Lim-Flex (54%) Bull 03.16.2016 Double Polled (not tested) Homozygous Black  
BW: 74 lbs. Adj. WW: 669 lbs. Current Weight: 1,060 lbs. Scrotal: 36 cm

### LOT 1 ~ PBRS Doc Holiday 698D

Love at first site really does exist, the moment we laid our eyes on the dam of Doc Holliday, we knew the future would be rewarding and we just needed to hold on for the ride she was going to take our program on. AUTO Ajay, is for lack of better words "big time," the amount of dimension she carries on a perfectly engineered skeleton is remarkable. She is such high quality, that we can breed her in many different directions depending on the scenario and end up with phenomenal heifers and bull. Perfect example being his full-sister who sold to J6 Ranch/Ben Spencer just here recently in the Pinegar production sale for \$16,000.

You can't help but admire how ideal the framework is on these flushmates and how flawlessly patterned they are. If you appreciate moderate cattle, who are easy fleshing and have all the right skeletal angles, than these three are your kind.

Lim-Flex (54%) Bull 03.10.2016 Double Polled (not tested) Homozygous Black  
BW: 73 lbs. Adj. WW: 666 lbs. Current Weight: 1,055 lbs. Scrotal: 35 cm

### LOT 2 ~ PBRS Maverick 6114D

PBRS Maverick is a direct son of AUTO Ajay, one of our lead-off donors who is destined to make a serious impact on our program and on the breed at this rate. Sired by, MAGS Aviator the syndicated sire that was a past member of Magness's Denver winning pen who is now becoming one of the the phenotype go-to bulls in the industry. This mating is clearly one of the most intriguing and anticipated ones that we have ever produced.

6114D steps down on a substantial foot, has a powerful hip working in him, yet still gives you the balance and soft look of a high quality Lim-Flex Sire. Then to top it off, he is in the top 5% of the breed for MB and top 10% for SMTI.

Lim-Flex (54%) Bull 03.02.2016 Double Polled (not tested) Homozygous Black  
BW: 68 lbs. Adj. WW: 625 lbs. Current Weight: 1,065 lbs. Scrotal: 38 cm
