELC on Point C558. They both are the results of blending Connealy Consensus with MYTTY In Focus. She is moderate in her frame and is very easy in her condition. She ranks in the top 2% of the breed for CED, top 10% for MARB and SQG, top 15% for SG, top 20% for WB and SC and top 25% for SEN and \$W. Buying into this young female with her powerful pedigree and extreme numbers makes for a very smart investment.
