QUALITY IN VOLUME

Welcome to Sullivan Farms!

A special thank you for taking the time to review our genetic offering. We welcome you to beautiful Iowa in October. The fall weather is fantastic and we strive to produce a quality offering that appeals to a wide variety of customers with a strong focus on results, not excuses. We produce cattle that are bred for the long haul from dominant cow families. Balance and quality describes our breeding program.

This year's offering includes the complete dispersal of our Hereford and Club Calf influenced genetics. The Hereford dispersal is of elite, breed leading quality. The results of the progeny from the cattle speak for themselves. In limited production they have produced volumes of champions and breeding pieces, generally producing 30-50 Hereford calves each year on the farm. Now, it's time to produce these great genetics in more of a volume. The results will be phenomenal for the new owners.

Many of the black, Club Calf cows have the ability to produce state fair quality champions. Most have not been pushed in ET nor given the opportunity to reach their potential. Come take a look at the quality of both offerings.

We certainly have the passion for producing great cattle and this will not change. However, the pressure to run so many breed contemporary groups while trying to stay on the top bull genetics in so many breeds has spread us too thin. Raising quality in volume will remain at Sullivan Farms with just a few less breeds.

This year, our open heifer division may be our deepest yet. The success from this division at all prices can be viewed on pages 52 - 53 has been phenomenal. Year after year, good cow families with predictable genetics have proven volumes of success.

A special thanks to the farm crew and my family. You are truly the best.

If we can do anything for you or answer any questions, please do not hesitate to contact us.

- Bred to SULL Brilliance 9515 (ANGUS); due February 21, 2017.
- A moderate, stout, sound Foundation Simmental female with donor cow potential. She is hard to let go of but we wanted to offer a high caliber bred heifer.
- The One Eyed Jack progeny are making a name for themselves, producing sound, loose structured Simmental cattle that have a show ring look.

MAINTAINER/CHIANINA

- Bred to Silveiras Style 9303; due January 8, 2017.

- A maternally made female that is a'd early to Silveiras Style. This will be an interesting mating, also making the calf a registerable MaineTainer. This will be a wise investment.

- We purchased this young elegant female from Tracy Goretska. She is an example of the depth of quality you can expect from us at Sullivan Farms. Her dam is a Brilliance/Who Da Man of Dan Heindel's.

GENERAL SALE INFORMATION

Terms: The terms of the sale are cash or check payable to Sullivan Farms. Payment to be made to the clerk immediately following the sale and before the cattle are removed from Sullivan Farms. Purchasers or their representative must sign the bill of sale prior to leaving the sale site.

Insurance will be available for your purchase at the sale through Stuart Wilson or Sheila Jensen. Contact either their representative or the clerk at the settlement desk.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date, and cattle born at Sullivan Farms have been vaccinated.

Semen Rights: We are retaining an in-herd semen use on all bulls selling in the Maternal Legends Sale.

Genetic Conditions: All Purebred Shorthorns have been tested or are free by pedigree. All genetic conditions that Sullivan Farms has received results on will be on a supplement sheet sale day.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Announcements made sale day will take precedence over printed material in this catalog.

Breeding Update/Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

ASA Breeding Guarantee: All animals sell guaranteed to be fertile. Exceptions 1) Disease, or injury occurring after purchase; 2) Bulls being run with the herd prior to 14 months of age. Sullivan Farms will guarantee open heifers to breed; however, please keep in mind that animal conditions influence fertility greatly. If there is a problem, we would want the females to be returned to us to be bred. Open heifers that have been transplanted are not guaranteed. In the event that an animal will not settle with the efforts of the buyer and seller, a sale credit in the amount of the purchase price will be issued to the buyer that can be used at any time on any animal, flush, semen or embryos sold by Sullivan Farms.

Flushes & DNA: Sullivan Farms reserves one flush of eight or more grade 1 or 2 embryos at our expense on all females selling. Sullivan Farms retains at our expense the opportunity to obtain a DNA cell line for cloning purposes on all cattle selling in this sale.

Embryos: Guarantee one pregnancy on each package of embryos sold if implanted by a certified technician. If a pregnancy is not confirmed, an additional embryo will be received.

Retained Flushes: Flushes to take place at the convenience of the buyer at a location of their choice. We will pay all normal costs associated with the flush. Animals may be returned here for transplant if buyer desires at no cost.

- Bred to C Miles McKee; due February 24, 2017.
- One of the most dominate show heifers of the Hereford breed. Now she is exceling just as we expected her to as a donor. In Her first calf crop she raised a \$100,000 Hometown 10Y daughter. The next year she raised a \$60,000 Miles McKee daughter that went on to be a two-time Denver Horned Champion Female in 2015 and 2016 for Trent Ray. On the 2015 Maternal Legends Sale she had a Who Maker daughter that sold for \$80,000. This cow does it all! Wait until you see her Miles McKee daughters selling as Lots 143a-143g on this year's sale.
- Her dam TCC Miss Shelby 82 and granddam LCC Tow Timin 438 (Harley) were both National Champions.
- A big time egg producer, she has been IVF'd 45 times for a total of 297 embryos.

The Shorthorn Foundation female has become a tradition to raise money for Shorthorn Junior Nationals. Breeders have donated heifers where 100% of the proceeds goes toward Junior Nationals.

A huge thank you goes out to Greenhorn Cattle Company and Turner Family Shorthorns. A tremendous breeding piece and show prospect, this years Foundation Heifer hails from one of the breed's most admired and prolific cow families – The QUEENS! Sired by the breeding sensation SULL Red Blood ET.

2 Vintage Shorthorn Sign

Thank you Bakenhus Family, NE for your donation.

VALUE - PRICELESS

Here is your chance to purchase a piece of Shorthorn history with your very own vintage sign. This would look fantastic hanging near a sale ring, in a show barn or better yet, out by the road next to your farm sign. A full sib to this sign sold in Denver for \$900. Proceeds from this lot go to the National Shorthorn Lassies.

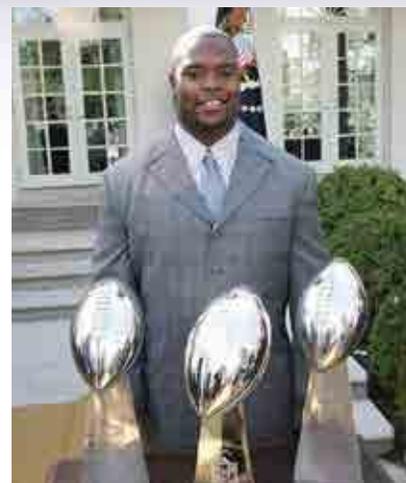

3 Chicago Bulls Tickets

Thank you Mark Gordon, Rockin' G Land & Cattle for your donation.

VALUE - \$600

Four tickets to the infamous Chicago Bulls! Any regular season game. Just need to know which game at least a month prior to the game. The sooner the better. Donated by a long time, strong supporter of the Junior Association and ASA Board Member, Mr. Mark Gordon. Any home, regular season game is available.

4 Tyron Warren Signed Jersey

Thank you to Tyron Warren for your donation.

VALUE - \$250

Tyron Warren played defensive tackle for Texas A&M in college. After that his career continued into the NFL when he played for both the New England Patriots and the Denver Broncos. He was the first round draft pick for the New England Patriots in 2003. He is a two time Super Bowl Champion.

5 Purina Package

Thank you Land O'Lakes/Purina for your donation.

VALUE - \$500

This is a \$500 gift certificate redeemable at any Purina Mills feed store location. It can be used on any show feed or highly successful Purina supplements. Show Chow is the choice of champions and is fed by many of the top cattle operations in the country today.

18 Trans Ova Package

Thank you Trans Ova Genetics
for your donation.

www.transova.com

VALUE - \$775

Breeders who choose to use IVF technology have the opportunity to obtain more offspring from valuable females in their herd similar to the benefit of embryo transfer. Many breeders do not realize however, the additional benefits when using IVF such as the ability to sex-sort previously frozen semen as well as use sorted frozen semen and conventional semen in the IVF fertilization process.

19 Sunglo Show Feeds & Feed Supplement Package

Thank you Sunglo for your donation.

VALUE - \$1,050

Sunglo Feeds wholeheartedly believes in Feeding their Potential whether that is the animal at stake or the exhibitor in the ring. 21 SCI Creations Ad Design

Thank you Stephanie Steck for your donation.

VALUE - \$650

SCI is thrilled to be assisting in the National Junior Shorthorn Show in it's efforts to fund-raise for the 2017 Shorthorn Junior National & Youth Expo. Stephanie Steck & her family (Craig, husband & Keagan, son) know first hand the countless hours and finances needed to host this outstanding event. They have been involved in the Shorthorn youth program for years and are committed to it's future success. They feel it is very important to give back to the program that has given them so much. It is their pleasure to donate a logo design & one page ad design for any progressive breeder to take advantage of. Set your operation apart from the rest with a recognizable logo to boost your brand. Then put it in print to get noticed!

The Tradition Continues...

The American Junior Shorthorn Association has started a great program where they ask the exhibitor of the Grand Champion Purebred Female and the Grand Champion ShorthornPlus Female from the National Junior Shorthorn Heifer Show to voluntarily donate a flush. This year, both exhibitors were excited to participate. What a great way for our Junior Members to give back and appreciate their success!
